BOWLING

Will Enter In Intermediate Fours at National Regatta at Detroit This Week-Second Day of the Regatta Was Ahead of All Others In Attendance.

Under auspices more favorable than ver before, the Windsor Racing Associa-ion began on Saturday afternoon its Winner meeting. Nears in the history ever before, the Windsor Racing Association began on Saturday afternoon its summer meeting. Never in the history of the track was the attendance larger. The crowd taxed the recently enlarged plant to its utmost capacity.

Green Seal, owned by the St. James Stable, was successful in the Frontier Handicap, the stake offering of a good The handicap carried a net value

card. The handicap carried a net value of \$1,535 to the winner and attracted seven of the best racers in training here-abouts. Hanbridge, although conceding weight to his opponents, was considered best and enjoyed the honors of favorit-ism. He enouraged his backers by fol-lowing Green Seal closely for three-quar-ters and made a determined bid for the lead just before reaching the stretch. Green Seal, however, after a slight shak-ing up, drew out again and passed the finish with nearly two lengths to spare. Old Honesty, after overcoming much in-terference, stood a hard stretch drive rourageously and held<sup>2</sup> the other's asfa for third. The start of the race was ragged. score of 174. T. Murphy, of the A. M. C., looks like a comer in the sprinting world. He turned out with the Senior Harriers of the Y. M. C. A. on Friday and ran a fast 110 yards in the relay race, as did also his team mate, Kehoe. It is ex-pected that Murphy will be in good thape by fall and ought to do some-thing. The Senior Harriers have a num-bre of good runners, and they are prac-ticing steadily ever y night, and will no doubt win a number of prizes in races that will soon be run off. Weather conductors was hardly ever ruffled even by the moderate breeze of Satur-day. J. F. Cosgrave, of the Argos, was the hero and chief individual prize winner, carrying off the junior, intermediate and senior singles in grant style, beating in the senior event such men as Gordon of Philadelphi, Shepherd of New York, and Laing of Vancouver. The last named deserved better luck after his coming four's win was also popular, and the Yankees, were made to feel among friends.

R. C. crew of 1909 broke two records, the only ones lowered in the Henley Regat ta of that year. The local boys have urned out to be a credit to Hamilton and too much cannot be said in their

praise. For a three years' old club their showing was wonderful, and their speed strength and endurance proved a big surprise to the other clubs. For the past ten years Hamilton has simply not been n the map as a rowing town, and the other crews at the Henley regatta had not taken them into their calculations

as winners, let alone record breakers. After their remarkable race on Friday, when they covered the course, with the turn, in nine minutes and nine seconds, lowering the record by ten seconds, the boys were held in a different light al-

together. There can be no doubt but that the There can be no doubt but that the success which attended the efforts of the H. R. C. at the regatta this year will lend the proper impetus to the club and make it what it really should be, one of the largest and most popular clubs in Hamilton. Rowing is one of the grandest sports in the world, and no more exciting race can be seen than a contest between three well trained and stalwart crews: exerting themealtes to

### **OPINION OF AN EXPERT.**

The following conversation which took place Saturday evening be-tween Vivian Nickalls, the famous coach of the Detroit Rowing Club, and one time champion annateur sculler, and the Sporting Editor of the Times, shows an expert's opinion of the Hamilton rew: "Well, Mr. Nickalls, what do you think of the Hamilton four?"

"A fine crew, in fact, I think they were about the best four at the re-

"What chance have they to win at the National Regatta at Detroit?" "What chance have they to win at the National Regatta at Detroit?" "They should win. If they don't I shall be very much surprised. The racing there is all on a straightaway course, and that will eliminate the only weak poit in the Hamilton crew—their steering." Such an emphatic statement as this, coming from a man who has him-self rowed at the famous English Henley on the Thames, can be relied

upoa

Mr. A. W. Walker, of Philadelphia, who is always a popular judge at the Royal Canadian Henley, also spoke very highly of the Hamilton crew. "They entered the race as dark horses, but proved themselves wor-thy opponents of the best on the continent."

Mr. Walker is the best known amateur rowing official in Canada, and is very popular with all the crews. He is president of the American Henley and officiates in many of the American college regattas.

Iton, whether any of these automages, entered the contests and came off as well as any who competed there. In the working boat race on Satur-day, in which the two Hamilton crews were entered, they simply walked away with the event, the local boys finishing first and second. The St. Catharines four were never in the race, and without be-ing forced to pull hard to win the Ham-ilton team crossed the tape in 9.41, breaking the working boat record by several seconds. SCRAP TALK

Chicago, Aug. 3.—Jack Johnson, pug-ilist champion, made the retort courte-ous to Jim Jeffries yesterday, by an-nouncing that the latter must, before The Times has a fresh supply

ous to Jim Jeffries yesterday, by announcing that the latter must, before he leaves for Europe, set a time and place for meeting, where articles can be drawn up and other details fixed. Johnson wants to meet Jeffries in person before the two meet in the ring. Johnson announced that he would post a forfeit of \$5,000 through his manager today. He himself left for Detroit last night. The \$10,000 cheque which he is supposed to have had up has been cancelled. Johnson goes to Toronto to-morrow, and after that to New York, where he hopes to meet Jeffries before he sails. Johnson did not seem confident while here that Jeffries would agree to fight, as he believed that his riral would make terms so exacting as to make a meeting between the two impossible. George Lytle, backer of Johnson, to-day posted \$3,000 forfeit with a local sporting writer to cover the sum already put up by Jeffries.

ed this evening that Jack Johnson had posted \$5,000 in Chicago to-day to bind a match with Jeffries for the heavy-weight championahis. As to a report that Johnson wants Jef-fries to agree to the time and place for the match before the latter goes abroad. Berger said: "How can Jeffries name any time or place for the fight-parti-cularly a place-before a bid has been received from a promoter? We would like to know when and where as well as Johnson, but we are not mind readers. "If Johnson means business," he con-tinued, "he should come here to New York as soon as the bids for tha fight-are in, and he and myself will go ove. them, and anything that looks reason-ably good to us we will accept. Jeffries is dealing with Johnson and the public in good faith. He only wants what is fair and reasonable. Any other champion-would have demanded 90 per cent. of the gate or purse, but he is good enough to say that Johnson shall have a loser's end. No, I won't say how much it will be, but it will repay him for training expenses, even-well, even ji it does not for the beating he will surely get."

day posted 33,000 forfeit with a local sporting writer to cover the sum already put up by Jeffries. New York, Aug. 3.—Sam Berger, man-ager of James J. Jeffries, expressed con-siderable delight, and said: "Well, I died just as he knelt to lead the school guess there'll be a fight," when inform-
