

# PANDORA RANGES

Have Grates that are  
Easy to Shake Down

THE slightest pressure  
of the hand is all you  
need to shake the Pandora  
Range. With common

ranges the air is full of dust and the house is full of noise when you shake them down. But the Pandora, with its triple-gear shaker, works so easily, silently and effectively that shaking is the merest effort, which a small child can easily exert. And this is only one reason why the Pandora is the very best range you can get.
