

THANKSGIVINGS

FOR FAVORS OBTAINED THROUGH PRAYER TO THE
MOST PRECIOUS BLOOD.

" When I received your letter, with the announcement that a Novena to the Precious Blood had commenced in your Community for my cure, I could no more see nor hear from excess of weakness.

All at once, in presence of the Priest and of some ladies, I felt myself cured, and I rose up from my bed. Since then, I am enjoying better health than I had for a long time previous. I was able to attend Mass, and to communicate on last Sunday. I shall never cease to thank the Most Precious Blood for my happiness."

" Not long ago, I was taken with such a violent sore throat; that I could neither eat nor drink, during eight days.

After having tried several remedies without success, I invoked the Most Precious Blood, and promised, if cured, that I would publish the favor in your Annals. On the following day, I was so well that I breakfasted with my family. I feel perfectly cured."

" The little sick girl who suffered so much with scrofula is much better. Yesterday morning upon removing the bandage, which had covered her eyes for one year, the dear child ran to her mother, crying out with joy : " Mamma, *I see clearly*, I feel no more sickness." I just come from their house. The poor mother weeps for joy."

" Good Saint Joseph has found work for my brother, after we had promised to publish the fact in your Annals, and more than that, I have obtained a number of graces by invoking the Precious Blood of our Saviour Jesus Christ."
