Fourteen Private Members **Bring Sensational Charges** Against Both Parties.

AGREEMENT IS ALLEGED

Counsel Accuses Government and Opposition of Wrong. ful Bargains.

[Canadian Press.] Winnipeg. June 21. — Sensational charges were made before the royal on this morning by C. P. Fullerton, K. C., of Winnipeg, who said he represented fourteen private mem-bers of the Legislature. Fullerton into between the two political parties in Manitoba some time ago through which the Roblin Government was to pay \$50,000 to the Opposition in return which all election protests were to be dropped. He charged that along in 1915 an agreement was entered into between the Government and certain members of the present Government whereby a royal commission's inquiry was to be dropped and civil action instituted against Thomas Kelly & Sons. According to this regreement, he said, here were to be enough resignations of Conservative members in the Legislature to give the new Government a majority without an election. The Opposition, he claimed, was permitted to dictate the terms of the statement announcing the old Government's resig-

His Statement. Fullerton's statement follows:

"Before the regular work of the commission is taken up, I wish to make a statement respecting certain matters of province. I speak on behalf of private embers of the Conservative party.
"I have here a petition signed by

them, which I propose to read to the commission, but before doing so permit me to indicate to you in general my reason for appearing before you. You must be aware that for some time past press and on the street, to the effect that the present Government obtained power by an agreement entered into between the late cabinet and certain mempers of the Government.

People Concerned. The people of this province are con cerned to know if there is any foundation for such rumors. I appear before this commission for the purpose of obtaining permission to present to you evidence which in my opinion, will establish beyond a shadow of doubt that the rumor in question is thoroughly well founded, and that the present Government did obtain office by virtue of agree ment made with the late Government Briefly stated, the facts which, if given lish, are the following:

The "Facts.'. "First.—Some months prior to the last sittings of the House an agreement was made between the late Gov whereby, in consideration of the payernment and the then Opposition ment by the late Government to the (Continued on Page Three.)

HERE DYNAMITE WAS FOUND Germans Suspected of Outrage by Which the Peabody Sales Corporation Factory Was Damaged and 27 Sticks of Dynamite Placed Under Government Building.

> INDIRECT THREATS REACHED COMPANY UNIFORMS FOR BRITISH ARMY

> > (Special to The Advertiser.)

Windsor, Ont., June 21 .- The entire civil and military forces of Windsor and Walkerville are searching this section today for a woman and two men suspected of being the German spy dynamiters who early today wrecked the plant of the Peabody Company in Walkerville and attempted to destroy the Windsor armory.

A suit case containing 26 sticks of dynamite connected with an alarm clock timed for 3:15 a.m., affords a slender clue to the identity of the bomb setters. This evidence was discovered under the east corner of the armory.

The police of all other Ontario cities are being warned to watch public buildings.

FUSE FAILED TO IGNITE STICKS.

(Special to The Advertiser)

Windsor, June 21 .- Only the failure of a time fuse saved the Windsor Armories from being wrecked at an early hour this morning by a large quantity of dynamite placed under the building, in spite of the guards' vigilance, supposedly by German sympathizers. No less than 27 sticks of the explosive were found all ready to destroy the building, in which 200 Canadian soldiers lay sleeping,

To Pte. Panton, one of the guards at the armories, falls the credit for finding the sticks. He was on duty over-night, and about 3:30 o'clock this morning he heard what he believed to be a pistol shot. With his fellow-guards he made a hurried investigation in the direction from which the sound seemed to come, but discovered nothing. Later he found the dynamite in a grip, 50 feet from where he had been standing when he heard the report. The bag had been concealed beneath the wall, to muffle the sound of the explosion, which made it difficult to find. A time fuse connected with the explosive had been set for 3:15 a.m., but was only partially burned, though it is supposed one stick must have exploded without firing the others, thus causing the noise which the guard mistook for a pistol shot.

The common belief in Windsor is that a German spy had managed to get across from Detroit and make the attempt on the military building.

WALKERVILLE PLANT BLOWN UP.

(Canadian Press.)

Windsor, Ont., June 21 .- The Overall plantof the Peabody Sales Corporation, Ltd., Walkerville, which has been working on a \$1,000,000 order of uniforms for the British army, was partially destroyed at 3 o'clock this morning by an explosion believed to be due to a bomb placed by German sympathizers. The damage is estimated at \$10,000. The entire front of the three-story steel and concrete building at the corner of Sand wich street and Victoria Road was blown out. EXPECTED ATTACK.

J. O. Lennox, general manager of the Peabody Company, said he had expected for some time that an attempt would be made to wreck the plant because of its acceptance of British war orders. No direct threat had come to the company, he said, but there had been rumors that unless the company ceased turning out uniforms for the British the plant would be destroyed.

GERMANS BLAMED. The police of Walkerville believe the explosion was caused by German sympathizers from Detroit and that they had fled back across the river as soon as they had done their work. Three foreigners, acting suspiciously, were arrested near the scene within half an hour after the explosion, but were soon released.
