**INQUEST OPENS.**  
Evidence to Show That Trolley Was  
Not Running Fast.

Taking of evidence at coroner's in-  
quest into the death of Miss Belle Cum-  
mings, 14 Fern-avenue, who died as a  
result of injuries sustained in a col-  
lision between an electric car and a  
Grand Trunk train, at the Front and  
John-streets crossing, Oct. 8, was be-  
gun at city hall last night.  
Ten witnesses were examined and  
the inquest adjourned until Thursday,  
Oct. 15.

The principal witnesses were the  
motorman of the street car and the  
conductor and engineer of the switch  
engine. Their respective statements  
agreed. They implied that under the  
peculiar circumstances of the accident  
—the electric car wheels skidding in  
an unusual degree—such an occur-  
rence might have been averted had  
the crossing gates, which the railway  
company was ordered to provide by  
the railway commission June 23 last,  
been installed.

G. Dalton, motorman, testified that  
his hand brake and sand pipe were in  
working order. His car was running  
at about six miles an hour 1000 feet  
from the tracks, he said. He saw the  
locomotive first as it emerged from  
behind the freight sheds, and then  
shut off the power and applied the  
brakes, but they failed to hold the  
car. He then applied the sand, but  
the wheels had locked and were skid-  
ding. He reversed the power, but to  
no avail.

Joseph G. Bell, 361 Albany-avenue, a  
passenger, corroborated Dalton's tes-  
timony regarding the application of  
brakes. He jumped and thought the  
car was not moving unusually fast, as  
he managed to keep his feet. His was  
about 100 feet from the train.  
John Ralston, conductor, also cor-  
roborated the motorman.

James Burns, engineer on the switch  
engine, did not see the car until it was  
heading straight into his engine.  
W. W. Pope, representing the Grand  
Trunk, and J. Forest, representing the  
Toronto Street Railway Company, were  
present, but asked but few ques-  
tions.

handsome Limoges dinner set and a  
silver tea set in honor of his recent  
marriage. Mr. Yeigh made reply, dur-  
ing which he spoke of the recent re-  
markable growth of adult Bible classes  
and of the varied activities into which  
they were entering. George Ferguson  
occupied the chair and speeches were  
given by Rev. W. G. Wallace, D.D.,  
G. T. Ferguson, Thomas Fisher,  
J. R. Marshall, Hamilton and others.

the leading grain and feed merchants

## INCURABLE HEART TROUBLE

Looked for Death in a Short Time.

Entirely Cured by "Fruit-a-tives."

"Gentlemen—The days of miracles  
are not all past and I feel that my  
complete recovery, from what seemed  
inevitable death, is practically a mir-  
acle. I suffered from severe indiges-  
tion and dyspepsia for nearly two  
years. I could not take food without  
fearful distress and I became almost  
a skeleton as the result of the suffer-  
ing. I could not do any work and be-  
came so run down and weak that I  
could hardly walk. I was attended by  
two experienced doctors. They both  
pronounced my case heart failure and  
incurable, and I looked forward to  
death in a short time. I not only had  
the doctors but after they gave me up  
I tried many remedies and treatments  
but got no better.  
At this time my son asked me to try  
"Fruit-a-tives," and from the outset of  
taking these wonderful tablets I was  
better and gradually this medicine  
completely cured me. I took a large  
number of boxes, perhaps a dozen, and  
now I am entirely cured and I have  
gained over thirty pounds in weight.  
I am now so well that I have sold  
my farm and bought 200 acres more  
land. I make this statement volun-  
tarily for the sake of humanity, and I  
am convinced that "Fruit-a-tives" is  
a wonderful remedy that will cure  
stomach trouble where doctors and  
everything else fail."

(Sd) Henry Speers, J.P.  
The doctors were all wrong. Mr.  
Speers had what we call "irritated  
heart." Indigestion and dyspepsia  
completely upset the stomach. Poison-  
ous gases were formed, which swelled  
the walls of the stomach and pressed  
against the heart.  
"Fruit-a-tives" immediately streng-  
thened the stomach, insured sound di-  
gestion and regulated the bowels.  
There were no poisons—no noxious  
gases remained in the system, and the  
heart was no longer irritated. Then  
the pain and fluttering stopped.  
"Fruit-a-tives" is put up in two sizes  
25c and 50c. If your dealer has not  
both, write Fruit-a-tives, Limited, Ot-  
tawa.

**SALVATION ARMY WELCOME.**  
Commissioner Howard Brings Message  
From Headquarters to Toronto.

Down deep in his heart General  
Booth has hidden away the kindest  
traces in the presidency when the  
occasion arises he gives vent to that  
feeling by despatching accredited re-  
presentatives to this country.  
Last night Commissioner J. Combs,  
with the assistance of Mayor Oliver,  
Controllers Hocken and Spence, and  
Ald. Hales and Graham, welcomed  
Commissioner Howard, who how-  
ever came straight from headquarters in  
London, England, bearing the general's  
message of goodwill and esteem to To-  
ronto and to Canada at large, and to  
add his counsel to the general meet-  
ing of high officers to be held in Toronto  
during the balance of the week. To-  
day the general himself leaves for Eng-  
land from South Africa, where he has  
been conducting a great campaign, and  
last night the great crowd in the Tem-  
ple stood in silent prayer for his safe  
passage home.

Commissioner Howard made an ex-  
tended address of half an hour's dura-  
tion, when responding to the cordial  
welcome he had received. "We hear it  
said over in England," said he, "that  
this is to be the last of the general's  
travels. I hope to have the honor of  
meeting him in making it the century of Canada's  
salvation."

nervous and drug habit.

of Richard Blain was held at the Alton.

carrying flags, and a large number of  
citizens, who escorted him to the  
citizens' hall, which was filled. Mr.  
Blain was accompanied by R. S. Nev-  
ille of Toronto, Brampton and Robt.  
Algie. The meeting was pronounced  
the best political meeting ever held in  
the town.

## POLITICAL NOTES.

The following forecast of the elec-  
tion result has been made up from es-  
timates secured from reliable cor-  
respondents in each province by a Toron-  
to gentleman who is keenly interested  
in politics, and who has sources of in-  
formation which he considers is al-  
most authoritative. As will be seen,  
he gives Mr. Borden a handsome sur-  
plus:

Hon. Adam Beck is expected in the  
city to-day.

Hon. James S. Duff will speak in  
South Oxford to-night.

Hon. W. J. Hanna will accompany  
Hon. R. L. Borden to-night at Brock-  
ville.

At the very urgent request of Hon.  
R. L. Borden, Col. Hugh Clark will  
join him at Montreal and take part in  
the campaign in the Maritime Pro-  
vinces.

At Port Hope last night Hon. G. E.  
Foster addressed a large meeting. Mr.  
Mean of the C. O. H. A. Ward, was  
met at the station by a band, which  
played both at the opera house and  
at Col. Ward's residence.

Premier Whitney and the Conserva-  
tive candidates will speak in Massey  
Hall next Tuesday evening.

The elections of the Toronto Con-  
servative Club will be held next Mon-  
day night at the Temple Building. The  
aspirants for the presidency are Wil-  
liam Worrell, the present occupant of  
the position, and W. L. Purvis, for-  
merly one of the license inspectors of  
Toronto. His independent principles in  
East Toronto last June in endeavoring  
to elect Joseph Russell to the local  
legislature have aroused a feeling  
against Mr. Worrell.

W. D. Earnsey has been strongly  
asked to enter the contest, but his  
political attentions are otherwise en-  
gaged.

There is a possibility of J. F. Loftus  
entering the field, in which event there  
would be a mix-up with varying re-  
sult. For the other positions there will  
be a keen contest, but everything de-  
pends on the presidency. Altogether  
the elections promise to be keen. All  
who have paid their fee for 1908 will be

## ELECTION NOTICES.

Wednesday, Oct. 14, 1908.

## Our Friend the Enemy

The situation in North Toronto might well  
perplex a novice in politics. Opposing him Mr.  
Shaw finds a man roundly denounced a year  
ago by The Toronto News, which now advo-  
cates his election. The News, having dropped  
the denunciation, it is taken up by another Con-  
servative journal, The Montreal Star.

Naturally, his opponents think it good tac-  
tics to inveigle Mr. Shaw into a war of perso-  
nalities. All of which invitations he must po-  
tently decline.

W. H. Shaw knows his opponent neither  
as a friend nor an enemy. The people of North  
Toronto he knows only as friends. Mr. Shaw  
stands for Laurier, a united Canada, and clean-  
ness in public and private life. If the people of  
North Toronto honor him, he will try to serve  
them faithfully.

But, win or lose, they will always be his  
friends of North Toronto.
