### B. C. FRUIT AND FARM

#### HORSES FOR THE ARMIES.

Earl Kitchener said at the outbreak of the present terrible war that the conflict would last at least eighteen months. It is not difficult to imagine how many horses, as well as brave men, will be lost during this period.

Even now horses are in constant demand, and the wise farmers who raised their colts are reaping the benefits of their foresight.

Many horses which would not be accepted by the army in their present condition can, it is claimed, be made sound and active with Kendall's Spavin Cure. This famous remedy is said to have saved farmers and stockmen thousands of dollars by curing their stock of spavins, ringbones, curb, splint, cuts, bruises, sprains, soft bunches, and all lameness requiring a liniment.

Dr. B. J. Kendall Company, of Enosburg Falls, Vermont, have published a book, "A Treatise on the Horse," which may be had at all druggists free, or upon application to the publishers. With this book and Kendall's Spavin Cure any farmer can be his own doctor.

#### NEW LANDS.

"Surveyed lands for settlers" is the title of an interesting pamphlet just issued by the Department of Lands, Victoria. It holds two maps indicating the surveyed lands along the line of the new railways where thousands of pre-emptions await the settler. In the Lillooet district there are 518,195 acres of surveyed lands available, and in the Cariboo district the available surveyed lands total 789,752 acres.

Poultry produces more wealth for Oregon annually than does fruit, it produces half as much as wheat, three times as much as wool, one and a half times as much as hops, 60 per cent. as much as hay, twice as much as oats, and 6 per cent. of the total agricultural wealth of the State.

#### WOMEN'S INSTITUTE AT BARRIERE.

The Department of Agriculture has authorized the organization of a Women's Institute in the district of Barriere, B. C., the first meeting to be held on Wednesday, February 3rd, at the house of Mrs. White, Chinook Cove, B. C.

"I get your paper each month and we are quite pleased with it."—Edwin A. Wells, Sardis, B. C.

"You have surely one of the best magazines for farmers."—R. S. Johnson, Bow, Wash., U. S. A.

## Synopsis of Coal Mining Regulations

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information, application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,  
Deputy Minister of the Interior.
