GRAIN OPTIONS HEAVY DECLINE CONTINUOUS

Wheat, Corn and Oats Options React Sharply at Chicago—Cables Are Lower.

World Office,
Tuesday Evening, June 11.

Liverpool wheat futures closed to-day 1¼d lower than yesterday, and corn futures ¾d to ⅞d lower.

At Chicago July wheat closed 2½c lower than yesterday; July corn ¾c lower, and July oats 1⅝ lower.

Winnipeg car lots wheat to-day 157; year ago 118.

Northwest cars to-day 397; week ago 474; year ago 228.

Primary receipts to-day 523,000; shipments 320,000; week ago 598,000; 511,000; year ago 271,000, 375,000; corn to-day 1,361,000, 681,000; week ago 1,251,000, 506,000; year ago 512,000, 585,000.

Bradstreet's reports world visible wheat decreased this week 1½ million bushels; last week, decrease 5,165,000; last year, decrease 5,347,000.

Washington: On the Pacific coast and in the central and west gulf states the temperature during the week ending June 10 was favorable, and beneficial temperatures also prevailed during the latter part of the week in Tennessee and the East Gulf States. Elsewhere the weather was abnormally cold, especially over the northern portion of the central valleys and in the lake region and Atlantic coast districts northward of North Carolina. Light frosts occurred in the western portion of the Upper Lake region and in the Lower Lake regions. Portions of the Lower Missouri, Central Missouri and Ohio Valleys experienced very heavy rains, which caused overflows that resulted in considerable damage. In the Southern States the rainfall was very light; none having fallen over a large part of that section. Cloudy weather was prevalent generally thruout the central and northern districts, east of the Rocky Mountains, but in the Southern States there was abundant sunshine.

ST. LAWRENCE MARKET.

Receipts of farm produce were 200 bushels of grain; 35 loads of hay; one load of straw, and several lots of dressed hogs.

Wheat—One hundred bushels fall sold at 91c.

Winnipeg Wheat Market.

Following are the closing quotations on Winnipeg grain futures to-day: Wheat—June 87⅝c bid, July 88⅜c bid, Oct. 89¼c bid. Oats—June 46⅝c bid, July 47⅜c asked, Oct. 35½c bid.

Melady & Co. had the following at the close:

Cables furnished the initial weakness by coming sharply lower and the warm growing weather over the country furnished the additional influence in causing a big break in prices, the market showing very little support even at the lower level. It has been apparent for some time that there was no outside buying power in the market, and to this fact is due the decline rather than to the position of the crop. We believe our market will work somewhat lower temporarily, but it can easily become oversold at the present rate.

Corn—Cables were lower and the weakness in other grains caused considerable scattered selling of futures, altho the market held remarkably well under the circumstances. We look to see a further moderate decline until the pressure is removed from wheat and oats.

Oats—Market suffered from the extreme bearish sentiment in grains and from the showing of the government report. In the latter connection it may be remembered that this report raised its estimate to 100,000,000 bushels in its initial report in December, and has thus impaired confidence in its conclusion. While sentiment is so bearish we are likely to see lower prices for oats temporarily, even tho they appear to be low enough on their merits.

Chicago Gossip.

Marshall, Spader & Co. wired J. G. Beaty at the close:

Wheat experienced a rather severe setback in prices to-day, due to lower cables, more favorable weather, and a slight improvement in foreign crop conditions. The principal cause, however, for the decline, was the heavy selling by a prominent operator, who was assisted by the local crowd tailing on. On the way down, quite a number of stop loss orders were encountered, which greatly accelerated the downward movement, the market finally closing heavy at the low figures of the day. As the decline to-day was, in our opinion, entirely unwarranted, and as the market now appears to be in a badly oversold condition, we naturally feel that purchases around the present level should prove profitable.

Ennis & Stoppani wired to J. L. Mitchell at close:

What—Opinion seemed to be unanimous that the effect this morning of the government crop report would be lower prices for wheat, etc., consequently there was a stampede of bulls and a general rush to sell wheat and only for a short period during the entire session did the market show any rallying power. There were no developments during the day to change sentiment, and at the close the market showed a loss of 2 cents and over. The feature was continuous liquidation of the July option, and while there was a tendency to replace it with September operations of the latter character were not sufficiently large to impart lasting strength to the market. Many in favor of lower prices were quite diligently engaged in calling attention to the fact that this month's government report indicates a crop of about 70,000,000 bushels in excess of the harvest of 1904, but they neglected to state that our exports that year amounted to only 44,000,000 bushels; and wheat rose steadily to about 120. They also overlooked the fact that consumption has increased very largely since that time. Temporarily there is likely to be some further liquidation of July wheat, and general unsettledness throughout the day. Hence we would only advise purchase of September and December on declines.

Corn and oats declined in sympathy with wheat, and on free selling by several of the prominent local longs, which uncovered stop orders in the hands of commission houses and gave the market a weak tone. We would not be surprised to see further liquidation with possibly prices temporarily lower.

NATIONAL DAIRY SHOW.

Deputation Will Wait on Hon. Mr. Monteith To-Day.

During this morning W. K. McNaught, M.L.A., and Hon. Thomas Crawford, will wait upon Hon. Mr. Monteith, in connection with the establishment of a national dairy show in this city in January. Mr. McCowan, M.L.A., and A. J. Reynolds, representing the Toronto Milk Producers' Association; R. C. Steele, the Toronto Board of Trade; Ald. Chisholm and Property Commissioner Harris, the city, and Warden Baker, York County, will be present.

Reeve Evans of Etobicoke, Reeve Devine of Vaughan Township, and Reeve George Henry of York Township, will accompany the deputation, who will urge upon the hon. minister of agriculture the desirability of establishing an institution of this nature in the city.

The proposition has the endorsation of the societies named,

Canadian Dairy Breeders' Association, and the Eastern and Western Dairymen's Associations. At the annual gathering of these organizations a committee was appointed to investigate the grounds for the establishment of the proposed national dairy show, and later unanimously approved of the plan. It is not proposed to ask the Hon. Mr. Monteith for any financial assistance, altho this was originally a feature of the request, a grant of $4000 having been suggested. Since that time private contributions have been received which assure the success of the venture beyond any reasonable doubt.

The two outstanding features which it is proposed to bring out, are the exhibition of butter and cheese, and the practical manufacture, under the management of experts from the Ontario Farm at Guelph, and other points. The deputation are hopeful that they will be able to impress the minister of agriculture with the feasibility of the plan.

The city council have proffered the use of the St. Lawrence Market for the occasion.

CANNERS HAVE FEARS.

Demoralization of Market Causes Consternation.

VANCOUVER, June 11.—(Special.)—Consternation and surprise reigns among salmon canners of Vancouver as a result of the demoralization of salmon market in the old country. Several auction sales of cases of salmon have taken place, the salmon selling at 4 shillings per case less than the market.

This action is inexplicable to canners here, but it has hammered the bottom out of the market, which had heretofore had an upward tendency. Prices of Columbia River salmon have started upwards.

THE COUNTRY'S SAFE.

MILWAUKEE, Wis., June 11.—United States Secretary of War Taft says that there will be no war with Japan.

The secretary said: "Never mind the news that keeps coming. It does not always mean all that it seems to mean on the surface."

Caught With the Goods.

Arthur Stewart, 222 West Adelaide-street, was arrested at 10.30 last night by Plain Clothesman McDonald, charged with the theft of a watch and chain from John Robertson, who roomed at the same house. Upon being taken into custody he turned over the property.

OUTLYING DISTRICTS PRAY FOR ANNEXATION

Bracondale, Wychwood Park and Dovercourt Residents Wait On Controllers.

The strong desire of Bracondale, Wychwood Park and the Dovercourt districts, to be annexed to the city, was again shown yesterday, when a representative deputation waited on the board of control to urge such action. The territory covered contains about 6500 residents. President Harry Bromley of the Ratepayers' Association of Bracondale and Wychwood presented a petition for annexation bearing 300 signatures. He claimed that very unsanitary conditions exist, and John Wanless, speaking for Dovercourt, declared that district, too, needed city drainage.

The controllers appeared impressed, and the mayor promised that he would draw up a general proposition for annexation.

The question of the depression of railway tracks thru Parkdale will be taken up at a private conference of the board of control with Manager Hays of the Grand Trunk this morning.

Property Commissioner Harris, who is secretary of the Smoke Prevention League, which meets in Milwaukee, July 26, 27 and 28, yesterday received intimation from J. A. Hynes, secretary of the United States government department of the interior, that the government was interesting itself in the crusade, and will have a representative at the convention. The Ontario government will be represented by Mechanical Engineer Metcalf.

ROYAL HONOR FOR SWIMMER

A. L. Cochrane, Instructor of Upper Canada College, Given Distinction.

The King has been pleased to confer the honor of a membership in the Grand Priory of the Order of the Hospital of St. John of Jerusalem in England upon Arthur L. Cochrane, instructor at Upper Canada College, for his work in connection with the Royal Life Saving Society, of which his majesty is the royal patron and Mr. Cochrane the honorary representative in Canada.

Mr. Cochrane has conducted classes for over ten years at Upper Canada College, and latterly also at his summer camp for boys in Temagami, for instruction in the society's methods for rescuing from drowning and resuscitation. He inaugurated the life-saving drill in the Toronto Swimming Club shortly after its formation about ten years ago, and has also furthered the work of the society by public lectures and demonstrations.

LEWIS JONES INJURED.

Suffering From Concussion of Brain Caused by Fall of Horse.

Lewis Jones, son of J. L. Jones of the J. L. Jones Engraving Company, and inside manager of the firm, was seriously injured about 6 o'clock last night, while riding his horse on West Queen-street. He was turning behind a street car when his horse slipped on the greasy pavement, which had just been watered, and Mr. Jones' head struck heavily on the pavement.

He was picked up and carried to his home, at 124 Dovercourt-road, where he lies unconscious from a severe concussion of the brain. Dr. W. C. Heggie is in attendance.

ELEVEN MEN INJURED.

PHILADELPHIA, June 11.—Eleven men were injured, two seriously, to-day by the falling of an elevator in the coal shute of the Lehigh Coal and Navigation Co. at Port Richmond.

CANADIAN CLOVER FIRST.

LONDON, June 11.—Experiments at Kilmarnock with red clover resulted in the Canadian variety being easily first, yielding 298 cwt. of green produce per acre. This is described as extraordinary success.

Dr. KOHR'S RESTORINE The Remedy of the New Century,—the most wonderful Medicine ever discovered. It is astounding the Medical world. 10,000 cases cured in one month in Paris. The National Medical Board has recommended this Remedy for use in the Insane Asylums where, as is well known, a majority of the male inmates are victims of lost Vitality in its most terrible form. In Europe the remedy is endorsed by all governments and is now used as a Specific in the great standing armies of both France and Germany. Stops losses in from seven to ten days so that they never return. Drains entirely cease after a few day's treatment. The skin becomes clean, the eyes bright. Confidence returns, step elastic, bowels regular. Headaches disappear. No more weak memory, the mind becomes bright and active. A Food for Brain and Blood. A permanent cure no matter how chronic the case. Just send us to-day your name and address plainly written and a 5 days treatment of Restorine will be sent FREE in plain sealed package. Do not hesitate a moment. We will treat you with success and with honest confidence.

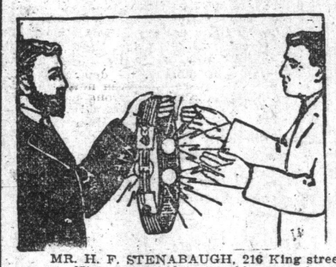
Murdered as a Spy.

ST. PETERSBURG, June 11.—The body of a youth found to-day in a wood in the suburbs of St. Petersburg, with his throat cut and face unrecognizably mutilated, has led to the discovery of an open air bomb factory with a large quantity of explosives near by.

It is supposed that the young man was executed by fellow-terrorists as a spy.

Weak, Puny Men, Try This Cure

To You Who Have Drugged in Vain. To You Who Have Been Robbed by Quacks. To You Who Have Lost Faith in Everything.



To people who are weak and debilitated, not only from the effects of a drain upon the vitality, but from excessive drugging, from ruining the body with poisonous chemicals; to people whose faith in doctors and remedies of all kinds has been destroyed by the failure of every remedy that has been tried—to all who are sick of medicines which never cure, I say:

STOP DRUGGING—STOP DOSING YOURSELF

Nature calls for new strength, and you will never be cured until you supply that strength. This is not found in drugs, all of which are temporary stimulants. The real strength of the nerves and vital organs is electricity. That is what the body has lost, and what it must get back. My

DR. McLAUGHLIN'S ELECTRIC BELT

supplies this. It is an absolutely positive cure for all forms of Nervous Debility, Loss of Memory, Varicocele, Weak Stomach, and all those physical and vital Weaknesses, Confusion of Ideas, Kidney and allied complaints, Rheumatism, Sciatica, etc., etc. It has cured thousands every year, after every other known remedy has failed.

MR. H. F. STENABAUGH, 216 King street east, Hamilton, Ont., says: "I can heartily recommend your Belt to anyone afflicted with kidney trouble or weak ankles."

MR. THOS. HART, Richmond Hill, Ont., says: "Your Belt has cured me of Weak Back, Rheumatism and Stomach and Bowel Troubles."

MR. J. H. SMITH, Brigham, Que., says that my Belt is all I claim for it.

TRY THIS CURE.

It is no longer an experiment. It is hailed by thousands with loud praises, because it cured them. "It cured me. I am well and strong as ever. What more could one ask?" writes a man, with a heart full of gratitude.

All I ask is reasonable security that I will get my pay after you are cured. I will send you my new Belt, with its Electric Suspensory and all attachments necessary for your case, and you can

PAY WHEN CURED.

Mr. Peter L. Harris, Murray, Ont., writes:—Your Belt has done wonders for me, and I am more than pleased with the results, for without it I do believe I would never have done another day's work in my life. I shall ever praise your Belt to all sufferers of Rheumatism, and can safely say that your Belt will do all that you say it will. You can print this for the good of others, if you wish.
