THE McEWEN THE MOST SATISFACTORY HIGH SPEED ENGINE IN THE WORLD.

No high speed engine ever built gives such uniform service and satisfaction as the McEwen.

The McEwen runs with the same speed under all loads, and has a closer regulation than any engine made.

As a convincing argument to this statement we give the following guarantee with every McEwen Engine.

"The Engine shall not run one revolution slower when fully loaded than when running empty, and a reduction of boiler pressure from the greatest to that necessary to do the work will not reduce the speed of the Engine one revolution. Any Engine Failing to Meet this Guarantee becomes the Property of the Purchaser upon the Payment of One Dollar."

Our confidence in this Engine could not be better expressed than in such a rigid guarantee. Our Catalogue tells you other things about the McEwen that you will be interested in, that is if you are looking for the most economical steam user of the age.

A letter will bring the Catalogue.
