

such a directory by the Company referred to, and it is very creditable to their diligence and enterprise. The obtaining of information for such a work means a lot of energy and patience, and the book, carefully compiled as it appears to be, cannot fail to be a most useful work of reference to advertisers and all who wish to obtain information respecting the publications of Canada and Newfoundland. In addition to detailed descriptions of all periodicals and the places where issued, there are lists by counties, classified lists under all heads, etc., besides summary of the postage law, customs rates on printers material and other useful information. The book is well arranged and printed and does credit to the publishers.
