

# WITH A REAL PROSECUTION POOLROOM QUILTS THE GAME

Not Prepared for a Long Fight, But  
Mr. Johnston Doesn't See Jus-  
tice in Distinction.

(From the Sunday World.)  
The great stake race has been run, and another "outlaw track" has been put out of business. The much touted Junction "poolroom" is no more. There were no "tips" given out on the concealed raid, which resulted in a successful prosecution.

The case against the Canadian Fishing and Sporting Association, Limited, charged with keeping a common gaming house, came before Magistrate Ellis Saturday morning. There was a big crowd present. The only way to get into the court-room was by showing a subpoena. That was a sure means of admission, and there were a large number with the credentials.

The 11 accused were present: John Brennan, James Williams, Charles P. (secretary), John Hare, Charles Phair, William Smart, William Osborne, William Hare, John Landers, Edward Hopkins, Frank Baby (president). They were represented by E. B. Johnston, and the crown by Mr. Drayton.

**Amended the Charge.**  
Mr. Drayton asked permission to amend the charge to read "did commit an indictable offence by keeping a disorderly house, to wit, a common betting house." This was agreed to.

Mr. Johnston said he was prepared to plead guilty on behalf of his clients, with the exception of William Osborne, Charles Phair and William Smart, against whom he claimed there was no evidence. After listening to Mr. Johnston's address, which was the feature of the trial, the magistrate dismissed these three and adjourned the case to the 22nd inst. In the meantime he will consider what fines he will impose. If he carries out his present intention, the penalties will be something like this:

Frank Baby, \$500.  
John Brennan, \$250.  
John Hare, \$250.  
William Smart, \$250.  
Edward Hopkins, \$250.  
John Landers, \$150.  
James Williams, \$150.  
There is a probability these amounts will be reduced to \$200 the highest and \$100 the lowest.

**Detectives Tapped Wires.**  
It may interest the poolroom men to know that for the past three weeks the wire running into the Junction "poolroom" has been tapped, and the result of each race was received by the detectives in a room rented for the purpose at the Junction Hotel. Inspector Greer had all kinds of it. Those who were taking bets in the poolroom are taking consolation that they will be able to "hand-book" the races.

The next move will be made against the "hand-book" business. When Mr. Johnston entered his plea of guilty, he also agreed to surrender the character of his clients and, after adjournment, he handed in the following resolution, passed by the club, to Mr. Greer:

"A regularly called meeting of the shareholders of the Canadian Fishing and Sporting Association, Limited, at which all the shareholders were present, resolved that the club, which had been formed for the purpose of promoting the game of pool, should be dissolved, and that the property of the club should be sold, and the proceeds distributed among the shareholders."

"Carried unanimously."  
"We hereby certify that the above resolution was approved by all the shareholders of the above association, at a meeting held at the Junction Hotel on this 12th day of May, 1905."

Seal. **Penal Publicity.**  
The defence kept up the bluff of making a fight until the last moment, when they were forced to surrender. It was not for nothing that the names taken by the officers. To have these names made public would mean ruin to many. It is said that a few of the members were told that it would be a contemptible thing to continue the fight and expose their names to the world.

**Change in Time.**  
On Sunday, May 14, in trains to New York and Philadelphia via Grand Trunk and Lehigh Valley leave Toronto 7:35 a.m. daily, except Sunday. 4:10 p.m. daily new fast train for New York and Philadelphia; 7:45 p.m. daily, New York Express, Pullman and dining cars. New timetable in effect May 14.

St. Louis, May 13.—St. Louis was treated to a shower of fish this morning. The rain was so heavy that it poured. One, two inches long, struck the awning of a delicatessen store and bounced to the street. When picked up by the manager it was still alive and vigorous. Several other instances of fish descending in the storm have been reported.

# HOW NEW YORK POOLROOM WAS GUARDED FROM POLICE

But Even Seven Inch Doors, Under-  
ground Passages and Electrical  
Devices Couldn't Spoil Raid.

New York, May 14.—One of the most strongly fortified and most elaborately fitted poolrooms that they have discovered in this city, the police say, was raided yesterday. It was in a four-story house in West Third-street, between Greene and Woodbury streets, Acting Captain Bourke of the Marine street station, under the direction, by telephone, of Police Commissioner McAdoo, and aided by ten plain clothes men and twenty-five uniformed men, made the raid.

Capt. Bourke, when all was ready, walked along in front of the house with a messenger boy as a blind. When he reached the entrance, in front of which the sidewalk consisted of glass and steel iron lights, he had an idea. One of his armed men stepped forward and, with a hammer, smashed a hole in the sidewalk light fixture. The captain seized the hole and, with a hammer, smashed a hole in the sidewalk light fixture. The captain seized the hole and, with a hammer, smashed a hole in the sidewalk light fixture.

Meanwhile other detectives went to the rear of the house and, by means of a messenger boy as a blind, reached the entrance, in front of which the sidewalk consisted of glass and steel iron lights, he had an idea. One of his armed men stepped forward and, with a hammer, smashed a hole in the sidewalk light fixture. The captain seized the hole and, with a hammer, smashed a hole in the sidewalk light fixture.

The captain and plain clothes men found themselves in a small room, the entrance to which was a narrow passage led to the rear of the house. Before they had gone ten feet they encountered a massive oak door, which they broke through with a hammer. # CHARLES NURSE IS DEAD.

Passing of One of Canada's One-  
Time Noted Athletes.

Charles Nurse, the well-known hotel-keeper at the mouth of the Humber River, died yesterday at the age of 63 years.

He was born in Maldstone, Kent, in 1842, and lived for eight years in Brighton, where he received the nautical training that has proved of service to many Toronto people in cases of drowning and redoubted greatly to the credit of Mr. Nurse. He received the medal of the Royal Humane Society at Brighton and held the swimming and diving championships for four years. He also became an expert foot-racer, especially at long distances. In 1871 he came to Toronto and opened a carpenter shop on the present site of Eaton's store. He afterwards opened a saloon in the same place, and in 1878 moved it out to the Humber. His place soon became a very popular resort.

Mr. Nurse had been ill since November last, suffering from a rupture of the muscles of the back, which he had improved, but soon had a relapse, and has since been confined to his bed.

# ARMY TO CAPTURE OUTLAW.

Defied Arrest in House Until It Was  
Blown Up.

Paris, May 14.—The siege of the house in the village of Ussieu, Department of Doubs, which was situated, heavily armed, held in defiance of the authorities, was brought to a conclusion this morning when a lieutenant of engineers placed a charge of melinite against the wall. The soldiers, forming a cordon, withdrew to a safe distance, and the house was blown up.

The entrance to the alleged poolroom for its patrons, Capt. Bourke says, was a narrow passage led to the rear of the house. Before they had gone ten feet they encountered a massive oak door, which they broke through with a hammer.

There was a very pleasant little gathering on Saturday night at the Queen's Hotel, when a number of well known Toronto men, including the late Mr. C. H. Rogers, John Cummings, A. S. Denman, T. J. F. Jones, J. G. O'Donoghue (chairman), William W. Winterbury, W. F. J. Lee, E. J. Denman, and others, were present.
