Conflicting Opinions in House Regarding Proposal of Premier Drury.

SUPPORTED BY DEWART

Bill Is Passed Which Will Simplify Financing of

Phone Systems.

[Special to The Advertiser.]
TORONTO, April 11.—Contending, despite all assurances to the contrary, that Premier Drury's bill to facilitate assessment reform meant higher taxes, two Toronto members, J. E. Thompson and Hon. Thos. Crawford, vigorously opposed the measure in committee of the Legislature today. Hon. G. H. Ferguson, Conservative leader, was against it, and so was J. A. Calder, Liberal member for North Oxford. H. A. Stevenson, London's Labor member, came out, strongly in support, declaring that venson, London's Labor member, came venson, London's Labor member, came out strongly in support, declaring that London's experience was that such legislation was needed to safeguard the wishes of the people. H. H. Dewart, although disapproving a single clause, promised to support the bill, which had not finally passed committee, when ad-

the other clause and the one to which. Dewart and one or two other mems took particular objection, was it compelling a municipal council to mit for referendum vote such assement reform questions as shall be itioned for by 10 per cent of the clinical elections.

4r. Dewart, Hon, Ma, Ferguson and Thompson contended that whereas y ratepayers could vote on the questified only ratepayers should be alified to petition for the submission a tax reform question.

The committee Announced.

The committee Announced.

The committee on government-owned rallways and shipping was announced by the prime minister.

Private member motions brought discussions on a variety of topics. Hon, was reddistribution.

qualified to petition for the submission of a tax reform question.

Means Redistribution.

To the insistent declaration of Conservatives that lower assessment on land than on improvements meant higher taxes, Premier Drury replied: "It doesn't affect taxation. It simply affects a redistribution of taxation. If I had a house and a lot and the assessment on my house was lowered, and that on my land was raised, so that the total under the redistribution simply equalized the former total assessment, it would not matter to me."

Supposing you had a lot," the

the present amount of unemployment in Ontario the Legislature should go a long way towards meeting the serious situation. Hon. Mr. Ferguson said if the company were allowed to go under "it might create a disastrous effect on the industry of the province"

Supposing you had a lot," the premier was asked.

"Well, I would have to get busy and build a house," answered Hon. Mr. Drury. "And that I think is where this bill will be of immense benefit."

K. K. Homuth, Labor member for south Waterloo, also supported the cassure.

The premier's bill simplifying and systems.

Motion Carried.

A motion by J. B. Sinclair (Antigonish) for the production of all papers regarding the taking over and operating of Dalton Sanatorium carried.

P. F. Casgrain (Charlevoix-Montgomery) moved a resolution declaring that an up-to-date steamship service would be established between Murray Bay and Tadousac, Quebec. In support of his resolution Mr. Casgrain declared that the present service given was unsatisfactory to residents all along the route, and the vessel used was too P. F. Casgrain (Charlevoix-Montgomery) moved a resolution declaring that an up-to-date steamship service would be established between Murray Bay and Tadousac, Quebec. In support of his resolution Mr. Casgrain declared that the present service given was unsatisfactory to residents all along the route, and the vessel used was too small. She was unable to make the trip during rough weather.

Edmond Savard (Chicoutimi-Saguenay) supported the resolution. He considered the Government had neglected its duty in withdrawing the subsidy for the ferry service. Responsibility had been passed to the Quebec Provincial Government.

Were Without Mall.

An appeal to Sir George Foster, minister of trade and commerce, had been unavailing, and, accordingly, fifteen to twenty parishes extending from Tadousac to Labrador, had found themselves without mail for some weeks. A population of from 12,000 to 15,000 had

nesday be held at 3 o'clock in the afternoon instead of at 2 as at the beginning of the session. Speaking in support of the resolution, Mr. Fielding advocated a continuance of the Wednesday evening recess, which provided members with an opportunity to keep social engagements. He thought that the support of the House would be Monday.

improved if members knew that they had one night out of five to make engagements. They would not then be inclined to take other nights when the House was sitting.

There was little or no business done after 11 o'clock at night. Members of committees were supposed to attend

There was little or no business done after 11 o'clock at night. Members of committees were supposed to attend them in the morning, and if the House sat until the small hours, it was very hard on them. It was very foolish on them. It was very foolish on the sat until the small hours, it was very hard on them. It was very foolish on the sat until the small hours, it was very hard on them. It was very foolish on the local was not being made by them.

Opposes Resolution.

H. S. Stevens (Vancouver Centre) opposed the resolution. Members from a distance who were forced to stay in Ottawa from the beginning to the end of the session, objected to restricting the hours. They were willing to sit later if the business could be put through, and they could get home. Mr. Stevens said that there was a regular exodus of members from Quebec and Eastern Ontario on Friday, and many of these members did not return until Tuesday. The result was that a sort of unwritten law had developed that no serious business should be taken up on either Friday or Monday. This was wrong. If speeches were limited, to, say, 20 minutes, and members attended all the sittings, the House would make more progress.

Dr. Michael Clark (Red Deer) agreed with Mr. Fleiding that it was unwise for the House to meet at 2 o'clock on Wednesday. He was opposed to restricting the sittings to 11 o'clock. He did not agree that very little business was a poor demand and prices slumped with Mr. Stevens that Mr. Fleiding himself had made many clever speeches much later than 11 o'clock. He agreed with Mr. Stevens that Monday and Friday should be taken as seriously by the members as any other days of the week.

Takes Up Time.

Takes Up Time.

HAY PRICES

Security at the control of the lous was a port of the did not street if the use of the lous the progress sould be taken as seriously by the members as any other days of the week.

Takes Up Time.

A few dozen eggs were offered. The demand was fairl

committee, which is to inquire into government-owned railways and sippling and, subsequently, the House was once more in supply on the marine, and the subsequently in the week.

J. A. Currie, North Simcoe, was of the week. Takes Up Time.

J. H. Sinclair (Antigonish and Guysboro) renewed the Opposition attack. He argued that construction of government-owned trains yearners solid have ceased the armistice was concluded, and the ships built were of no value (as they were too slow) for coperation with government-owned railways.

Takes Exception.

To this point of view Hon. C. C. Ballantyne, minister of marine, took strong exception. He challenger Mr. Sinclair to persuade the Canadian Pacific Railway that its steamers were of the commend a similar course to the Dominion Government. Mr. Ballantyne, "he can persuade the C. P. R. I shall be willing to recommend a similar course to the Dominion Government." Mr. Ballantyne, "he can persuade the C. P. R. I shall be willing to recommend a similar course to the Dominion Government." Mr. Ballantyne, "he can persuade the days of the war, when everywhere there was keen demand for ton-nage. Canada had one only what other ailied countries had done. The Canadian Government too, had result to the commendation of the commendation should be made to cover a period of years.

The committee Announced.

The committee on government-owned by the prime minister, was announced by the prime minister, and the control of the condition of the modern of the modern

Drury. "And that I think is where this bill will be of immense benefit."

K. K. Homuth, Lator member for South Waterloo, also supported the The premier's bill simplifying the financing of municirally owned telephone systems passed committee.

Hon. W. E. Raney introduced an act to amend the crown attorneys act so that the lieutenant-governor in-course fees for the last three years.

Although the time for presenting private bills amended form the resolution was completed to the National Transcontinental in Tenils on that the lieutenant-governor providing for the reorganization of the Goodyear Tire and Rubber Company of Canada. FROST DID LITTLE

DAMAGE AT CRAIG

AILSA CRAIG, April 11.—The damage from frost in this district will not be vary heavy, as far as can be judged by reports from the countryside. Farmers are very busy with their spring work, and are making good progress.

The funeral of Rachel McLean wife of William J. Smith, was held from her late home on the 18th concession, West Williams, on Saturday afternoon, and Williams, on Saturday afternoon, and was largely attended. She was in her 38th year, and was only ill a few days, having died on Thursday. Besides her husband, she leaves her mother, Mrs.

Nelly McLean; one sister, Mrs. Ernest Philips, Falkirk; two brothers, James, in the West, and Alexander of the townline west. The funeral services were conducted by Rev. W. H. Geddes, with interment to Nairn Cemetery. Mrs. George Stevenson of London is a sister of Mr. Smith.

Lloyd Saunders, who has been an employee of Adams' bakery for the past year, has resigned his position and sold his house here to Charles George. Mr. Saunders and family intend going west to make their future home.

Donald McCallum has moved from town to Springbank, where he has secured a position with Mr. John Stewart.

Prosperity Without Parallel

The growth of the City, the excellence of the management, and more cosmopolitan attitude of Torontonians towards their hotels has caused the earnings of the King Edward Hotel, since the bar was abolished, to exceed all previous returns.

These conditions have brought great profit to those who bought King Edward Hotel Securities a few years ago. They have not only received their bond interest regularly, but their Common Stock (given as a bonus) is now paying them 10%.

An equally profitable investment is offered to buyers of the 8% Cumulative Preferred Shares of the King Edward Construction Company Limited. They are assured of 11% on their money as follows: 8% on their Preferred Shares unconditionally guaranteed, and 10% on their Common Stock Bonus (as soon as the hotel addition is in operation).

For these reasons we recommend this investment. This investment will yield 11%. Write now for descriptive circular.

Corns Will Go

while you sleep-if you do this

APPLY Blue-jay to a corn tonight—the liquid or the plaster. It is done in a moment. The corn ache will end;

the removal of the corn will begin. Hour by hour Blue-jay will gently undermine

that corn. In a little while

the corn will loosen and come out. The way is easy, gentle, sure and scientific. A famous chemist perfected it. A laboratory of world-wide

repute prepares it. Millions of corns every year are removed by it. Countless people, by its use, keep free from corn pains

always. Cease your wrong methods. Try this modern, this efficient way.

There is no need for harsh treatment, no need for soreness. And paring is futile and dangerous.

All about you are people delighted with the Blue-jay method. Find out what they know about it. Try it to-

Plaster or Liquid
