The Humboldt Sets Sall.

Seattle, Wash., Sept. 24.—Soldiers and civilians mingled together in a busy crowd on the dock where preparations were being made for the sailing of the steamer Humboldt for St. Michael, Alaska. Lieut.-Col. Randall, with his 25 men from Port Russell, looked fit to cope with the rigors and the hardships of the winter confronting them in the Yukon. The company had 150 tons of stores and provisions. Besides the baggage of the soldiers, the Humboldt carried 400 tons of steamboat machinery. A part of the detachment will be stationed at St. Michael and the rest will go up the river, being stationed near the Alaskan-British Columbia boundary.
