A Neck for Anything

In our Silk Scarves, Pinnas. Wearers of these deserve election to the Society of Right Choosers.

Stripes, bars, crossed and woven in a variegation of rich colourings by master artists in colour harmony.

Only three dozen here, and only one of a colour, which we fear will make a little jealousy, but we've such a range, and such experience in matching, that we believe we can make some match-makers take the sit-down.

In a Nutshell.

Like the sun, the modern gas fire warms solid objects—such as the furniture of a room or its occupants—without appreciably raising the temperature of the intervening air. At the same time the products of combustion in their passage up the chimney flue keep the atmosphere in healthy motion. That is gas fire science and gas fire hygiene in a nutshell.
