VICTORIA-SQUARE SCHEME.

The Proposition Now Taken Up With the Right Sort of "Go."

MAKING CONVERTS DAILY.

City Solicitor Permits His Personal Views of Etiquet to Stand in the Way of the Citizens' Interests—That Vestibule Suit—Voice of Labor Not to Be Represented on the Industrial Exhibition Board—Red Tape Rules in the Way—General City Hall Gossip.

The Victoria-square proposition is reviving to a vigor it never knew before. It is making converts daily. Of these perhaps the most notable has been ex-Mayor Alexander Manning. Mr. Manning, who has perhaps $1,000,000 worth of property within a quarter of a mile radius from the corner of King and Yonge-streets, and who is perhaps the most heavily assessed man in town, has changed from inveterate hostility to the scheme to the opposite extreme. Petitions with some thousands of signatures were presented to Council at last meeting by Ald. Leslie, the new parks' exponent.

The Mayor is in a very thoughtful and convertible mood himself. It took him a long time to see the virtue in market improvement. But he saw it at last. Those who have had his confidential ear say that in a few days, in which time it was promised at yesterday's Board of Control that Victoria-square would come up for settlement, he will see the merit of the new park scheme. At any rate Controller Leslie promises to force the thing, so that an old issue has risen from its own ashes and will be heard of between now and election time.

Architect Sheard's Report This Week.

Meantime Architect Sheard is expected to have his revision of the Denison-Symous estimates and plans for the remodelling of St. Lawrence Market completed this week. He has so promised, and in the ordinary sequence of events the bylaw must be ready for next Monday's Council. If not it will be necessary to call a special meeting in order to begin the advertising before Dec. 10.

Is the Solicitor Easily Jollied?

The Solicitor's Department is engaging the thoughts of some of the aldermen just now. This particularly applies to Ald. Bowman. There is a strong suspicion in the mind of the latter that the city's legal representatives are rather easily jollied by opposing counsel. Ald. Bowman, after various efforts, got a motion through Council which called upon the Street Railway to put vestibules on the rear end of their cars. The agreement plainly read that they could be so compelled. The City Solicitor, in taking the action of the Police Court, was baulked by an application from the company for a prohibition preventing Police Magistrate Denison from trying the case. Last week Mr. Justice Rose gave judgment refusing the prohibition, and thereby confirming the jurisdiction of the Police Magistrate to try the case. It came up in the Police Court on Friday, but Ald. Bowman and the Mayor were surprised to learn from Saturday morning's papers that the city's legal advisers had consented to an adjournment for a week, because of a promised appeal by the company against the judgment of the court.

Extreme Professional Courtesy.

There was not then nor is there now any legal reason why the case should not be pushed, and it is understood that the Magistrate was willing to hear it then. Ald. Bowman, enquiring on Saturday as to why the case had not been proceeded with, was incensed to learn from City Solicitor Caswell that he was delaying to wait for a notice of appeal from Mr. Bicknell, the company's solicitor.

"But why did you anticipate a notice of appeal in this way?" asked the alderman.

He was told that it was done out of courtesy to Mr. Bicknell, who had then enough on his hands, in the shape of his clients' appeal against assessment, and was unable to handle another brief.

Bowman Vents His Wrath.

Ald. Bowman could not understand this little display of professional etiquet, and told Mr. Caswell so. When he came away he relieved his perturbed mind to The World.

"Fancy," said he, "the city's legal advisers facilitating an appeal against assessment. Supposing he had a private client instead of the city, how long would he stand for a jolly of that kind? Or supposing the conditions had been reversed, would a private corporation's counsel have extended the same courtesy to the city? This thing must be settled at next Friday's court. We don't want to have the company jollying us along on this thing until spring, when the agreement will cease to apply until Nov. 1 again. But at the present rate that's what it means."

It was only yesterday that the notice of the company's appeal reached the city's hands. Even now, according to Mr. Caswell, the company may be prosecuted pending the hearing of the appeal. If the appeal should result in a reversal of the judgment, the fines, if any are inflicted, could be refunded.

Union Men Fall Again.

The Parks and Exhibitions Committee yesterday afternoon, after wrangling for a couple of hours, sent back to the Board of Control the drafted conditions of the new lease to the Exhibition Association, practically with no amendments to the recommendation sent back to them from the Board of Control. A feature of the discussion, though the shortest part of it, was the rejection of a motion by Ald. Woods reinstating a clause to guarantee membership on the association to one member of the Trades and Labor Council and one of the Federated Council of Building Trades. Ald. Leslie headed the opposition to it, basing it on the clause in the charter which provides that new organizations may be affiliated with the association only by vote of the association. Ald. Woods stuck out to have recognition of the unions one of the conditions of lease renewal, but his motion was lost on the following division:

Yeas—Ald. Woods, R. H. Graham and Hanlan—3.

Nays — Ald. Leslie, Lynd, Sheppard, Davies and Crane—5.

Clause 3 the Offender.

But clause 3 was the scene of a long, drawn-out battle between Ald. Sheppard and Leslie. It reads thus:

3. That the association hand over to the city on Feb. 28 next all the money in its possession, to be applied to the incumbrances now upon the property concerned, except $10,600, which shall be retained by the association, as required by its charter, and kept on hand for exhibition purposes.

Two Ways of Giving $10,000.

Ald. Sheppard contended that since, according to Manager Hill, there was only a bank deposit of $23,000 to meet an accumulated overdraft of $30,000, there was no $10,000 for the association to retain. There was instead a deficit in cash of $7000. The surplus of $131,000 assets in buildings, etc., over and above the mortgage of $85,000, held by the Canada Life Assurance Company, was not considered in the discussion, which involved only cash. Ald. Sheppard, therefore, considered the business methods to be to pay off the $7000 deficit and give the association $10,000 in cash.

Ald. Leslie, on the other hand, objected to having to leave this for the estimates. He did not want to leave the association stranded and penniless until next estimates. His way was to allow the association to retain $10,000 of the surplus of $23,000 left by last year's show, to devote the $13,000 remaining to pay off part of the $30,000 overdraft, and to wait for events to meet the other $17,000.

Clause Carries by Tie Vote.

Ald. R. H. Graham, after a long debate on the best way to hand over $10,000, moved to pay the $7000 overdraft, and to guarantee $10,000 credit to the association. This was near enough to what Ald. Sheppard wanted to gain his support, but on a tie vote it was lost, as follows:

Yeas: Ald. Sheppard, Crane, R. H. Graham and Woods—4.

Nays—Ald. Leslie, Lynd, Davies and Score—4.

The only amendment made to the clause was the addition of a rider that money handed over to the city should be applied to all present liabilities of the association.

The clause as before published then carried.

Architects Enough Now.

The Board of Control dealt with some trifling odds and ends. Herbert G. Paull architect, wanted to submit a plan for market improvement, which had been endorsed by market lessees, but the Board did not entertain it. Ald. Hubbard pointed out that Council had given the Board no authority. Ald. Burns thought two architects working on the building now were enough. The Mayor said if Mr. Sheard's report was not satisfactory it would then be time to look for others.

G. B. Jones' application on behalf of the Toronto Cold Storage Company for manufacturers' water rates was referred to City Treasurer Coady. He is alleged to manufacture cold air.

The Board consented to allow the Ontario Lime Association $10 damages connected with Queen-street subway.

Dean Bros. May Put on Names.

Chairman Sheppard of the Fire and Light Committee, appealed to allow Dean Bros., the contractors for the keyless fire-boxes, to have their name stamped on the same. He said they were local men, and should be allowed to advertise themselves like previous contractors. "Your eloquence has prevailed," said His Worship.

Churches Must Put Down Gamblers.

But the relaxation of the afternoon came with the application for a rebate of the $25 license charged the anti-gambling crusader, who held forth at 10 cents admission at 93 Yonge-street. His appeal was made through "Bro." E. C. Davenport of City Treasurer Coady's department. Mr. Davenport forwarded a letter, couched in part as follows:

957 Ellicott-square,
Buffalo, N.Y.

Bro. E. C. Davenport:

Dear Sir,—Trusting that you are well, and that the good Lord is keeping watch and ward over you and yours. I write this to ask what disposition His Honor the Mayor made of my petition in regard to the refunding to us of the license money ($25) that we paid to conduct our anti-gambling crusade in your city.

F. W. Chapman.

Mr. Davenport wrote giving notice that if a refund were contemplated, it could be sent to 10 Court-street. But the sending of this address proved quite unnecessary, for Ald. Burns voiced the sentiment when he remarked, "I thought the churches were exempted to keep down gambling."

"J. Castell" and "J. Enoch."

Next the Bodrd were caressed by a book agent, who importuned them to spend $45 for the five volumes of the new work, "Canada; An Encyclopedia of the Country," bearing the label of Mr. J. Castell Hopkins, "contributed to by the best known authorities," and prefaced by Lord Aberdeen, Sir Wilfrid Laurier, Sir Charles Tupper, Sir Samuel Strong and Sir Alex. Lacoste. Ald. Leslie thought it would look nice in the Mayor's reception room at the new City Hall, but His Worship and the others were not settled about going into the reference library business, and the Board will pause awhile.

Mr. J. Enoch Thompson offered to be Toronto's agent at the Falls for his office rent, about $600 a year. The Board will think, but seemed to favor waiting until next year.

City Hall Notes.

The Assessment Commissioner's official statement respecting his arrangement with the vinegar trust, fixing the assessment on their chosen lot at the corner of Front and Spadina, at $8540, and on the buildings at $10,000, for 10 years, was presented to yesterday's meeting of the Board of Control.

The Mayor has written to Lord and Lady Minto, inviting them to become guests of the Council. Their Excellencies will be publicly received during their stay here from Dec. 14 to 16.

Chairman Polson of the Technical School Board states in a letter to Ald. Dunn that his school requires 40,000 square feet of floor area.

The Medical Health Officer and City Relief Officer have reported against a grant to the Nursing-at-Home Mission.

Yonge-street wharf cribbing is being filled by city cellar excavations.

Death in the Air.

The chief cause of consumption is the poisonous matter expectorated by consumptives. The germ is never in the breath of the patient, nor in the exhalations or excretions from the body, except when the bowels have become affected, when it may be found in the stools. Consumption is in the air, and its deadly germs find lodgment in the weak and irritated membranes of the throat and lungs. This explains why consumption is associated with coughs, colds and sore throat.

JAMES CROWELL, of Plainsville, Pa., writes to S. C. Wells Company of Le Roy, N. Y., the proprietors of the Shiloh remedy: "My two brothers were taken down with bronchitis and inflammation of the lungs, and doctors seemed to be of no use. We were induced to try Shiloh's Cough and Consumption Cure, and found that it gave immediate relief, curing them within a very short time."

Shiloh's Consumption Cure is sold by all druggists on a guarantee that the purchase money will be refunded in case of failure. 25c., 50c. and $1 a bottle in Canada and the United States. In England, 1s. 2d., 2s. 3d. and 4s. 6d.

THE BOUNDARY LINE.

When a young girl steps from girlhood into womanhood, she enters a new and strange country; a land of promise and hope, yet full of hidden danger. Whether she will find happiness or misery depends

largely upon the health and condition of the delicate, special organism which is the source and center of her womanhood.

The lives of young women are often wrecked because of a mistaken sense of modesty, which leads them to neglect the earlier symptoms of feminine weakness.

These troubles unless corrected, develop into serious chronic difficulties which become a dragging burden, ruining life's best opportunities and blighting all possibility of happy wifehood and motherhood.

Any woman suffering from these delicate complaints needs the health-giving power of Dr. Pierce's Favorite Prescription. It heals and strengthens the womanly organs; stops weakening drain; gives vitality to the nerve-centers, and restores perfect organic soundness and constitutional energy. It is the only medicine devised for this purpose by a skilled and experienced specialist in diseases of the feminine organism.

Every woman may be healthy if she chooses. She need not submit to the humiliating examinations and local treatment of physicians. She need have no trouble and slight expense. Dr. Pierce's Favorite Prescription will cure any disease or disorder peculiar to women. It has been sold for over 30 years.

Mrs. W. B. Duncan, of Arlington, Mo., writes: "I have used your 'Favorite Prescription' and am never tired of sounding its praise. When my lady friends complain, I say 'Why don't you take Dr. Pierce's Favorite Prescription?' I told an anxious mother, whose daughter (18 years old) had not been right for five months, about the medicine, and after the young lady had taken two-thirds of a bottle of 'Favorite Prescription' she was all right. She had been treated by two of our best doctors."

"I took twelve bottles of Dr. Pierce's Favorite Prescription and about the same quantity of his 'Golden Medical Discovery,'" writes Mrs. J. C. Henry, of Strong Avenue, Elkhart, Indiana. "At the time I commenced taking your medicine I had been sick for over a year. Had doctored with five different doctors but they did not agree as to what my disease was. Then, I did not take any medicine for a long time until a friend wrote me about your medicine, and told me what it had done for her. I determined to try it. When I commenced to take it, I only weighed 92 pounds. Had a hard cough and was very nervous. Had some pain around my heart. Had wasting drain from internal organs very bad; dizzy head; very despondent; would have a chill when my stomach would bother me, and it would palpitate like a pulse beating. I could not sleep well nights; thought all the time that I would die. Have some of those spells now, but when I feel a little sick I just take my old stand-by. Have a nice baby boy, fifteen months old. I took the 'Favorite Prescription' at that time and was only sick a little over an hour and was not very bad then. The child was a nice, big baby. My weight now is 105. I am entirely cured of the female trouble."

"After reading your book I got three bottles of your 'Favorite Prescription' for my wife to try," writes George S. Richardson, of Little Creek, Kent Co., Delaware. "It is praised so highly for women with child, and she took two bottles and half of the third before the child was born, and the medicine did its work to perfection. She gave birth to a 9¼ pound baby girl. Our other babies were always weak and delicate, and this one is plump and fat. It is three months old and it has never had a day's sickness, and it is all due to your 'Favorite Prescription.'"

As a medical author, Dr. Pierce holds an eminent place in his profession. His great thousand-page illustrated book, "The People's Common Sense Medical Adviser" is one of the standard medical works of the English language. Nearly 700,000 copies were sold at $1.50 each. A paper-bound copy will be sent *absolutely free* for the cost of customs and mailing *only*, 21 one-cent stamps; or, cloth-bound for 50 stamps. World's Dispensary Medical Ass'n, Buffalo, N. Y.

Pearson, appointed to Palmerston; Miss Woods, appointed to principal's assistant in Victoria-street; Miss Adair, transferred from Givens to Huron; Miss Mitchell, promoted to principal's assistant in Manning-avenue; Mr. Spears, appointed principal's assistant in Church-street.

IN THE POLICE COURT.

At yesterday's Police Court Thomas A. Nicholson was arraigned on a charge of sending a letter to A. G. Delameter, challenging him to fight a duel. He elected to be tried by a jury, and was committed for trial at the December Sessions.

Robert Stephen of Portland-street was convicted of threatening his family with an ax while he was on a spree. A fine of $20 and costs, or 20 days in jail, was imposed.

Charles Harris of 280 Queen-street west was charged with stealing $15 from Louisa Pearce of Elizabeth-street. He was remanded until to-day, bail being refused.

Robert Rolston, a young man, was fined $1 and costs for disorderly conduct near his home on Montague-place.

Bruno A. Grierson, the Ottawa merchant tailor accused of defrauding Messrs. Charles Cockshutt & Co., out of $56 worth of goods, was further remanded for a week.

Will Meet His Accuser.

Rev. J. A. Macdonald has received a letter from H. S. Jenanyan, saying that he is obliged to leave the city for a short time, but will return and will be quite willing to meet his accuser before a committee of Christian gentlemen and answer all charges preferred against him.

ONTARIO LADIES' COLLEGE.

Annual Meeting of Shareholders—A Prosperous Institution—Interesting Reports Presented.

The annual meeting of directors and shareholders of the Ontario Ladies' College, Whitby, took place in the board room of the college last week, and was largely attended. Amongst those present may be mentioned: Hon. George A. Cox, president; Rev. E. H. Dewart, first vice-president; Mr. L. T. Barclay, second vice-president; Mr. J. S. Barnard, secretary-treasurer; Rev. Dr. Potts, Hon. Charles Drury, ex-Mayor Kennedy, Ald. Score, Messrs. R. C. Hamilton and W. H. Orr of Toronto; Mr. William Ross, Port Perry; Mr. Joness, Bowmanville; Messrs. G. Y. Smith, George Ross, Dr. Adams, Dr. Meldrum, Mr. D. Ormiston, Mr. W. J. Greenwood, Rev. Dr. Hare, etc., of Whitby.

The meeting was very harmonious and enthusiastic. Pleasing reference was made to the recent visits of His Honor the Lieut.-Governor and Their Excellencies the Earl and Countess of Aberdeen.

During the year one of the oldest members of the Board, and one of the truest friends of the College, the Rev. D. C. McDowell, had been laid to rest from his labors, and Mr. Warring Kennedy submitted a resolution of condolence with the widow and family, which was carried by a standing vote, and ordered to be suitably illuminated. All the officers of the Board for last year were re-elected. Two vacancies on the Board were filled by Mr. J. M. Treble of Toronto and Mr. Hazard Wilcox of Whitby. The Executive Committee will be the same as last year, with the addition of Hon. Charles Drury. The Faculty Committee is the same as last year, with the addition of Mr. R. C. Hamilton.

Interesting reports were presented by Mr. Barclay from the Executive and Faculty Committees, whilst the Rev. Dr. Hare, principal, presented a report of the educational work and needs of the College, and outlined its possible future development. Like Dr. Parkin, Dr. Hare believes in the need of "great culture training centres" not only for boys but also for girls and young women, and stated in his report that these institutions, when properly managed, and developed, were fraught with greater and more beneficent results for the individual and the nation than any number of little private schools. All were loud in their praise of the foremost place that the Ontario Ladies' College had taken in the liberal education of women, and pledged their assistance to increase its strength and popularity.

From the student standpoint the year has been a remarkably enjoyable one. Apart from the special lectures, recitals and visits from distinguished persons, the students have had their own unique entertainments, amongst which may be mentioned the fancy dress and promenade concert on Hallowe'en night, and the art museum provided by the art students last Friday night. Both entertainments were cleverly carried out and provided untold amusement for all present. Thanksgiving evening is preempted by the Elocution Club for an evening of song and dramatic recital.

Greater Britain Exhibition.

Mr. H. E. Crawford of Montreal, commissioner for the Greater Britain Exhibition, is in the city furthering the interests of that enterprise. The Greater Britain Exhibition, which is to come off next year, will be the fifth and most important of a series of similar exhibitions which have been held at Earlscourt, London, under the present management. It will afford to all the British colonies and dependencies in every part of the world an opportunity for bringing their arts, manufactures, products and inventions before the public of the United Kingdom and the world in general.

A Call From Vancouver.

Rev. E. E. Scott, pastor of St. Paul's Methodist Church, has accepted a call to Homer-street Church, Vancouver, B. C. Dr. Eby, the present pastor, will come to Ontario and join the Toronto Conference.

A BRAVE SOLDIER

Tells How He Contracted Rheumatism on Service.

His Sufferings Were Terrible and He Could Get No Relief Till He Began Using Dodd's Kidney Pills—Then His Cure Came Quickly.

Windsor, Nov. 21.—"I have suffered for many years from chronic rheumatism," writes Mr. F. G. Fenton of this city. "I have seen active military service on different occasions, in different climates, and the hardships I have borne sowed the seeds of the disease in my system, and nourished it, till it had me completely in the toils. I went through the Northwest campaign, 1885, and after my return home I thought I would never be of use again.

"My sufferings were past the power of words to describe. Every joint was a furnace of fiery, burning pain. Every movement seemed to tear my flesh asunder. I used remedy after remedy, but with always the same result—failure.

"Finally, thank God, I was advised to use Dodd's Kidney Pills. I did so, and the result is told in three words—they cured me.

"I have served in the 33rd (British) Regiment, through an Indian campaign, and in No. 2 company, R. R. C. I., and my comrades in the latter corps can vouch for the truth of these statements."

Mr. Fenton is a man who has earned an honorable record in the service of his Queen and country. He knows whereof he speaks, and his word cannot be doubted. Is not his experience with Dodd's Kidney Pills enough to prove beyond dispute that Dodd's Kidney Pills are the one, the only, cure on earth for rheumatism?

Dodd's Kidney Pills are sold by all druggists at 50c a box, six boxes $2.50, or sent, on receipt of price, by The Dodds Medicine Company, Limited, Toronto, Ont.

TRANSPORTATION NEWS.

Commercial Travelers Ask for a Better Train Service Between Brockville and Ottawa.

Superintendent Tait of the C. P. R., who came up to the city on Saturday from Montreal, returned yesterday.

Mr. J. A. Boswell, superintendent of the Ontario Division of the Dominion Express Company, who has been on a tour through the Eastern States for the last few months, on business and pleasure, returned to his duties yesterday.

Mr. J. Hardwell, division freight agent of the Intercolonial at Montreal, arrived in the city yesterday for a short visit.

F. P. Belcher, who for a number of years was agent for the Northern Pacific, with his headquarters at Toronto, and during the past summer was connected with the Georgian Bay and Lake Superior Steamship Company, with headquarters at Winnipeg, as general agent, will be with the Northern Pacific again this winter. Mr. Belcher will remain at Winnipeg and act in the capacity of agent.

The Canadian Pacific elevator at Owen Sound contains at present 800,000 bushels of western wheat, 800,000 bushels more afloat, including 800,000 bushels awaiting shipment on the docks. The company are sending five train loads to Montreal every day, and this season is the biggest that the C. P. R. has ever experienced in the way of shipments of grain.

During the past week the Grand Trunk has sent east 25 trainloads of freight every day, which shows to a great extent the busy season that is at hand. Each train consisted of 25 cars, and all were heavily laden with general merchandise.

Brockville and Ottawa.

A deputation of the travelers of Eastern Ontario will wait upon the officials of the Canadian Pacific in regard to the present train service on the Brockville-Ottawa branch of the road. The interested parties want a faster service from Brockville to Ottawa, which they say is at present too slow, and will ask for a revision of the time-table.

The remains of the late John Palmer Johnson, who passed away on Saturday at the residence of his brother, on Phoebe-street, were removed to the Union Station yesterday morning by Undertaker W. K. Murphy. The deceased lived at Midland and, while visiting in Toronto, died suddenly. The body was placed on the Grand Trunk 8.05 train and taken back to his home for burial.

The Canadian Pacific is already making arrangements for the Christmas traffic. Cheap rates will be announced from Manitoba and Northwest points to all places in Canada.

Ticket Agents Will Meet.

The freight agents of the Grand Trunk will hold a meeting in Montreal to-day. Questions pertaining to freight matters will be discussed and everything put in readiness before the general monthly session.

The Railway and Transportation Committee of the Board of Trade has called a meeting for to-morrow afternoon. A report on freight rates in connection with Toronto will be drawn up for discussion.

Word was received yesterday by the local officials of the Dominion Express Company that their superintendent, Ronald Stewart of St. Paul, had resigned to take a similar position with the Great Northern Express Company. He will be succeeded by Mr. S. A. Davis, who is at present connected with the American Express Company at St. Paul.

The members of the Railroad Y. M. C. A. were tendered a tea last night by the ladies on the occasion of the monthly meeting. About 30 were present, and the chair was occupied by Col. Nelles. The reports were presented, which showed that the membership was steadily increasing and that a large number of new facilities had been added to the departments of the institution.

"Blue Noses."

Editor World: I was glad to observe in your columns a few days ago that the Nova Scotians resident in our city intend having a social reunion at an early date. Two or three New Brunswickers discussed the same theme in the Jubilee year, but at rather a late moment to accomplish anything. May I suggest a joint gathering of all those who come from "down by the sea?" There are many, I am sure, from Cape Breton and Newfoundland who would join in such a gathering, and I am sure Mr. Heustis would gladly take the names of any who are so disposed.

Miramichi.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with Rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

Funeral of the Late Andrew McFarren.

Yesterday afternoon the funeral of the late Andrew McFarren was held to the Necropolis, from his late residence, 237 Queen-street east. Only the immediate friends of the family were present, and the services were private. Rev. Dr. Thomas of Jarvis-street Baptist Church conducted the services both at the house and at the grave.

Belleville Notes.

Belleville, Nov. 21.—Hiram McMullen, aged 68, died at midnight from Bright's disease. His wife and three sons survive him.

A commercial traveler from Montreal, who threatened suicide, has been arrested. He will be held for some days in order that his mental condition may be determined.

Mr. Caleb E. Lyons, barrister, died this evening. He was 34 years of age, and leaves a widow and one child.
