## Garmany's New Cabinet Ready To Start Work

Berlin, June 22-After nine days of deliberations and conferences Ger many's new governmental constellation appears to have been brought into being. It will, as has been more or less evident for a day or two past consist of the Centre Party, the Ger man People's Party and the Demo crats. The new government will be under Febrenbach, president of the defunct National Assembly, as Chan cellor. The Coalition counts 175 votes in a house of 466, so it has not a clear majority out no other politica. alliance has been, or doubtless will be, the recipient, at first at any rate of the support of the majority Social ists and the Conservatives the idea being to give the Government as much authority as possible in connection with the Spa conference.

To-morrow the final programme will be drawn up. Fehrenbach will then be officially nominated Chancellor, Monday the work of cabinetmaking will begin an the new administration will present itself be-

in favor of which most members /of that party expressed themselves dur-ing elections. The Democrats would not be satisfied with the declaration that it was possible for the ministers to serve in a Republican Government and yet be monarchists. The Democrats insist on something more de figite, and in the end the People's Party agreed to state they would stand by the Republican constitution and conduct no monarchist progaganfore the Reichstag at the first meeting of that body on Thursday. The of the Coalition parties. final difficulty to be overcome in the

creation of the new block was the attitude of the People's Party to BUY AT HOME

## The Act in Brief

The present Prohibition Act legislates against the sale of intoxicating liquors for beverage purposes, and only allows it for manufacturing, Sacramental and medicinal purposes

The Act also provides for enforcement of the law and penalties for violation.

This Act was a war-time measure and the Government now wish to know from the electors whether they want Prohibition continued or not.

## We Know Its Faults

The Act is weak in that it allows too much latitude in the case of doctors, druggists and vendors who have practically the dispensing of liquors within their own

## Stop Importation Our Next Move

Authority to Prevent the Importation of Liquor into the Province does not rest with the Provincial, but with our Dominion Government, which has already stated that a vote may be taken on the question in New Brunswick, on the recommendation of the Legislature. If the result at the coming election satisfies them that the people actually want Prohibition-we are sure to get it.
