

OLIPHANT, ANDERSON, & FERRIER'S LIST.

In Extra Crown 8vo, Cloth, Price 5s. Second Edition.

THE GATES OF EDEN: A Story of Endeavour.

By ANNIE S. SWAN.

'The subject of Miss Swan's *Gates of Eden* is one which demands, and receives from her hand, a skilful treatment. John Bethune rears his motherless boys in accordance with a preconceived plan. The elder is to be a minister, the younger is to follow the plough. Circumstances seem to favour his scheme; for the future minister has, it appears, the advantage in appearance, in manners, and in ability. But the real truth is different. The depth of character and the best mental gifts really belong to the latter. How the young man, conscious of his power, yet steadfastly walks along the appointed path, till he is free to choose, and how, once free, he enters on his own way and overcomes all its difficulties, is very well told in these pages. We have not often seen a better portraiture than is that of the two brothers. Miss Swan is too skilful to make the weaker of the two a mere foil to the stronger. He, too, with all his faults, has virtues of his own, and the reader is glad to see them reaching their true development before the story is finished. The episode of the recovery of Willie Lorraine, a repentant prodigal, is full of pathos; as is also the love-story of Mary Campbell. *The Gates of Eden* is a worthy successor to the author's *Aldersyde*.'—*Spectator*.
