### Rheumatic Sufferers

#### May Obtain Relief by Enriching the Blood Supply

In the days of our fathers and grandfathers, rheumatism was thought to be the unavoidable penalty of middle life and old age. Most every elderly person had rheumatism, as well as many young people. It was thought that rheumatism was the mere effect of exposure to cold and damp, and it was treated with liniments and hot applications, which sometimes gave temporary relief, but did not remove the trouble. In those days there were many cripples. Now, medical science understands that rheumatism is a disease of the blood and that with good, rich, red blood any man or woman of any age can defy rheumatism. There are many elderly people who have never felt a twinge of rheumatism, and many who have conquered it by simply keeping their blood rich and pure. The blood enriching qualities of Dr. Williams' Pink Pills is becoming every year more widely known and the more general use of these pills has robbed rheumatism of its terrors. At the first sign of poor blood, which is shown by loss of appetite, dull skin and dim eyes, protect yourself against further ravages of disease by taking Dr. Williams' Pink Pills. They have helped thousands—if you give them a fair trial they will not disappoint you.

You can get these pills from any dealer in medicine or by mail postpaid, at 50c a box, from the Dr. Williams Medicine Co., Brockville, Ont.

### Sending Business Out Of Town

Advertising makes a town, therefore, the men who do the advertising of any town are the makers of it, and should have the credit for doing so. In this, as in all towns there are some non-advertisers—men who do business, or try to with never a cent spent for advertising. These fellows get part of the benefit from their progressive neighbor's advertising, therefore, in a sense they are mooching on their neighbor's investments. When you come to town to spend your money you should always try to trade with the firm that spends its money freely for advertising, for that is the kind of people that make your town and keep it going. The people are rapidly learning that it pays to trade where they are invited, and many will shun the store that does not think enough of their business to solicit same. ### INCREASED COMPENSATION RATE OPPOSED

The New Brunswick Lumbermen's Association is to make an organized protest against the recent increase in assessment on the industry of lumber and allied industries, which increase amounted to four percent under the Workmen's Compensation Act. Arrangement has been made for Premier Veniot to meet the members of the Association on Sept. 4th when a conference will be held. The Association has been circularized by its executive and a large attendance is expected for the conference with the Premier. The action on the part of the lumbermen is not unexpected as it was known some time ago when the increase first was rumored, that an organized protest was likely.

### Here and There

Nearly four thousand men were recruited by the Canadian Pacific Railway agents in England for work in the harvest fields of the Canadian West.

A sudden demand for wheat in Scandinavian markets has caused increased activity in the movement of grain through Vancouver. Four boats left with bulk wheat for ports of Norway and Sweden, marking the first direct grain shipments from the Canadian Pacific coast to Scandinavia.

The rapid increase in the export butter trade of Saskatchewan during the past year or two has been the outstanding feature of the provincial dairy industry. Recently the Saskatchewan Co-operative Creameries made a shipment of 25,000 lbs. of butter to China.

The export of gold bullion, gold coin, and fine gold bars from Canada, except as deemed advisable by the Minister of Finance, and as licensed by him, is prohibited until July 1, 1924, by proclamation issued in the current issue of the Canada Gazette.

Breaking all 1923 passenger traffic records, the Canadian Pacific S.S. "Metagama," westbound from Glasgow via Belfast, docked recently at Quebec, and Montreal the same evening, with a record number of 3,2 cabin and 1,073 third-class passengers.

"There are hundreds of first class farm workers in Scotland anxious to come to Canada, and the finest material Canada could wish for, but their wages are sufficient to barely support them and they are unable to accumulate funds for the passage." This is the opinion of Thomas Scotland, of the Canadian Pacific Railway Colonization and Development office in Glasgow, who recently arrived in Canada with a party of Scotch immigrants bound for the western provinces.

To J. K. L. Ross, director of the Canadian Pacific Railway, goes the honor of catching the world's record fish with rod and reel. At St. Ann's Bay, N.S., he landed a tuna weighing 712 pounds; length, 9 feet 2 inches; girth, 6 feet. Commander Ross used a Vom Hofe tuna rod and reel, No. 39 thread line, with mackerel for bait. His catch took three and a quarter hours to land.

The world's wheat crop this year is estimated at 3,313,000,000 bushels, as compared with 3,104,000,000 bushels last year, an increase of 214,000,000 bushels, according to figures carefully compiled by the International Institute of Agriculture at Rome. The estimated shipments from supply countries of the world for this year is 690,000,000 bushels, of which Canada is expected to supply 290,000,000 bushels, or about one-third.

Canadian trade with Australia is on the increase, according to returns made public by the Bureau of Statistics. Canadian exports to Australia for the twelve months ending with June were \$19,524,239 as compared with \$12,200,463 for the corresponding period ending June, 1922. Canada's imports from the Commonwealth have also increased. The imports from Australia for the last twelve months were \$1,545,829, as compared with \$1,275,871 for the year previous.

### GERMAN GOVT. IS FACING DESPERATE SITUATION NOW

The financial and political situation facing the new German Government must be regarded as well nigh desperate. Dr. Rudolph Hilferding, the Minister of Finance, declared in addressing the budget committee of the Reichstag.

Not only is the federal government required to cover its own deficit, he said, but also the deficits of all the federal states and many of the companies, otherwise, the

whole, administration would break down. He criticized the Reichbank for attempting to support the falling mark with insufficient means, and complained that private firms were issuing emergency currency without the consent of the Reichsbank.

The payments in execution of the peace treaty increased from 450 billion marks in January to four trillion marks in July, Dr. Hilferding asserted, and these would be considerably increased in the present month. The deficit in the operation of the state railways alone, he added, amounted to 450 billion marks. He concluded by declaring it impossible to balance the budget even with the proposed heavy increase in taxation.

### MEMORIAL STAMP

The Postmaster-General of the United States is preparing a Harding memorial two-cent stamp, to be issued next month. The stamps now in use will be continued, but there will be two other designs of two-cent stamps in circulation—both red, and each with George Washington's portrait—the old and the new issues. Also any postage stamp ever issued by the Government is good for use to-day.

### Better Cakes

BECAUSE Beaver Flour blends the light, delicate qualities of Ontario winter wheat with the strength of Western hard wheat, it makes lighter, whiter and more delicious cakes than any other flour you can buy. This blending makes Beaver Flour ideal for cakes, pastry and bread.
