REV. FATHER HOGAN, P. P.
Napance, Ont.

FOR SALE

The proprietors of the Brockville Pressed Brick & Tile Company's Works, situated at Brockville, Ont., having their large business interests to look after, offer for sale their entire plant and property, consisting of 6 acres of land, clay suitable for making red and buff brick, land tile and roofing tile, two up-draft kilns, capacity 300,000 each, engine, boiler, one Simpson four-mould brick press, one ornamental brick press, one Williams machine, elevators, shafting, pulleys, bearings, &c., &c., also trucks and cars, a 100-horsepower engine house, &c. together with 600 cords of wood and about 600,000 brick. Plant situated convenient for shipping by G. T. and C. P. Railways, also by water. The plant is in good running order and can be now seen in operation. For further information apply to

THE BROCKVILLE PRESSED BRICK CO.
Brockville, Ont.

CONTRACTS OPEN.

SMITH'S FALLS, ONT.—It is proposed to start a rubber factory here.

TILBURY, ONT.—Fred. Lee contemplates erecting a new building.

DIGBY, N. S.—Chas. A. Abbott will build a residence on Queen street.

WOODVILLE, ONT.—A. J. Smith will shortly erect a block of brick stores.

POTTERSBURO, ONT.—A new Presbyterian church will be built here, to cost \$1,500.

LISTOWEL, ONT.—The Listowel Gas Company will probably put in an electric plant.

REVELSTOKE, B. C.—The Kootenay Lumber Co. will erect a saw mill at Lardeau.

GRETNA, MAN.—R. P. Roblin, of Winnipeg, has decided to build a new elevator at this place.

ST. MARY'S ONT.—Mr. Moore, C. E., of London, is preparing plans for a water-works system for this town.

HUNTSVILLE, ONT. W. A. McGregor is endeavoring to interest capitalists in the building of a large summer hotel here.

OWEN SOUND, ONT.—The Owen Sound Electric Light Company contemplates enlarging their plant to supply power.

WINDSOR, ONT.—A deputation last week interviewed the G. T. R. authorities regarding a site for the new Y. M. C. A. building.

HULL, QUE.—F. Hibbard, C. E., has been instructed to prepare an estimate of the cost of extending the waterworks on the streets now without the service.

HALIFAX, N. S.—George Wright will erect eight dwellings and two business structures in this city, the latter to have marble fronts. J. C. Dumaresq is architect.

FERGUS, ONT.—Proposals are invited by Wm. Ross, clerk, until the 20th inst. for the purchase of \$2,000 of public park debentures bearing interest at five per cent. per annum.

CASSEL, ONT.—L. Kaufman, reeve of East Zorra, will receive proposals until the 14th inst. for the construction of the Petch drain in the Township of East Zorra. Plans may be seen at the residence of the reeve.

DUNDAS, ONT.—The Township Council of Winchester has instructed Mr. George L. Brown, C. E., to prepare plans and estimates for construction of municipal drains.—Peter Brass, of Hamilton, has been instructed to prepare plans for new outhouses for the school.

ST. JOHN, N. B.—Fowler & Calhoun will shortly commence the erection of a corn mill, 160 x 60 feet, and 37 feet high; an elevator 40 feet square and 70 feet high, a boiler and engine house 100 x 40 feet; a warehouse 100 x 45 feet; and a cooper shop with a plant to employ about

to coopers. The plans provide for adding a plant for flour milling purposes.

WINNIPEG, MAN.—The Martin, Bole Wynne Company have decided to put in the foundation of their new warehouse this fall. The building proper will be erected next year.—Walter Chesterton, architect, has in hand improvements to a terrace on Notre Dame street.

PORTAGE LA PRAIRIE, MAN.—Steps are to be taken to improve the sanitary condition of the town.—Mr. Simonds, C. E., has been sent out to report on the project of a flume to deliver water from the river into the slough. It is thought that the flume would have to be carried some four or five miles up the Assiniboine river. It has also been suggested that a large pumping station be established on the banks of the river to pump the water needed.

SHERBROOKE, QUE.—The Electric Railway Company propose to commence the construction of the road at an early date.—A special committee of the city council have reported to the council recommending that the city undertake to provide a water supply. Their report was approved with a view of acquiring the existing system and improving it or providing a new and independent system at the expiration of the contract three years hence.—A new building will probably be erected by the Talbot Carpet Company.

QUEBEC, QUE.—H. Staveley, architect, has drawn plans for the new depot of the Quebec, Montmorency and Charlevoix railway.—Building permits have been granted as follows: One house for Mde. Vve. Jos. Deblais, P. Boulanger, contractor. One house on St. Francois street, for M. Turcotte; contractor, J. B. Turcotte. Montmorency & Charlevoix railway; contractor, A. Fackney. One house on Du Pont street for J. Laberge; contractor, A. Laberge.—Mr. LeCardonnel, the Parisian architect charged with the erection of the Champlain monument, has written to Mr. Berlinguet for estimates of the cost of foundations and granite work for the monument.

HAMILTON, ONT.—Steps are being taken by the citizens to secure the erection of a school of domestic science. It is proposed to erect a building to cost \$35,000. In regard to the proposed high level bridge at the Desjardins canal, the Toronto, Hamilton Buffalo Railway Company have made a proposition that if the city would build the approaches for a high level bridge the company would put the bridge up.—Building permits have been granted as follows: James Balfour, two-storey brick dwelling on George street for J. C. Campbell, cost \$3,000; Charles Mills, alterations to store on James street north, for the Sunson estate, cost \$800, W. & W. Stewart, coal house and boilers at the city hospital, cost \$2,400. It is reported that the C. P. R. will build a line of railway from Brantford to Woodstock. An extension from Welland to Niagara
