BELLS!

FOR Churches, Academies, Factories, Steamboats, etc., made, and a large assortment kept constantly on hand by the Subscribers, at their old established, and enlarged Foundry, which has been in operation for Thirty Years, and whose patterns and process of manufacture so perfected, that their Bells have a world wide celebrity for volume of sound and quality of tone. The present Proprietors have recently succeeded in applying the process of loam moulding in Iron cases to Bell Casting—which secures a perfect casting and even temper; and as an evidence of the unimpaired excellence of their Bells, they have just received—Jan. 1854—the FIRST PREMIUM (A Silver Medal) of the World's Fair in New York, over all others, several from this Country and Europe being in Competition; and which is the 18th Medal besides many Diplomas, that has been awarded them. They have patterns for, and keep on hand, Bells of a variety of toner of the same weight, and they also furnish to order Curves of any number of Bells, or key, and can refer to several of their make throughout the States and Canadas. Their Hangings, comprising many recent and valuable improvements, consist of Cast Iron Yoke, with moveable arms, and which may be turned on the Bell; Spring acting on the Clapper, prolonging the Sound; Iron Frame; Tolling Hammer; Counterpoise; Stop; etc. For Steamboats, Steamships, etc., their improved revolving Yoke, or Fancy Hangings in Brass or Bronze of any design furnished. We can supply whole sets, or parts, of our Improved Hangings, to rehang Bells of other construction, upon proper specifications being given. Old bells taken in exchange.

Surveyor's Instruments of all descriptions, made, and kept on hand.

Being in immediate connection with the principal routes in all directions, either Rail Road, Canal or River, orders can be executed with despatch, which either personally or by communication, are respectfully solicited.

OLD SCHOOL PRESBYTERIAN PUBLICATIONS.

THE undersigned wishes to make known to the Ministers, Elders, and people of the Presbyterian Churches in Canada, that he has commenced acting as an Agent for diffusing in Canada the books and tracts of the Old School Presbyterian Church in the United States.—That Church has about sixteen years been engaged in spreading sound and highly useful reading among their congregations and the American population at large, chiefly by colportage—a plan admirably adapted for the extension of the Gospel by the living voice, and powerfully fitted to be a most serviceable auxiliary and adjunct to pastoral teaching.

The undersigned is endeavouring to be actively employed in distributing, as widely as he can, these estimable publications. But as his personal visits must necessarily be limited—and he is yet alone in the field, while many co-laborers are required—he will be happy to receive applications for the publications, from brethren in the Christian ministry, and others. Catalogues will be furnished to all who express a wish for them; and orders notified by post, will be carefully attended to. Let every one consider what the Scriptures declare, "For the soul to be without knowledge, it is not good."
