Madrid, Jan. 27.—The Government has laid claim to all libraries, archives and works of art possessed by the churches as property of State. It was while carrying out the orders of the Government that the Governor of Burgos was assessinated. The event causes great excitement. Violent demonstrations have been made by the people in the city against the Papal Nuncio, and the Government has withdrawn its official recognition of the diplomatic powers.

Paris, Jan. 27.—Later advices from Rio Janiero state that the Paraguaya army though badly defeated at Viletta, still occupies the stronghold of Angostura. The damage by the burning of the Custom-house at Rio Janiero was largely over estimated.

The damage by the burning of the Custom-house at Rio Janeiro was largely over estimated.

London, Jan. 27.—Mr. Ernest Jones, well known politician, died yesterday. He had just been informally chosen by ballot over Mr. Milner Gibson, a liberal candidate, to succeed Birley, one of the present members of Parliament from Manchester, in case the latter be unseated on charge of bribery.

London, Jan. 27.—Official despatches have been received at the War Office from New Zealand. They announce that a battle has taken place between the British and the Maori rebels, at Poverty Bay; and the latter were defeated with great loss in killed, wounded, and prisoners. The victory has restored tranquility in that quarter of the Colony.

The Directors of the Bank of Overend, Gurney & Co., have been held on trial in bonds of \$20,000 each.

Dublin, Jan. 27.—A meeting of influential citizens was held last night, when resolutions were adopted urging the Government to pardon the Fenian Convicts.

## American Despatches

New York, Jan. 28.—A Herald's special from Havana, 25th, via Key Wess, 27th, says: Puerto Principæ was captured by the patriot forces under Gen. Quesyba, on the 16th inst., the same day that Valmazeda entered Bayanio.

A reign of terror has commenced in this city, caused by the breaking out of open hostilities between the Cuban and Spanish factions, whose hatred for each other cannot be described. There is very little security outside the city walls. The Cubans, from their house tops, fire upon the volunteers and soldiers passing through the streets. The military enter the houses from which shots are fired and massacre. The volunteers by their behaviour provoke the resistance of the people, and then fire into them indiscriminately. The officers and men of the regular force are opposed to giving such discretionary powers to the volunteers. Many private persons and foreigners have been fired upou.

Key West, Jan. 27—Many persons have arrived here this morning from Havana, and it is stated that more are coming.

New York, Jan. 28.—The steamship Alaska, from Aspinwall, and the City of London, from Exergenol, have arrived.

Countin, SC. Jan. 27.—A joint resolution passed the Lighalarre authorizing the Governor to employ armed force for the preservation of peace.

The House passed the bill to enforce the Civil Rights Bill of Congress.

THE NEW ASSESSMENT LAW.—The new Assessment Act passed during the late session of Parliament came into force on Saturday last, and under that Act the Assessments must be made for the current year. The difference between the new and old Act are very important, and the Assesors will be required to notice these differences with great care to avoid falling into error.
