A friend advised the use of Dr. Williams' Pink Pills and after taking eight boxes she was enjoying the best of health. Again last autumn Spanish Influenza, attacked our home, and after the acute again last autumn spanish innuenza attacked our home, and atter the acute symptoms were past, both myself and another daughter were left very much run down. My daughter was so weak that she could not walk to school and would tremble when she got upon her feet. I was so weak myself that I could not 40 my housework. Again we recorted to Ir. housework. Again we resorted to Dr. Williams' Pink Pills, and in each case we Williams' Pink Pills, and in each case we took five boxes, when we were as well as ever we had been. I never enjoyed better health than I am now doing, and am able again to do my housework. After our experience it is not possible too me to say too much in favor of Dr. Williams' Pink Pills,"
