PRESENTATION TO GAUDET PLACID

Just before the meeting of the N. S. Historical Society closed Dr. Armstrong said he had been asked to perform a very pleasant duty and he proceeded to present to Mr. Placide Gaudet, a silver spoon that belonged to his ancestors, the French settlers here from 1605 to 1755. Mr. Gaudet was completely surprised as he did not know there was such a heirloom in existence, and was most agreeably affected. In his reply he spoke of his very kind reception here by all Bridgetown, and he had never spent a happier week in his life than this one, as the people had given him every courtesy, respect, honor and love, and also a fine basket full of Bellevue apples that he was carrying back to Ottawa.

The silver spoon has an interesting history. Over fifty years ago it was excavated by some workmen in the truckyard by the riverside on what was the homestead of the Bellevue's, ancestors of Mr. Gaudet, and also of Bishop LeBlanc, of St. John. It was bought from the workmen by the late Weston Fowler, and cleaned up and found to be solid silver, and has been in the Fowler family ever since, and Mrs. Fowler, who is now living, hearty and bright, and over eighty years of age, with her family, wished to pass it over to this distinguished descendant of this family.

Big Campaign on For School for Blind

Mass Meeting Held Sunday Evening -- Addresses By Chief Organizer Down and Miss Ellis

A mass meeting which taxed the seating capacity of the building, was held on Sunday evening in the interests of the Campaign for the Blind. Mayor Warren presided and referred in a most sympathetic manner to the cause and to its claims for support even among the many worthy demands being made on the public purse.

The first number of a varied and excellent programme was an organ selection of merit by Mr. Lamey, a pupil of the Blind School at Halifax.

This was followed by an excellent address by Miss Ellis, of Digby, formerly a pupil at the school, but now one of its teachers. She outlined the character of this work and its needs. "The Blind as she fully expressed it," have no physical compensation for those things which are taken away. Only indomitable will and strong intellect carries them along. Their only law of compensation lies in the hearts of God's people.

At the conclusion of the address which was followed with interest and

well received from the talented young lady, Mr. Lamey again favored with an organ selection, followed by Mr. Erle Spicer, of Berwick, who sang to splendid effect, "What of the Night; What of the Day".

Mr. J. F. Downs, official organizer for the Campaign, then in the course of an excellent address, presented in a distinct manner the needs of the school and the objects of the present campaign. There was an existing deficit of \$40,000 and \$100,000 was needed to clear this off and provide for present and future needs. Reference was made to the broom factory which provided employment for blind persons. This would have been closed but a short time ago but for the generosity of the government. He dwelt also on the work accomplished by the school in rendering self-supporting persons afflicted with blindness and gave instances where graduates were enabled through instructions given them to rise to positions of honor and prominence, and instances where the others became self-supporting. A little less on mere pleasure and a little more to help the unfortunate would result in seeing the objective accomplished. He closed with a strong appeal for public support in this most laudable cause.

A vote of thanks was moved by Rev. C. W. Robbins, seconded by Rev. E. E. Underwood and passed to those taking part in the evening's program. To this a suitable response was made by Mr. Down. It was moved that the Women's Institute take charge of the campaign locally.

Annapolis County S. S. Convention

Big Rally of Workers—Delegates Warmly Welcomed at Lawrencetown. Splendid Addresses

A large and enthusiastic rally of the Sunday School workers of Annapolis County gathered at the Demonstration Building, Lawrencetown, on Tuesday, Sept. 12th, the first session opening at 10 a. m., Dr. J. B. Hall, County President, in the chair. Devotional exercises of an interesting character were conducted by Revs. A. H. Whitman and W. H. Rackham. A warm-hearted address of welcome was extended to the delegates and visitors by the President, to which Rev. W. S. Smith, of Paradise, responded in a fitting manner, outlining very clearly the wonderful progress and present position of the Sunday School which is now world-wide in its influence for good. In the absence of the Secretary, Mrs. E. H. Freeman, Rev. A. H. Whitman was appointed Secretary.

Rev. R. F. Allen, of Nictaux, followed with an excellent address on our Sunday School program for Teenage Boys and Girls. This program known as the Canadian Girls in Training for Girls and Taxis Square of Boys, was fourfold in its scope, standing for development along physical, intellectual, social and spiritual lines. Its ideal is Jesus, who increased in wisdom and stature and in favor with God and man. The C. S. E. T. program provides the proper training for the all-round development of the growing boy and girl. Best of all, it provides training for fellowship with God and man. The C. S. E. T. program provides the proper training for the all-round development of the growing boy and girl. Mr. Toole referred to the work done in his own church and Sunday School, the Sunday School raising last year \$575 for missions. The Sunday School he said is a broad casting station where the ideals and spirit of the Gospel are transmitted to the very ends of the earth.

The Tuesday afternoon session was opened with prayer by Rev. Clyde Robbins and Rev. R. B. Thomas. The Nominating Committee reported as follows: For President, Dr. J. B. Hall; Vice-Pres., Rev. W. S. CHESLEY'S

CAMPAIGN FOR THE BLIND

The Future of 600 Blind Canadians Hangs in the Balance

September 19th, 1922

The Women's Institute, in their usual public spiritedness, have undertaken to devote a large portion of their valuable time to the task of bringing to the notice of the people of this community the urgent need for a better financing of the work which is being done for the blind.

This is part of a drive for funds which is being carried on all over the Province. Enough money must be raised to carry on this all important work or it must be definitely understood that the work for the Blind will be curtailed.

This appeal is not an appeal for charity, but an appeal for a practical expression of community self interest. The blind of Nova Scotia can be taught to become independent of all public appeals. This campaign is to provide the funds for this vitally necessary instruction.

What The Money is For

The funds which it is expected the present Campaign will produce are to be used in these connections.

To discharge the debt of \$40,000 which is owed by The School for the Blind.

To make up the deficit of \$130. between the cost of maintaining each pupil of The School for the Blind for one year and the present financial resources.

To pay the debt against the new building of The Maritime Division of the Canadian National Institute for the Blind. This will take about \$35,000.

To carry on the work of the Canadian National Institute in Halifax. This costs about \$2,000 a month.

We Are Fighting Hard Facts Not Abstract Theories

It has been said that the care of blind citizens should be a responsibility to be borne by governments, not by individuals.

This theory is not disputed, and this campaign does not dispute it. But the facts which press upon us, and with which we must deal are that at the present time the government support is not sufficient to carry on the work.

Are we to stand aside and argue, while 600 blind fellow citizens are left in the hopeless misery that comes when a blind sufferer is denied an opportunity to learn remunerative and interesting trade or profession?

This campaign says NO! We say that the facts of present conditions cannot be met by theorizing on possible future eventualities.
