dated Feb'y 12th, 1853.

To Professor Holloway, Dear Sir, I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Oinst men and Pills. Mrs. Martha Bell, of Pitstreet, in this town, had been for a considerable time labouring under nervous debil-ity, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse vo your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was

wholly removed. The Pills should be used conjointly with the Ointment in most of the following cases : Chilblains Bad Breasts Chapped hands Corns (soft) Burns Bite of Moschetoes Cancers and Sand Flies Contracted and Stiff Coco-bay
