## Cuban Flag Lowered and Taft is Governor

### Proclamation Issued Today. --- Occupation Only Until Peace is Assured.

Havana, Sept. 29.—U.S. Secretary for War Taft was today proclaimed provisional governor, now in control of Cuban affairs. The proclamation is moderate and states that the provisional government will only continue until peace has been restored and a permanent government in which the people have confidence has been elected. The Cuban flag has not been lowered. Cubans of all classes are satisfied with the U.S. intervention and there have been no disturbances.

Havana, Sept. 29.—American intervention takes place tomorrow. Taft will be military governor. Marines will be landed from the ships in the harbor.

Havana, Sept. 29.—It is reported that the rebels have fired on a government force near the Toledo plantation, south of Mariano, in the province of Havana, and that they also attacked the plant at Mariano, Havana city.

Havana, Sept. 29.—The Cuban republic tonight stands on the verge of a second period of American intervention. The Moderate party, which six weeks ago was in control of every office in the district, tonight is determined to abdicate everything, and compel the United States to intervene. In fact, every government official from President Palma down is anxious to force such intervention, rather than yield to any of the terms offered by the Liberal party and those in arms against the government.

The Liberal leaders characterize the conduct of the government as treason, while Secretary Taft considers it a dishonorable attempt to force the hand of the United States into intervention. This is precisely what the administration has been most anxious to avoid. With either party installed in power, there would still remain a condition of deplorable dissatisfaction, and there is nothing to promise relief but the full control of the United States.

Secretary Taft and Secretary of

## Hamar Greenwood

### Entertained by Calgary People Yesterday. --- Will Be in Town This Afternoon

Hamar Greenwood, the clever young Canadian member of the British House of Commons, who occupies the position of parliamentary secretary for the secretary of state for the colonies, will arrive in the city by the C. P. R. this afternoon. He spent yesterday in Calgary, where a number of citizens entertained him at an informal luncheon vmbfg'q vbgkjq vbmal dinner at the Alexandra Hall.

State Bacon informed the Associated Press this afternoon that they were thoroughly disgusted with the petty methods of the government leaders here, and the American commissioners admitted that they had practically abandoned their efforts to bring peace from the turmoil unless by the use of force.

Mr. Taft said: "The government of the island, instead of cooperating with us to save the republic, have resorted to every kind of obstruction, with the object of continuing their control of the administration. President Palma and his advisers have rejected terms of peace which were proposed to them, though in the form of a compromise with their opponents. We are still striving to arrange a settlement, and we trust the American people will give us credit for doing everything possible to accomplish a settlement, without recourse to force. I cannot say that I am hopeful, for I have never known a more disgusting situation. Investigation convinces us that the elections were thoroughly rotten. We do not want to intervene, but conditions as they stand necessitate it."

All the members of the cabinet and the house of the departments have presented their resignation to President Palma. He has accepted.

## CONCRETE RESULTS OF MANUFACTURERS VISIT

### President and Past President of the Association Announce that Many New Enterprises Will be Established in Edmonton in the Near Future

The Canadian Manufacturers' Association, 160 strong arrived in the city at 2 o'clock and are spending the afternoon driving about the city.

It was just 11 o'clock when the eleven car special train carrying the party pulled into the depot at Strathcona. Accompanying them was the Edmonton committee who went down to Red Deer last night to meet them. They were met at the depot by the Strathcona city council and board of trade who conducted them to the Grandin street public school where were a very handsome display of native products, grains, grasses, etc., as well as a fine exhibit of furs and manufactured products. The Edmonton Brewery, The Brackman-Ker Company, The Edmonton Milling Company and other industrial enterprises had handsome displays of their goods which was given careful attention.

Several parties of manufacturers took advantage of the hour or two at their disposal to drive about the sister towns and surrounding country and at 12:30 all assembled at the train for lunch, which was disposed of within the hour and the drive to Edmonton begun. Every rig, automobile and conveyance of every description is in commission this afternoon for the benefit of the manufacturers.

Harry Cookshut of the Cookshut

Plow Company and president of the Manufacturers' Association had a busy time meeting board of trade representatives and others, but he had a few minutes to spare for the newspaper man immediately after the train arrived.

"We are considering establishing a branch in Edmonton," he said, "and will probably build a large warehouse there in the near future. We recognize that Edmonton is the distributing centre for this country. In fact I think that all the manufacturers do and I believe that the railroad development now going forward is going to make it necessary for a great many of them to establish warehouses in your city.

This trip has done a great deal for the manufacturers and for the towns which we have visited. It gives us an opportunity to get acquainted with the country and the conditions so that we the association last year. He is familiar with the west and western conditions.

C. C. Ballantyne, of the Sherwin-Williams Paint Co., was president of the association last year. He is familiar with the west and western conditions.

"We have a large warehouse in Winnipeg now and we have purchased two acres of land out near the C.P.R. shops where we propose building a paint factory and linseed oil mill. Man-

toba and Northwestern flax-seed makes the best paint oil in the world, and we propose making our goods right where the flax grows. Of course everything else will have to be brought there, but the local supply of flax will over balance that.

"Of course we also have to build warehouses in Edmonton, and one of the principal ideas of my trip up here was to make arrangements for one here. We already carry a stock in Calgary, but there is a large country directly contributory to Edmonton, which cannot be economically supplied from other points."

"I do not think," continued Mr. Ballantyne, "that the farmers of the west are paying half enough attention to flax. Flax growing pays better than wheat growing, and this country grows the best flax. The average price for Manitoba flax at the Fort William elevator last year, was 1.14 cents a bushel. The consumption of flax in Canada for the year was 2,000,000 bushels but only half a million bushels of that was grown in Canada. The balance comes mostly from North and South Dakota and is of inferior quality. There is a tax of 25 cents per bushel on flax going into the United States, but American flax comes into Canada duty free."

"How would a flax mill do here?" Mr. Ballantyne was asked.

"No reason why the flax milling industry should not be established in Edmonton. This should be the best point for the business."

The party leaves for the east over the C.N.R.

## Nearly One Hundred Lives Lost in Southern Storm

### Where did Wheat Go? Craft of All Kinds Driven Ashore.--Waves Six Feet High Rolled Along Streets of Mobile.

### Claimed That 1,000,000 Bushels of Manitoba Wheat was Lost Last Year in Transit

Toronto, Sept. 28.—Evidence taken today by the grain commission was largely a repetition of that of previous days, particularly with reference to complaints of shortages in weights and car supplies. A feature of the afternoon's evidence was the statement by W. C. Band of Toronto that there was a shortage of about 2 per cent on grain between Fort William and the Old Country. The chairman of the commission, Mr. Miller, figured that on this basis the loss on Manitoba exports last year must have amounted to about 1,000,000 bushels, as about 50,000,000 bushels were sent across the sea. "A portion of this was regarded as natural loss, not benefiting anybody, but where the remainder of the shortage came in neither the commission nor Mr. Band ventured an opinion. The Inspection Act should be changed, Mr. Band thought, so as to provide that inspectors of Manitoba grain east of Fort William should inspect it at the seaboard. Mr. Alex. Cavanaugh, Toronto, said one reason why Canadian grain was exported by way of American ports was because by the time Manitoba wheat could arrive in Montreal all the ocean space there was taken by American grain and there was no accommodation for Canadian wheat.

(Bulletin Special)  
Mobile, Ala., Sept. 29.—A revised list of the dead as a result of Wednesday night's storm shows that between 75 and 100 lives were lost. The property damage in this city is placed at three million dollars. Shipping suffered severely all along the coast, crafts of all kinds being driven ashore and wrecked, costing many lives. Waves six feet high were driven three blocks into the city.

PROVINCIAL APPOINTMENTS.  
Four important appointments were made by the provincial executive today. W. S. Robertson has been appointed sheriff for the Edmonton district, Alex Taylor, acting clerk of the court. For the Wetaskwin judicial district A. R. Dixon is appointed sheriff and Mr. Forbes, clerk of the court.

MORE C. P. R. BOATS  
(Bulletin Special)

Montreal, Sept. 29.—Sir Thomas Shaughnessy declares that new, faster and larger Empresses will be built in the near future and that a new Princess will be built by the Vancouver-Seattle line. It is emphasized in the declaration that St. John N.B. will be the winter harbor and if it is not ready in time the C. P. R. will use Halifax until it is.

## C.P.R. PROFITS GROW

Montreal, Sept. 29.—The C. P. R. gross earnings for August, 1906, were \$6,170,453 with working expenses \$3,707,873, leaving net profits of \$2,462,580. For August, 1905, the net profits were \$1,791,646 and for the two months ended August 31, 1906 the figures are as follows: Gross earnings \$2,136,420; working expenses \$7,381,330; net profits \$4,934,800. For the two months ended August 31, 1905, there was a net profit of \$3,429,424; the increase in net profits over the same period last year is therefore, for August \$670,938 and for the two months ended August 31, there was an increase of \$1,404,967.

## Bank Clerk Sent Up

### Kinistino Bank Robbery Has an Unexpected Finish. Young Bank Clerk Sent Up.

Before E. H. Desjar, J. P. Walter Desjar, Hickman, clerk in the Bank of Commerce at Kinistino, Saskatchewan, was charged Tuesday with the theft of \$300 on the evening of September 19. The accused pleaded not guilty.

Acting Manager Cady, of the bank, gave evidence as to the robbery, being located in a cash box along with the security box. He said he had placed the cash box in the treasury compartment of the safe, closing the door, but did not lock it. Afterwards he went out, leaving the accused in the bank. To test of his knowledge the accused had never left the bank. He saw the accused there when he returned and again went out, going into Hahoney's store. A Mr. Stevenson came in and said the bank had been robbed and the clerk not. He hurried out to the bank where the accused was holding his face which he said had been burned by shot. Accused opened the door with his key, and Mr. Cady rushed to the safe, finding the security box on the floor, but the cash box was missing. Putting the security box back into the safe, he shut the door and with the others, hurried round the building to search for the robbers. The accused stated two shots were fired as he came downstairs, and rushed to grab the thief, one of which narrowly missed his face. Mr. Cady found the bank revolver on the floor with two cartridges discharged. He afterwards secured all the help possible to search the district.

The first time he saw the cash box after the robbery was when he returned from lunch on Saturday afternoon. It was on the ledger desk. He recognized it at once. On opening the box and checking the contents, he found them intact, only the silver missing. He knew nothing of the finding of the box. When the accused came in he paid no attention to the box, although it was in full view. Hickman appeared agitated, but paid no attention to the box until his attention was drawn to it.

The accused had no questions to ask, but reserved any statement. The magistrate then committed Hickman to stand trial at the Prince Albert assizes.

## Had a Gala Day

### Five Thousand People at Vegreville Fair.—New Lodge of Masons Formed.

Vegreville, Sept. 28.—This has been a gala day for Vegreville. The fair that is in progress for two days together with the assembling of Masons from Northern Alberta has brought a great crowd to the enterprising little city. It is estimated that there were 5,000 people on the fair grounds today and all speak in the highest terms of the association in giving such splendid entertainment.

Judging of live stock and grains and vegetables was continued today and there were many special prizes given in all classes.

Everybody seems well satisfied and it is seldom that we see a happier lot of people than are gathered here today. It goes without saying that Vegreville and the Vermilion Valley and Beaver Lake Agricultural society have done themselves proud and it is an epoch in the history of Vegreville and the surrounding country.

Wheat Chief lodge of Master Masons was installed here last night by the Grand Lodge, District Deputy Grand Master R. A. Dickson of Wetaskwin was in charge, assisted by Grand Recorder C. H. Stewart Wade of Edmonton, Dr. A. E. Jamieson, master of Edmonton lodge No. 7, J. C. F. Bowen, master of Jasper lodge No. 14, and B. C. d'Easum, master of Victoria lodge No. 13, of Fort Saskatchewan.

Among those present from Edmonton were F. G. Grierson, Charles McDonald, J. L. Stutholm, Frank Bristow, W. Candy, J. J. Stewart, C. M. Watts, F. H. Barker and Dr. T. Roberts.

From Fort Saskatchewan were C. E. Hughes and W. C. Pallord.

After the ceremonies the members and their guests repaired to the Alberta hotel where a banquet was served.

Judge A. G. Harlan was toastmaster of the evening and gave a very interesting talk. He had prepared a list of toasts that were responded to by different guests.

The following officers were elected for the following year:  
A. G. Harlan, master; Reid, Sr. Warden; Goodwin, Jr. warden.  
Monday evenings of each month the lodge meeting will be held.  
F. L. Harris of Edmonton is in the city and registered at the Queen's.
