Ferry Sunk.

Yesterday morning the s.s. Beatrice eft Mullaly & Co's. wharf to proceed to Sydney, and in backing off from the pier crossed the harbor. The ship was going at a quick rate when, seeing that she would likely damage some of the south side wharves, the anchor was let go to check her. This however it failto do, as too much chained was payed out, so that the ship went in on the Municipal wharf and did a deal of damage to it. The new motor ferry which was laying alonside was cut in two by the steamer and sank at her moorings with only the canvas awning above water. It is thought likely that the ferry will be a total loss.
