Lectures to Miners.

Mr. J. W. Lectures to Miners.

YORK TOWNSHIP COUNCIL

A full membership was present at yesterday's meeting, the regular monthly one, which was presided over by Reeve Duncan. The commisioners' pay sheets were of considerable length, and it was well into the afternoon before the Finance Committee disposed of them, and the minutes of previous meeting were read.

Among many communications the following are the most noticeable: Mr. G. H. Galbraith, solicitor for Messrs. Hogg & Holden of East York, threatened to procure a mandamus to compel the township to replace a bridge over the Don near his clients' property. York township is about inured to suits and threats of actions, and the above did not in the least disturb the members' equanimity.

An application from Mr. M. O'Saillvan for a grader be used on the town line of Scarboro and York, was acceded to, the adjoining municipality to pay half the cost. Buckwheat-Nominal.

Peas-Quoted around 46c to 48c north and Scarboro and York, was acceded to, the adjoining municipality to pay half the cost. Ald. Hallam sent a very polite invitation to the Council to renew their visit to Rosedale to see if he could not impress them with the absolute necessity for a new roadway from Summerhill-avenue south. The city alderman hinted that at the present and the prepared meeting he had prepared TORONTO FRUIT MARKET. to the fact that the season for strawberries is nearly over, and raspberries are just beginning to come forward in quantities.

There were more buyers than fruit, and prices were higher than any day this season. Strawberries sold from 5c to 9c; raspberries, 11c to 12c; cherries, cooking, 75c; ox-hearts, \$1.25 per basket; goose-berries, 15c to 25c for small varieties and the council intend to grant—something even more delicious than this would await their coming.

Mr. B. Tomlin's application for a cinderpath on Rudolph-avenue was handed to basket; beans, 50c to 60c per 12-quart basket, and new potatoes, 35c per basket.

Mr. Julian Sale seked for many date.

required improvement at an early date.

Mr. Julian Sale asked for some improvements to roads and sidewalks on. Binscarth-road, Rosedale, but this thoroughfare not yet having been dedicated to the muni-Montreal Live Stock Market. cipality, the improvement will have to wait a more favorable occasion. The British Canadian Loan Company are

ness to purchase 7½ acres near the Don for the manufacture of a fertilizer if the Council would sanction the business. Providing a suitable building is erected by Sept. 1 next on the premises, the request was granted, subject to inspection by the Reard of Health. granted, subject to inspection by the Board of Health.

Re repairs to Davenport-road by the Toronto Suburban Raflway, W. P. Close, manager of the company, wrote that he had not yet been notified by the engineer of the township of the repairs required to be made.

Mr. George Haskings stated his

Land speculators at township lots with have to possess themselves in patience for a year, a bylaw being yesterday passed deferring any sale for that period.

The public schools in the municipality can now make application for their portion of accrued interest on school fund principal, a bylaw apportioning the amount having been

passed.

The new bridge built at York Mills by the County of York Council, according to Engineer Gibson, extends across a right of way belonging to the township, and a resolution was passed yesterday notifying the county that they would be held responsible for any extra cost incurred by the township in opening up the highway from Yonge-street west.

The passage of a general purpose bylaw for \$2707.03 closed the day's business.

Mr. W. K. Stewart, B.A., '97, known to all his classmates as "Billee," who took a brilliant course at Toronto University and was appointed Fellow in Moderns at Harvard last year, has received the degree of M.A. from Harvard in his chosen course, Germanic languages.
