CHICAGO'S LATEST

Chicago, May 19.—After cutting tele-phone wires leading to the jewelry store of Louis Antoine, in North avenue, three young robbers last night fastened the front end war down of the place with young robbers last night fastened the front and rear doors of the place with iron bars, then smashed in a large plate glass window in the front and escaped with diamond rings and gold watches valued at \$2,500. The theft was committed in exactly the same manner as the robbery of the jewelry store of T. D. Lande, in West Madison street, last Tuesday night, and the police are convinced the same men were engaged in the robbery. The raid occurred while the street was brilliantly lighted, and while scores of persons were passing.

THE TEAMSTERS' STRIKE

Gompers Expects to Bring About an

Early Settlement.

Chicago, May 19. — Overtures looking to a peaceable settlement of the teamsters' strike here were temporarily set aside today. Through the departure of President Gompers for Dayton, Ohio, last night, the chief influence upon which hopes of peace were centered forts at mediation, Mr. Gompers expects to renew his negotiations to-morrow. The aldermanic committee held conferences today with representatives of the teamsters and with the attorney for the employers. The most encouraging phase of the situation today was the change of front on the part of the teamsters in entering into negotiations with the team owners, and considering an offer from that body to arbitrate the question of deliveries to the boycotted houses. Should the teamsters' council, at its meeting tonight, accept the team owners' arbitraon proffer, it is generally believed that the end of the strike is at hand. Mayor Dunne today said that he had learned from a source not connected with either side of the teamsters' strike, that the strike will be called off with-

STRATHROY-WESTERN COUNTIES BILL KILLED BY COMMITTEE

[Special to The Advertiser.] Toronto, May 19. - The railway ommittee, at its final session this morning killed Mr. Lennox's Strathroy and Western Counties Railway bill, by which the company's name was to be changed to the Hamilton, London and Western Counties Railway Company and permission given to construct from the company's Strathroy-St. Thomas line, an extension passing through London, Middlesex, Oxford, Brant and Wentworth to Hamilton

J. W. Nesbitt and H. H. Dewart, representing the Hamilton, Ancaster, and Brantford Railway, said that the here, beyond what might be received Strathroy company had received its for.

charter was granted it would jeopardize the capital invested. Hon. Mr. Beck said that last year the Western Traction Company had opposed an application for a charter from London to Hamilton, and it had been refused. The Strathroy company had had plenty of time to build if it had intended to do so. The committee should wait until the electric railway act was amended to provide for prompt construction before a new charter was granted. The Strathroy company was asking too sweeping powers and wished to parallel the city of London's railway to Port Stanley. Mr. Downey also opposed the bill.

There had been too many charters and too little work. Dr. Beattie Nesbitt said the com-

Winter Fair building, Guelph, \$1,500. The Society for the Reclamation of Inebriates will receive \$300. Sums rang-

serted. The supplementary estimates were passed at the evening session.

The University Bill.

Mr. Whitney's bill to incorporate the Toronto University residence trustees was thoroughly discussed and passed the committee stage. Mr. Harcourt insisted that it should be made plain that only undergraduates, professors, and servants should be allowed to live in the residences. He had known cases where graduates of five or more years' standing were allowed to keep their

quarters in residence. Mr. Whitney said this would be done. Mr. Ross contended that residences were not a vital necessity at Toronto University. He pointed out that the great German and Scotch universities had no residences, neither had McGill, Queen's, nor any of the great state universities across the border. thought that only students of University College, and not those of affiliated colleges, should be allowed in residence Mr. Ross expressed his fear that suitable provisions for discipline were not

being made. Mr. Whitney said that the students would be under the direct control of both the board of trustees and the college authorities, while the Legislature had full power to interfere at any time. Mr. Graham (Brockville) said that the university needed many things more than it needed residences. The petty squabbles which had occurred in the institution had done much to injure it in the eyes of the people. It was the duty of the Government first to discover what was wrong in the internal affairs of the university, and

second, to provide a remedy. Mr. Whitney repeated the statement made by him on Wednesday, that the Government would take immediate steps to discover the causes militating Government would take against the success and prestige of th university.

Succession Duties.

The Provincial Treasurer briefly explained the effect of his resolution outlining the changes the Government proposed to make in the succession duties, which were published yesterday. He said that the Government did not expect to derive any great increase in revenue from the changes made in the tax. The principal reason for making the changes was to put an end to the St. Thomas, May 19. - Wednesday friction that was continually arising trouble was that delays occurred in winding up estates until the department and the executors arrived at an agreement. All this would be ended by changes. The resolution was

The following motions, supplementing Government bills already intro-

duced, were passed after brief discus-Mr. Whitney-That there be given to the trustees of the University of To-ronto, a grant of \$30,000 per year, for building purposes, for a period of 30

ears; the Province to issue certificates Mr. Whitney-That there be given to the trustees of the university a sum of \$180,000—the proceeds of sale of former site of Parliament buildings on Front street, in the city of Toronto, so soon as the same is received from the pur-

hasers of said site. Mr. Whitney-That an annual payment of \$2,500 be made to one of the commissioners of the Temiskaming and Northern Ontario Railway, in addition o the honorarium of \$1,000, for his ser-

vices as consulting engineer. The bill incorporating the London, Chatham and Western Railway Company passed the committee stage.

The speaker left the chair at 6:10 p.m.

King Holds a Levee.

London, May 19.-King Edward held a levee in the throne room of St. James' Palace today. Most of the members of the diplomatic corps at-
