“Nations are in bondage to army and navy expenditure. May the time come when they shall realize that the law is a better remedy than force.”

—SIB EDWARD GREY.

“Nations by preparing for war spend millions and millions for the purpose that man shall kill his fellow-man, who was created in the image of God. It isn't war, but the possibility of war, that we must fear. I can only hope that this fund will have the co-operation of every one in bringing men to know the real meaning of war. War is a crime of nations against their God.”—CARNEGIE

(On donating the princely gift of ten millions of dollars to be devoted to the establishment of universal peace)
