

Hats of Quality

It seems to be that the English-made Hat holds the record this year for style and quality. The preferential tariff, too, gives exceptional value for the money.

Our big Fall Hat Opening gives you a choice of beautiful Silks, Derbys and Alpine Hats by Melville, Christy and Tress, Heath, for which latter we are sole Canadian agents.

Derby Hats, \$2.00 to \$5.00.
Silk Hats, \$3.00 to \$8.00.

Dineen Special Stiff Felt Black Derby Hats, \$2.00, \$2.50, \$3.00.

School Boys' Hats

College Caps, in special English designs; also we are sole makers of the Harbord Collegiate Institute Cap, 65c.

MILK PRODUCERS WILL DEMAND AN INCREASE

During Winter \$1.60 and in Summer \$1.30 for Eight Gallon Can—County Notes.

"For the six winter months, \$1.60 per can of eight gallons, and for the summer \$1.30 per can, was the dealer's place of business," was the ultimatum of the Toronto Milk Producers' Association at a mass meeting held in the assembly room of the Labor Temple on Saturday afternoon.

In point of numbers, and in the enthusiasm manifested, Saturday's meeting easily constituted a new record in the history of the association. Nearly 300 members were present, and while some diversity of opinion in the early stages prevailed with respect to the price, the resolution endorsing the new rate of prices was carried without a dissenting vote.

President Levi Annis was in the chair, and kept everything running with military precision, positively refusing to allow the members to stray away from the matters under consideration. A. J. Reynolds acted as secretary.

Criticism Arbitrators. At the outset, President Annis, in his annual address, took occasion to refer to the arbitration proceedings in May, commenting freely on the advance made by Judge Winchester and C. C. James.

"We were led to believe," said President Annis, "that we would be permitted to submit evidence before the arbitrators, setting forth the justice of our case and the reasons for asking for an advance. We were not allowed to put in these facts. We had confidence in our arbitrator, C. C. James, standing by our interests, but we found that he was working in that of the citizens instead."

"We were duped and deceived into going into the arbitration at all," said the president. He also claimed that they were then faced with prosecution on the charge of acting in restraint of trade, which charge, he declared, was wholly unfounded. It was also claimed that the amount of \$5 charged by the arbitrators was inconsistent with the work performed.

Counsels Moderation. He counseled moderation in the demands, whatever they might be, and when once fixed, charged them to be loyal to the association at whatever cost, and disavowed the idea of approaching the dealers at all looking to an agreement.

He paid a tribute to The World and The Canadian Dairyman, which, he

HE'S A "TOTE"

And you'll be one, too, if you follow the illustrious example of the Bishop of London. Local Option will help you cut out liquor. Now's your opportunity to be a free man and get rid of the slave-making bar-room. Local Option people are your best friends. Believe this before it is too late. Hurrah! for

LOCAL OPTION

stated, were the only two papers to stand by the farmers in the fight for a fair price.

Solicitor Clarke, representing a company, the personnel of which he would not divulge, submitted a proposition for the formation of a joint stock company for the distribution of milk in the city, the directorate to be chosen from among the producers and the dealers.

He submitted some figures showing that the price to the farmers was \$1.23 per can, from which the dealers realized \$2.66. In cream there was a profit of 165 per cent, and in the distribution of the price to the consumer, he asked for the appointment of an executive, but the meeting, for lack of time, or other reasons, declined to take up the matter.

Conditions Not Similar. Conditions here and in Montreal, where a rate of \$1.76 now obtains, were stated by President Annis as not to be a fair test, and he urged moderation in the price to be fixed.

"Submit your motions now," said he, and let us know what you will do about the price of milk in the future. There was a short informal discussion, and a motion was submitted. It called for \$1.75 a can, and that for eleven months of the year.

The next was \$1.60 for the winter months and \$1.30 for the summer.

The third and last was for the winter months only, and asked for \$1.60 per can.

The latter proposition was frowned down as being too low, and the original motion, \$1.75, as being too high, and by common consent and as the voice of one man the meeting declared for the first amendment, \$1.60 and \$1.30.

The prices quoted are subject to charges for hauling, which will reduce the net income to the farmer to \$1.40 and \$1.10.

Auditors Submit Report. The report of the auditors, Messrs. Darling and Martin, showed the receipts for the year to be \$402, and the expenditure \$228.22. For his services as organizer, A. J. Reynolds was voted the sum of \$150, while \$10 was given to each of the executive.

W. M. Smith and H. B. Cowan were appointed scrutineers, and these directors elected W. C. Grubbe, E. J. Lecker, Levi Annis, Toronto; Mr. Cornell, Scarborough; Anthony Forster, Locust Hill, and A. J. Reynolds, Danforth.

Levi Annis and W. C. Grubbe were named on the board of directors to represent the Toronto milk producers on the board of the proposed National Dairy Show to be held in this city.

As to the effect upon the situation locally, it is too early yet to hazard a guess. The new schedule of prices, fixed by the farmers, does not come into effect until Nov. 1, instead of Oct. 1, as in other years.

The large dealers are evidently averse to entering upon any discussion of the matter at all, but one of these most active in fighting the advance in his spring, and who refuses to allow his name to be quoted was more outspoken.

"There will be no concessions made this time to the farmers, you may rest assured of that," said he, "without a corresponding advance to the general public. Consider the war and tear, less from bad debts, and a dozen and one things, there is no money in the business now. If," he continued, "the farmers think there is money in forming a co-operative company and delivering milk around town, let them try it, for private houses."

He conceded the advance the public will have to pay 10 cents a quart. Will they do it?

NORTH TORONTO.

Mayor Calls Public Meeting—Barn and Contents Go Up in Smoke.

NORTH TORONTO, Sept. 15.—The following requisition to the mayor is in circulation, and said to be largely signed: "The undersigned ratepayers of the municipality of North Toronto respectfully request that you will convene a public meeting of the ratepayers of the town, to be held at as early a date as possible, for the purpose of discussing certain matters which we consider of great importance to the welfare and prosperity of the town. Among others:

"1. The question of establishing and operating an electric light plant to supply light for the street of the town and for private houses."

"2. To discuss as to what ought to be done at the present time in regard to the unwarranted encroachment of the Metropolitan Railway switches upon the highway, and to see what steps ought to be taken to procure, if possible, a better service from the said railway company."

The county police court, presided over

by Magistrate Ellis, in the county court house, to-morrow (Monday), at 11 a.m., promises to be a heavy one. William Sidney of Curtis' Corners, Whitechurch Township, will be required to answer to a charge of stealing about \$200 worth of copper wire from the Metropolitan Railway.

Fred. Chatterley of Davisville is charged with the theft of a bicycle, valued at \$10, from the farm of Mr. Granger's farm, Newtonbrook, burned to the ground, and with it the season's crop of hay and grain. Mr. Granger just completed threshing yesterday forenoon, when the feed cutting box was attached to the engine and while at dinner fire broke out. It is supposed that the binder, while in the straw, twisted around the shaft of the cutting box and caused the boxes to heat and eventually burst into flame, which caused the destruction of the barn.

William Doughty, while driving his milk wagon east on Eglinton-avenue, yesterday afternoon, came into collision with a south-bound Newmarket car, throwing the rig off the track. The wagon was not damaged, but Mr. Doughty, who was pitched out, received a severe cut on the head and his little boy, who was also thrown out, got his face disfigured. Considerable milk was spilled and a lot of bottles broken. Dr. Crawford, the company's physician, attended to the injured ones.

A great many citizens living north of Glengrove-avenue are complaining that the York Radial Railway Co. does not provide shelter for passengers at Glengrove. Last Tuesday, they say, they were compelled to stand in the freezing rain, waiting for belated cars. The same company provides a number of shelters on the lake shore divisions, and the question is being asked, "Why can they not do the same on their Metropolitan division?"

The seven brick veneered houses under construction by Mr. Emerson of Oshawa, on Montgomery-avenue, are being pushed forward with all energy. Ex-Councilman James Peers is supplying the bricks.

A special meeting will be held in St. Clement's school room to-morrow (Monday) evening. The building of the day-school, which is under construction, calls for this meeting.

The Rev. J. L. Campbell of St. David's, Ont., preached in the English Presbyterian church both morning and evening to-day.

MARKHAM.

Principal of School Has His Hands Full—Fine Song Service.

MARKHAM VILLAGE, Sept. 15.—Mr. and Mrs. F. A. Reesor, who, with their family, recently removed from Markham to Ottawa, will, it is said, shortly move to Toronto.

The directors of the East York and Markham Agricultural Society are sanguine regarding the outlook for the Canadian country fair. Entries are coming in well, the grounds and buildings are in good condition, and A. Ward Miller, secretary, expects a number of years.

The choir of St. Andrew's Church, together with the pastor, to-night gave what is known as the "Wee David" song service, consisting of songs, solos, quartets and choruses. The service was most successful and largely attended.

Four valuable Clydesdale mares belonging to James Torrance, which were standing under the grand stand on the fair grounds during a recent thunderstorm, were unharmed. About \$50 damage was done to the grand stand.

Principal Reed of the Markham High School has already 154 students enrolled, with more coming this week. Of these, 62 are in form 1, and 18 in the senior teachers division.

AGINCOURT.

Thresher Meets With Accident—Pasture and Roots Doing Well.

AGINCOURT, Sept. 15.—The rain of last week has freshened up the fields in this locality wonderfully. It will also help the root crop very much. There is very little fall wheat being sown this year, fully 50 per cent. of the farmers not sowing any, as it has been a very uncertain crop for a number of years.

George and Matthew Elliott, W. G. Johnston, Walter Hood and W. El. Hoyt left here for a trip thru the wheat fields of Manitoba and the northwest on the C.P.R. home-seekers' excursion, and report the prospect for a good crop is very promising. If the frost keeps away for another week or two, the C.P.R. home-seekers' excursion, and report the prospect for a good crop is very promising.

While the Degear Bros. were engaged in running their threshing outfit at Thomas Weil's last week one of the brothers undertook to oil the self-feeder while it was in motion. He unfortunately let the oil can fall for it, but he made a grab for it, but one of the knives caught his arm, making a gash about six inches long and one inch deep in the fleshy part. He was taken to the hospital at Agincourt, where he is now lying, and it is expected under the circumstances.

SCARBORO TOWNSHIP.

Friends of Temperance in Suburban Township Are Zealous.

SCARBORO, Sept. 14.—(Special.)—All doubts as to whether a local option measure will be submitted at the next municipal election have been set at rest by the submission to the township clerk of a petition signed by nearly 400 regularly qualified ratepayers.

Township Clerk Crawford was instructed to prepare a by-law, which will be submitted at the next meeting of council.

In York Township the local option committee are vigorously and quietly pursuing their plans, and a dozen will in due time be presented to the township council, asking them, as in the case of Scarborough, to submit the matter to a vote at the January elections.

TORONTO JUNCTION.

Boy Has Marvelous Escape From Death—Army Officer Leaves.

TORONTO JUNCTION, Sept. 15.—George Hastings, a 12-year-old boy, narrowly escaped serious, if not fatal, injury to-night at the Royce-avenue railway crossing.

A freight train and coal cars blocked the road and the boy was attempting to cross between the cars when they were suddenly shunted and the boy was thrown to the ground, one of the wheels passing over his little finger, crushing it to pieces. The boy went to Dr. Gilmore, who dressed the

injury and sent for the boy's parents, who reside on Machinist-avenue, Toronto. When they arrived they considered the case serious and had the boy removed to Grace Hospital.

Principal Jewett of Carlton School, who has been away for the past few days, is developing serious symptoms of typhoid fever. He is being attended by Dr. Macnamara.

The sidewalk on either side of Dundas-street has been completed, and the city limits to about half way between Western-avenue and Union-street.

Considerable difficulty has been experienced in raising the old sidewalk at the corner of Dundas and Union-streets. The walk, which was laid about a year ago, is so hard that men complained that it was worse than a stone quarry.

Lieut. Chris of the Salvation Army gave his farewell address to-night before leaving for Fencible Falls, where he has been transferred.

The Salvation Army will hold a harvest home festival next Saturday, Sunday and Monday. At the Monday evening meeting, which will be held in St. James' hall, an interesting exhibition will be given of seed-time and harvest, and all the intermediate stages of the development of plants will be placed on exhibition.

The car service from the Junction to the city this evening was very irregular and made the commuters very annoyed. There would be no car for about 15 minutes, during which time a crowd would have collected at the Union Stockyards for to-morrow's market.

There are 55 cars of stock in the Union Stockyards for to-morrow's market.

The regular meeting of the town council will be held to-morrow evening.

There was a large attendance at the sacrament held, both morning and evening, at Victoria Presbyterian Church to-day.

Rev. Mr. Simpson, supernumerary of Toronto Junction, preached at the Annette-street Methodist Church to-day, where he is suffering from a severe cold.

The item in this column a few days ago, suggesting the improvement of the street appearance of the Chinese laundry at 90 West Dundas-street was divided in the price of Rev. Dr. Hazen, who is suffering from a severe cold.

Monday, Sept. 16.

Store Closes Daily at 5.30 p.m.

A Carload of Linoleum at 33c

WE'RE very strong about this comparatively low-priced linoleum. It has come all the way from Scotland, where they enamel the colors on "for keeps." In this immense quantity at one price, you'll be able to choose patterns that will suit any part of any house. Some of it looks like oak flooring, so ne like tile, some floral designs—Come and inspect it Tuesday morning.

5000 square yards Heavy Scotch Printed Linoleum, in 2, 3 and 4 yards wide, in Floral, Block, Tile and Parquet designs, in extra large range of light and dark colors. A very suitable Cloth for Stores, Dining-rooms, Kitchens, Halls, Vestibules and Bath-rooms. Thoroughly well painted and seasoned, which we can guarantee for hard wear. Regular 50c square yard. Linoleum Sale Price, per square yard 33c

New Underwear for Men Underpriced

HAVE you thought about your underwear for Autumn yet? If not, here's a compelling price announcement—a chance to save about half a dollar a garment on fine imported underwear.

Men's English Natural Wool Underwear, single or double breast, light and medium fall weight, guaranteed unshrinkable, and non-irritating, sizes 34 to 44. Regular value \$1.25 per garment. To clear, Tuesday 79c

Men's English Flannelette Night Robes, extra long and wide yoked backs, double stitched throughout, sizes 14 to 19. Regular 75c and \$1.00. Tuesday 50c

Half Hose About Half Price

THESE are the kind of socks man look for, when they wish to appear at their best—and they're willing to give half a dollar for them, too. Now you'll save yourself a hunt and twenty-one cents a pair, by coming directly here at 8 o'clock Tuesday morning. The quantity is limited.

Men's Fine Imported All-wool Cashmere Half Hose, fancy checks, also neat silk embroidered fronts, double heel and toe, all sizes. Regular 50c. On sale Tuesday, per pair 29c

CONCRETE SIDEWALK

Tenders will be received by the undersigned, up to 7 p.m., on Saturday, the 21st Sept. 1907, for building concrete sidewalk on Belknap-avenue, Township of York, north of Queen-street east. Specifications, plans, etc., can be examined at Town Engineer's Office, 100 Queen-street, Confederation Life Building. Any tender not necessarily accepted.

PETER S. GIBSON & SONS, York Township Engineers, Willowdale, Sept. 15, 1907.

Keith is a busy man looking after the entries.

The Metropolitan Railway have canceled the late Saturday night train leaving here at 10.30 p.m. for Jackson's Point.

Newmarket contributed \$70.33 last year to the Upper Canada Bible Society.

Mr. McRae, a Knox College student, conducted the services in the Presbyterian Church to-night. Since the resignation of Rev. N. A. Campbell, the Rev. Mr. Amos of Aurora has been appointed to moderate a call.

WESTON.

Foreigner Meets Shocking Death Stealing Ride.

WESTON, Sept. 15.—(Special.)—Last night about 9 o'clock as the C.P.R. train going east passed the Church-street crossing the driver noticed something lying across the G.T.R. tracks, which at this point paralleled the C.P.R., and when they arrived at the station notified the authorities.

A search revealed the body of an Italian, presumably about 40 years of age, but so terribly mangled by the passing over of a train as to be wholly unrecognizable. The local coroner was notified, and a jury empaneled to-day, who, after viewing the body and hearing the evidence of one or two witnesses, returned a verdict of "accidental death."

The conductor of the local way freight from the west reports that at Brampton a foreigner approached him and asked for a ride to the city, which the latter refused. It is supposed that the man, under cover of darkness, was stealing a ride, and in some unaccountable way missed his footing, and fell from the car, the wheels passing over his body.

FOUND A GOLD WATCH.

H. E. Johnson found a lady's gold watch in the parliament buildings on Saturday morning.

NEWMARKET. Looks as Tho North York Fair Would Be a Hummer.

NEWMARKET, Sept. 15.—The program of the Newmarket County Fair, which opens here on Wednesday morning, is one of the most attractive ever offered by the directors of this fair, the pioneer agricultural societies. While the fair practically opens on Tuesday, it will be done except the placing of exhibits.

On Wednesday the school children's parade will leave the north end at 12.30 p.m. for the fair grounds. There will be a prize of \$15 for the largest and \$10 for the school coming the greatest distance. At 2 o'clock Tom Longboat will race against four professional runners, and on both evenings of the fair a big display of live stock, and running races, and on both evenings of the fair a concert in the town hall. Secretary
