

So-Called Curtain Seconds!

That word "Seconds" frightens nobody away when we use it. It means goods that are not perfect, but the defects are found to be so slight as to be overshadowed by the

Tremendous Reductions of price.

We call the whole lot "Seconds" for short, though many of the Curtains are merely patterns that have been discontinued on account of increased cost of making.

They Came in Small Lots.

We bought them at a **Great Reduction** and in buying same you will pay less than the cost of manufacture.

MORE NEW ENGINES.—Two other locally built engines will leave the Reid Nfd. Co.'s shops about the end of the present month; these will be Nos. 62 and 114.

The Annual Meeting of the Collegian Football Club will be held on Tuesday evening next, 14th inst., at 9.15, in the Board of Trade Rooms. B. BUTLER, Acting Secretary.

BUSINESS ABOUT COMMENCING.—The R. N. Co.'s officials are now getting busy owing to the supplying of the spring trade, and from the small boy up to the general superintendent, are about taking off their coats preparatory to a "rust" summer.

107 YEARS OLD.—A copy of the London Times, dated November 8th, 1805, or approximately 107 years old, is now on exhibition in the window of Mr. F. Chesman's store on Water St. It is a Gazette Extraordinary edition of that journal and contains an account of the Battle of Trafalgar which took place on October 21st, 1805.

IS IT NOT SERIOUS?—To the average man who looks around himself, the resigning of so many good officials from the Police Force is a somewhat serious prospect. There are none rushing in to fill the vacancies, realizing that the wages paid by the picnic government is not sufficient to keep body and soul together, so that the meaning attached to the whole question is the falling away of a necessary factor to the upkeep of public weal. The thing is serious, and unless better pay is rated to those already holding positions on the staff—worse may follow.

WHAT ABOUT THAT TREAT?—Fifty dollars is a nice sum to win—even on mere speculation, so come along L. and give the boys that treat at Woods' you promised them, or possibly take us over to Toms.—Com.

SNOW BANKS YET.—Despite the summer weather we are enjoying in the city, with the total absence of the snow pile, there is yet a considerable amount of it countrywards, and even as near as Cove Road large banks of snow are along the way.

NEW HOTEL.—It is said that a new hotel with all up to date requirements will be erected at Topsail on or near the site of the little establishment which was burned the past winter, and owned by Mr. Joseph House, a victim of the Erna disaster.

BAD FOR HEALTH.—Residents living on the north side of Quidi Vidi Lake, complain loudly against the placing of night soil on fields near the roadway. This debris, they say, throws off most obnoxious odours, and the health of the neighborhood is endangered.

New Scheme of Naval Defence

Special to Evening Telegram.

LONDON, To-day. Under the new scheme of defence, initiated under Churchill, destroyers of the British Fleet commenced on May 1st a continuous patrol of the coasts of the United Kingdom. The north-east coast menaced as it is by the powerful fleet of the German empire necessarily must be closely guarded. There most of the modern powerful vessels of the Mosquito fleet, supported by submarines have been stationed. Heretofore two battle squadrons of the Home Fleet have had attached to them a destroyer flotilla with reserve flotillas at the naval bases, Devonport and the Nore. The new scheme provides that no destroyers are to be permanently attached to battle fleets. Instead the whole available forces have been organized into 8 flotillas, four being in full commission and four in reserve with nucleus crews. Of the four reserve flotillas the first and second are composed of 36 of the newest and most powerful vessels and will have their base at the new naval headquarters at Rosyth, on the east coast of Scotland, facing directly across to Germany, besides guarding the northern exit to the Atlantic, the third flotilla will have the base at Harwich, an east coast station, the fourth at Portland in the English channel, where they will be available for work on any coast. At each base named there will be one reserve flotilla while other destroyers will patrol other parts of the coast not covered by these. 165 destroyers are included in the new organization, besides 8 fast cruisers, 8 scouts, 8 depot repair ships. Of this number a third is assigned to the North Sea so that with 24 submarines with bases at Dundee and Harwich the coasts of England should be well guarded. Naval experts estimate the new scheme doubles effective strength of the advance guard along the eastern seaboard. With the exception of the fifth flotilla all the North Sea destroyers are driven by turbines and the majority burn oil.

Obituary.

MR. A. H. SEYMOUR, M. H. A., PASSES AWAY.

The many who knew Mr. A. H. Seymour were shocked Saturday night to hear of his death. Mr. Seymour had been in the Royal Victoria Hospital for some time suffering from a dangerous malady, but recent news from the patient was reassuring and the belief was that he would come through the effects of his operation successfully. His wife, however, was advised Saturday evening that her husband's illness had taken a dangerous turn and she was preparing to leave by yesterday's express when Saturday the sad news reached her of her husband's death.

Mr. Seymour was a native of St. John's, was in his 57th year. He served an apprenticeship of four years as draper with Messrs. Job Bros. & Co., and afterwards went into business for himself. In 1882 he was appointed engraving clerk in the House of Assembly and became also Secretary to Sir W. V. Whiteway, and later that same year received an appointment in the Harbor Grace Customs. In 1892 he was made Sheriff of the Northern District, and after 1897 when the Winter Government abolished that office he left his position. Some months later he was appointed Magistrate at Greenspond, and after the Liberal Government came into power in 1900, he was made District Judge of Harbor Grace.

In 1908 he resigned this office and contested Harbor Grace District and in the Spring election of 1909 he was returned as a member for Harbor Grace. He was made a member of the Agricultural Board. He resigned this last year and then proceeded to England to take charge of the exhibits of the Reid Nfd. Co. at the Festival of Empire. Mr. Seymour was well known by his pleasing, kindly disposition was well liked all over the country. He was a member of the Masonic Fraternity and a devoted adherent of the Church of England, and to his widow, sister, Mrs. George B. Harris, and his brother Mr. H. I. Seymour, of the Reid Nfd. Co., the Telegram tenders its deep sorrow.

JAMES GERALD DOOLEY.

Death visited Pleasantville yesterday morning, and to-day Mr. and Mrs. Dooley are lamenting the loss of their fourteen year old son, Gerald. Although not robust the deceased was active, and was attending St. Patrick's School last week and was around the farm with his father on Saturday. At 4 a.m. yesterday he awoke and called his parents saying that he felt very weak. Everything that loving hands could do was done. The medical attendant was summoned and the Rev. Dr. Kitchen administered to him the consolations of his church, and at 10.30 a.m. he breathed his last. His funeral will take place to-morrow afternoon. The Evening Telegram tenders its sympathy to his parents in their sad bereavement.

ERIC ROLLS.

It is with feelings of the most profound regret that we have to chronicle the passing away of little Eric, only son of William and Selma Rolls, in the seventh year of his age. The sad event occurred on Monday, the 6th inst., when surrounded by all that love and affection could do to minister to his closing hours, the soul of the dear child went peacefully forth to rest forever with Him who said, "Suffer the little children to come unto Me." During the brief period of his life Eric was a general favorite with those of his own age, and many adult persons took more than a passing interest in him. Grief over his early demise is general. To his mother and sisters, and to his father, who is at present at Sechart, British Columbia, the sympathy of old and young alike is given. The funeral takes place to-morrow. He will be borne to his last resting place by loving hands, and the body of their playmate and friend will be laid in the ground there to await the hour "When Christ shall gather the lambs to his bosom."
Channel, May 8th.
