

that these lapses ⁽²⁾ were due to
the long tedious hours, put in
by the watchman, + I do not
think that you can be aware
that they are on duty for 13
hours, seven ~~days~~ nights
a week, with no time off
whatever, We are all human
& need a regular weekly
rest, as is the custom for day
workers.

This notice came as a great
shock to me, as we have
absolutely no money behind us,
