

The Mexican Indians thought that chocolate came from Eden, the garden of the gods.

Quetzalcoatl, god of the air, was said to have given chocolate to the people.

Chocolate soon came to be called "Food of the Gods."

But you can drink better cocoa than the Mexicans ever had.

In your first properly prepared cup of Lowney's you will taste finer cocoa than anyone ever drank before Lowney's came.

Lowney's is a delicious blend of the finest cocoa beans that the tropics yield. Made at our spic-and-span Montreal factory, Lowney's comes to you freshly tinned.

## Another Slap in the Face for Piccott Heelers

Editor Evening Telegram.

Dear Sir.—Kindly allow me space in your most esteemed paper to make a few remarks on the editorial which appeared in Monday's Daily News. Mr. Robinson published a forecast, which no doubt coincides with his wishes, but I am surprised that a man of Mr. Robinson's ability should thus give himself away. He says there are 811 voters in Bay Roberts and adjoining settlements. The F.P.U., he says, got 115, leaving Piccott with 696 or a majority for Piccott of 581. He then states that "we have no hesitation in saying and we think even the bitterest opponent of the Government will admit, that every man who joined the Union at Bay Roberts on Friday night last was opposed to the present Government." Now, Mr. Editor, if that holds good for Friday night, it holds good also for Monday night, when 70 more joined and a further 60 who were by the door but could not be admitted owing to lack of room, but we hope soon to be able to meet in a room large enough to admit all who are desirous of becoming members and forwarding this noble cause, we will then ask Mr. Robinson to publish another forecast and show us what Piccott's majority will then be? And furthermore if the members of the Union at Bay Roberts without exception are opposed to the present Government the same holds good for Bonaville Bay, Trinity Bay, Bay de Verde, Port de Grave and every other district or settlement where the Union has been established. I should like to see a few forecasts in his paper on those places mentioned above, for future reference, if for nothing else.

Mr. Robinson resents the remarks of the Telegram on Rum and Rowdyism at Bay Roberts. I think, Mr. Editor, he would stand far higher in the estimation of the people of Bay Roberts if he did nothing of the kind. I would like to ask Mr. Robinson if he would dare; I repeat, would he dare publish in his paper that that action committed here on Friday last, in pulling down that Dear Old Flag and trampling it in the mud, was done by men, citizens of Bay Roberts, in their sober senses? I venture to say, Mr. Editor, that he would not; your remarks were quite correct and I who was an eye-witness can swear that the men who took part in that mob were under the influence of strong drink. Furthermore I have the name of one party who gave a bottle of whiskey towards the liquoring up of those men, and in justice to Bay Roberts, I must say he is not a resident of this place but very closely connected politically throughout the district. Now, Mr. Editor, if you permit me there is another little instance in connection with Mr. Coaker's meeting that I want to deal with. The same crowd that tried to stop a procession tried to break up the meeting, with one addition at the latter place "the mailman." After the speeches the National Anthem was sung and the crowd were then told that all who wanted to join the Union to remain and the others to disperse. The mailman immediately interfered and said No. Coaker's meeting was over and that if he wanted to hire the hall again he should pay extra for it. The hiring committee, most of which were present at the majority of which are Piccott heelers, met outside and returned with a verdict, "You can have the lodge, but you must pay double hire, making another sixteen dollars total for hire of hall for four hours—twenty-four dollars. I would like to hear the opinion of some of the northern members of the Union but I am proud to say that at the weekly meeting of Victoria Lodge last night, a vote was taken which with the exception of the few heelers (as usual), was unanimous in refunding to Mr. Coaker the sixteen dollars extra charge; another slap in the face for Piccott heelers. Thanking you for space and wishing you every success, I remain,

Yours truly,  
SOON TO BE A UNION MAN.  
Bay Roberts, Jan. 22, 1913.

## Important to Mothers.

Mothers should know just why Zam-Buk is so effective in cases of rashes, scalp sores, pimples and eruptions on babies and young children. Most ordinary salves contain animal oil and fat. Every housewife knows that if animal oil or fat be left exposed to air for any length of time putrefactive changes must occur. These changes occur none the less even if they are hidden by scent. Now, any salve which sinks into the pores enters the blood. You would not feed your child impure food. Why put into its blood rancid animal fats? Zam-Buk contains no trace of animal fat or oil, or any mineral poison. It is compounded of healing herbal juices and essences.

Applied to cuts, burns, bruises and skin injuries it allays pain, kills disease germs and heals. Sold everywhere at 50c. box, or post free from Zam-Buk Co., St. John's, Nfld., for price.

A good many men are remembered only for the reason they wore mustaches.

## Acadian Recorder's Centenary.

On Thursday, the 16th inst., the Acadian Recorder issued its centenary number, having completed 100 years of existence. The number is most interesting and contains a number of fascinating sketches of the days of a hundred years ago. A complimentary dinner was given by the proprietor of the Recorder to his employees and one of the toasts has a special interest to Newfoundland. A Newfoundlander was honored, who served his time as a printer half a century ago with Mr. Seaton in the Express Office. He is remembered well by Mr. Herder. Of this toast the Recorder reports:—

"Vice Chairman Ross then proposed a toast to the veteran printer in the Recorder, W. C. Hodgson. Mr. Hodgson has been the longest in the Recorder's employ. He served his apprenticeship in St. John's, Nfld., and after eight years, he came to Halifax in 1868. He worked in several offices viz., the Citizen, Colonist, Provincial, Wesleyan, Recorder Job Room and the Chronicle and then he accepted a position on the Recorder composing staff in March 1872, and consequently is within two months of completing his 41st year. In 1869 at the formation of the Halifax Typographical Union, he took an active interest in that body, and held the office of President on two or three occasions."

## No Lie to Nail.

Editor Evening Telegram.

Dear Sir.—There is no lie to nail about this sheep shed in Burin to be used as a hospital. It is more than half shingled to put a poor fellow in to be operated on. There is a doctor in Marystown who is a good doctor, and a hospital in Grand Bank. Why not send the poor man to one of these places. The people of Burin call to have this moved again before any one is put in. Magistrate Avery is the one in power to have this outrage on a people stopped. Has Thomas LeFevre been given money to spend on a sheep-shed for a hospital in Burin. This place belongs to a Government heeler.

Yours, HUMANITY.
