

SAVORY & MOORE, 143, New Bond Street, London, beg to call the attention of the Profession generally, to some of the later preparations brought out in England, the purity, and uniform strength of which can be guaranteed.

## GENUINE PANCREATIC EMULSION and PANCREATINE.

The reputation of these preparations is now so thoroughly established, that they may be said to be the only remedies of the description recognized and prescribed by the leading members of the Medical Profession. No small portion of their popularity is to be ascribed to the fact, that they are palatable to the most fastidious, keep good in all climates, and are readily miscible in water, milk, &c. In all cases where Cod Liver Oil fails to afford relief, or cannot be retained by the stomach, Pancreatic Emulsion and Pancreatine are the *only remedies* to supply its place, increasing weight, and ensuring strength and appetite; whilst in many cases they prove a most valuable adjunct to the Oil, which they assist in digesting.

### PANCREATINE WINE.

A most pleasant vehicle for administering Cod Liver Oil, with which, if shaken, it readily forms an Emulsion. This preparation when prescribed by itself will be found to be a powerful assistant to digestion, and as a remedy for this purpose is largely used in England.

**PANCREATISED COD LIVER OIL:** A reliable combination of Pancreatine with the Oil, rendering its digestion easy and rapid.

**PEPTODYN, the New Digestive,** Digests all kinds of Food—the FARINACEOUS, FIBRINOUS, and OLEAGINOUS, (being a combination of the several active principles of the digestive secretions, Peptic, Pancreatic, &c.)

Five grains of the Powder digests—100 grains of Coagulated Albumen, 100 grains of Fat, 100 grains of Starch. As Supplied to the Royal Families of England and Russia. **BEST FOOD FOR INFANTS,** Feeding Infants on the best, i. e. the most nourishing and easily digested Food, has recently occupied much of the attention of the Profession, and the fallacy and danger of employing Starch, in the form of Corn Flour and other high-sounding titles, has been repeatedly pointed out.

This Food resembles Mother's Milk more closely than any other kind, containing the highest amount of nourishment in the most digestible and convenient form.

**DATURA TATULA, for Asthma and Chronic Bronchitis.** Recommended by the Profession as a remedy of great power and usefulness in cases of short and difficult breathing, spasmodic coughing, &c. Grown only by Savory and Moore, and prepared in all forms for smoking and inhalation.

Wholesale of Messrs LYMAN, CLARE & Co., and Retail of the Principal Druggists in the Dominion and America.

## Detroit Medical College.

SESSIONS OF 1875-76.

**PRELIMINARY SESSION** opens September 1st, and continues one month.

**REGULAR SESSION** opens October 6th, and continues five months.

**RECITATION SESSION** opens March 10th, 1875, and continues four months.

Three Hospitals and two large Dispensaries furnish an abundance of clinical material for illustrative and practical teaching. One or more clinics is held daily.

All lectures are delivered on Hospital grounds, Senior students have daily practice in the art of examining patients.

The peculiar feature of this school is the intimate union between its clinical and didactic instruction.

**FEES** for Preliminary and Regular Sessions: Matriculation, \$5; Hospital fees (good for one year), \$10; Lecture fees, \$40; Graduation, \$25; Lecture fees to third course students, \$25.

For the Recitation term, the lecture fees are \$10 to those who attend the other courses. All others are required to matriculate and take out Hospital tickets.

Announcement or further information can be promptly obtained by addressing

LEARTUS CONNOR, M.D., Secretary,  
94 Cass Street, Detroit, Mich.

## ROYAL COLLEGE PHYSICIANS AND SURGEONS,

IN AFFILIATION WITH

Queen's University, Kingston.

Faculty:

J. R. DICKSON, M.D., M.R.C.P. Lond.; M.R.C.S. Eng.; F.R.C.S. Edin.; President and Prof. of Clinical Surgery.

FIFE FOWLER, M.D., L.R.C.S. Edin. Registrar and Prof. of Materia Medica.

HORATIO YATES, M.D. Principles and Practice of Medicine, and Clinical Medicine.

MICHAEL LAVELL, M.D. Obstetrics and Diseases of Women and Children.

MICHAEL SULLIVAN, M.D. Surgery and Surgical Anatomy.

OCTAVIUS YATES, M.D. Institutes of Medicine and Sanitary Science.

THOMAS R. DUPUIS, M.D. Descriptive and Regional Anatomy.

JAMES NEISH, M.D. Botany.

NATHAN F. DUPUIS, M.A. Chemistry and Practical Chemistry.

ALFRED S. OLIVER, M.D. Medical Jurisprudence.

HERBERT J. SAUNDERS, M.D. M.R.C.S. England. Practical Anatomy.

The next winter Session begins on the 1st Wednesday of October, 1875. Students attending this College may obtain either the degree of M.D. or the Licence of the College. Certificates of attendance are recognized by the London and Edinburgh Colleges. The College building, which is being newly fitted up, is commodious and convenient. Unequalled facilities are presented for the study of Practical Anatomy, and great advantages are afforded for Clinical instruction at the General Hospital, and Hotel Dieu. Further information can be had on application to the Registrar.

FIFE FOWLER, M.D., L.R.C.S. Edin.
