DIAMOND JUBILEE.

Unique Celebration in Carlton-Street
Methodist Church.

The diamond jubilee of Carlton Street
Methodist Church was celebrated yes-
terday.

Founded in 1833 on Bay-street, the
church was later removed to its present
site, and still later, in 1875, to the
present Carlton-street site. The
history of the church throughout has been
of substantial growth and develop-
ment.

At each of the three services yes-
terday the church was the scene of
the morning Rev. J. O. Smith, D.D.,
of Central Methodist, a former pastor,
occupied the pulpit.

In the afternoon Rev. J. D. Fitzpat-
rick addressed a mass meeting of the
pulpits and adults.

In the evening Rev. Dr. Rankin, D.
D., gave a powerful address, based on
the theme of "Jesus only."

A feature of the anniversary services
was the high order of music furnis-
hed by the orchestra and pupils of the
school. Upon an improvised platform
were seated some 700 scholars with
their teachers. The platform and
star rails were lavishly decorated and
presented a striking appearance.

The orchestral music was in charge
of L. Cornish, and Marjory R. Sherrie,
choir leader, directed the choruses. At
both the afternoon and evening ses-
sions Miss C. Peel rendered delightful
solos. James Acton, superintendent,
presided.

To-night the anniversary concert will
be held.

Bell-line car, from which she had
just alighted, near Spadina-avenue on
Bloor, Cassie Vancoot, 22 years old, of
26 West Bloor-street, was struck by
another car bound in the opposite di-
rection, at 8.30 Saturday night, and
sustained several severe bruises about
the head and face. Dr. J. H. Jukes
attended her and she was
removed to St. Michael's Hospital.

Harry S. May.
Harry S. May, son of Samuel May, died
on Saturday after two weeks' illness. He
was born in Hamilton, Oct. 21, 1871 and
attended the University of Toronto, where
his early education at John-street
school and later at Upper Canada Col-
lege. He was in business with his father,
the firm being Samuel May and Co.,
manufacturers of billiard balls. He was a
prominent club man, being a member
of the National Club, Granite Club and
Q.C.C., and was one of the leading
spirits in the organization of the Wan-
derers' Club. The funeral will take place
at 2.30 p.m. today, from No. 8 Welles-
ley-street, to St. James' Cemetery.

Girl Swallows Poison.
Gratude O'Brien, 19 years of age,
rooming at 61 Jarvis-street, almost
died last night by swallowing a
tablet of bichloride of mercury. When
being taken to St. Michael's Hos-
pital she gave her name as Mrs.
Baker, wife of George Baker, who
suffered about a month ago. At the
hospital, however, she admitted that
she had never married Baker. She
protested that she mistook the poison
for a headache powder.

Eye on U. S. Tariff.
LONDON, Nov. 29.—The chamber of
commerce is taking action toward re-
questing the government to provide
for the protection of British interests
in connection with the expected re-
vision of the American tariff laws.

Harper, Customs Broker, McKinnon
Building, Toronto.

The Manufacturers Life

on its 21st birthday had over \$54,000,000 of insur-
ance in force—a record never yet equalled by any
other Canadian Company.

It took this Company just five years to increase
its net premium income from one million to two mil-
lion dollars per year.

Great progress in many life companies is accom-
panied by an increased rate of expenses (as compared
with premium income), but this Company, despite
the fact that the results given above are unequalled in
the history of Canadian Life Insurance, has for years
had a constantly decreasing rate of expenses.

FISHER IN ROME.

Replies to Reception to Delegates to
Agricultural Convention.

(Canadian Associated Press Cable.)
ROME, Nov. 29.—Hon. S. A. Fisher
of Canada, returning thanks on be-
half of the foreign delegates for the
reception accorded to the delegates to the
International Institute of Agriculture
in Italy, remarked that it was an in-
spiration to the delegates to do all in
their power to establish on permanent
basis such great work to which they
set their hands.

Many small jealousies are reported
amongst the delegates.
After Mr. Fisher's speech King Vic-
tor is reported to have declared the
conception of a great idea was nothing;
the difficulty was to carry it out.
The hardest struggle occurred on the
language to be used.

Francophiles naturally urged it
should be French, but the majority, led
by the English, ultimately de-
fected from them. It is generally admitted
that the British Empire sent the most
important delegates in the persons of
Sir E. Buck, India, being the greatest
authority in the world; Sir L. Elliott,
head of the board of agriculture; Fish-
er and Tavorner, who are ambitious
for modern methods.

ABSOLUTE FREE TRADE.

Most Profitable Status Between Canada
and U. S. Says Hill.

NEW YORK, Nov. 29.—"If this con-
gress does not revise the tariff, then
the next congress will. The people will
attend to that part of the question,"
said James J. Hill to The World yes-
terday.

"I believe that the most natural, the
most rational, the most highly profit-
able commercial status between Can-
ada and the United States is absolute
freedom of trade.

That commerce must eventually
move unrestrained between these two
people is self-evident. Why not strike
off the shackles now and let it move
more freely instead of paying the
heavy penalty of delay?"

Fire at Altos.
ORANGEVILLE, Nov. 29.—(Special.)
—About 60 women joined forces with
the volunteer firemen of Altos in a
brave brigade of having attempted to
save their village from fire.

The Willis House stables and Henry
McClellan's hardware store were de-
stroyed, the fire originated in the hay-
loft of hotel barn. A strong wind was
blowing and the hotel and other build-
ings close at hand were several times
in jeopardy. Mr. McClellan's loss is
\$800 on the store and \$1000 on the stock.
One of the village bus horses was
burned to death. The total damage is
placed at \$4000.

Arrested in Eaton's.
While attempting to pick a lady's
pocket in Eaton's store Saturday af-
ternoon, Della Williams, 388 Spadina-
avenue, was arrested by Detective An-
derson. When searched, she had on her
person \$20 in cash, six ladies' re-
served, and a C. J. Cookville, 25
Cookville, 25 street car tickets, some
scholar's tickets of the G.T.R., a re-
ceipt for a \$10 postal note, a gold
brooch with a diamond, a watch, a
bracelet and a locket. She admitted
picking a pocket a week ago.

Safe Blowers Caught.
WINDSOR, Nov. 29.—(Special.)—Ed-
ward Kelly, alias James E. Kelly and
James Courtney, were arrested in De-
troit on suspicion of having attempted
to rob the postoffice at New Baltimore,
Mich. While the men were in the
act of cracking the safe Postmaster
Heath fired on them and wounded
Courtney. Kelly was once held on a
murder charge in Montreal.

Locomotives Collide.
BOSTON, Nov. 29.—One man was
killed, five persons probably fatally
hurt and 35 more or less seriously in-
jured in a rear-end collision of two
locomotive passenger trains at the
South Boston station of the New York,
New Haven and Hartford Railroad to-
night.

Scientific Wheat Breeding.

tawa Experimental Farm gave a lec-
ture on scientific methods of wheat
breeding at the medical building,
Queen's Park, Saturday evening.

A BAD BRUISE
often causes a good deal of trouble.
The best cure is a prompt application
of Nerville, which instantly stops the
pain, prevents swelling, removes all
blackness and discoloration. Nerville
is antiseptic—prevents blood poisoning.
No liniment so strong, so penetrating,
so swift to destroy pain. You miss a
lot of comfort by not using Nerville.
For nearly fifty years it has
been the standard family remedy of
Canada.

Huge Tin Plate Mergers.
LONDON, Nov. 29.—The Iron and
Steel Trades Journal states that Eng-
lish and American tinplate manufac-
turers at London have formed a com-
bine which practically will control the
industry throughout the world.

"Manitoba" is All Right.

tack by wind and snow and
waves on Lake Superior for nearly 24
hours, the steamship Manitoba of the
Canadian Pacific Line arrived here last
evening.

STIFF SCARDAL CLEVER MOVE

Predicted That Mme. Steinheil
May Be Locked in Asylum
—Paris in Fer-
ment.

PARIS, Nov. 29.—The possible de-
velopments of the political side of the
Steinheil case can best be likened to a
powder magazine, and the Dreyfusards
are moving heaven and earth to ex-
plode it, absolutely regardless of the
national scandal that may result.

M. Berry, Conservative, gave notice
in the chamber of deputies Saturday
afternoon, that he intended to present
an interpolation on the matter.
The sensational afternoon papers
were filled with the wildest rumors and
the most minute recitals concerning
the death of M. Faure. It has been
predicted already that Madame Stein-
heil will be declared crazy and locked
up in an asylum, and that in this man-
ner all further proceedings will be
stifled. As a matter of fact, the ex-
perts agree that she is to-day a com-
plete nervous wreck, even if she were
responsible at the time of the crime.

Several newspapers pretend to know
the name of the assassin of Steinheil
and Mme. Japy, as well as that of his
accomplice.

At a late hour this afternoon the
widower, who admitted he was the last
lover of Mme. Steinheil, came into
Paris and voluntarily told his story to
M. Andre, the examining magistrate.
The name of this man has not been dis-
closed.

NEW THEORY.

Magistrate Andre has ordered that
an autopsy be performed on the bodies
of M. Steinheil and Mme. Japy, on the
new theory that they were poisoned
before they were strangled.

The following year the total was \$688-
000; from the agency \$3800 for main-
tenance \$121,000, salaries \$54,000, con-
struction \$50,000, apparatus \$100,000,
fisheries \$25,000, fisheries protection
service \$32,000, miscellaneous \$96,000,
steamers \$125,000.

The patronage list contains the
names of 175 firms. The salary list
prior to 1906 the list was limited to
about 65.

It was found that hardware in three
years amounted to \$122,000, lumber
\$5,000 and groceries about \$25,000,
including supplies other than by tender
and contract.

Charles H. Longard of the firm of
Longard Bros. was the first witness
called. His firm was engaged in the
engineering business. The firm's cash
book, ledger, journal, etc., were put
in the evidence and court asked that
John H. Longard of the firm be in
court Monday morning.

Representatives of two important
firms in connection with the enquiry,
Ferguson & Co., boiler-makers, and
G. E. Bost & Co., coal merchants, failed
to respond when called upon. Jus-
tice Caswell said it should be under-
stood that the witnesses must attend
on time.

A. Deeb Tremaine, accountant of the
department, described the system of
bookkeeping used. The salary list
Laurier and Aberdeen are the two
working ships of the agency.

A. L. Melvin of Melvin & Co., hardware,
took the stand. He meets the marine
and fisheries storekeeper not less than
once a month. The department was his
chief customer. He always destroyed
his checks on getting them from the
bank. He destroyed a lot about three
weeks ago, but he would authorize
the court to compare his recent list
with the books and examine any checks there.

J. F. L. Parsons, Halifax, agent of
the marine and fisheries department,
failed to respond when called upon. Jus-
tice Caswell said it should be under-
stood that the witnesses must attend
on time.

Chop and Labor Conference.
A church and labor conference will
be held at the Labor Temple to-night.
John Bruce, president of the Building
Trades and James Simpson will lead
the discussion.

Tip to Cheesemakers.

KINGSTON, Ont., Nov. 29.—(Special.)
—That the sanitary act will be
strictly enforced on the cheese mak-
ing morning to dairymen and cheese-
makers by G. G. Publow, chief in-
spector for eastern Ontario.

Employees Take It Over.

In connection with the transfer of
the Rice Lewis property to Messrs.
Gilverton and Fisher, as told in The
Sunday World, some of the employees
who have been notified with the old
firm will also be interested in the
new concern.

Autos Barred Out.
OTTAWA, Nov. 29.—According to
the report of the committee of the
privy council approved by the gov-
ernor-general of Canada, the anti-au-
tomobile act passed at the last session
of the Prince Edward Island legisla-
ture has been declared within the
power of the provincial legislature to pass.

To Battlegrounds Fund.
OTTAWA, Nov. 29.—(Special.)—The
treasurer of the National Battlegrounds
Commission has received one thousand
dollars subscription to the fund from
the members of the Canadian Club
of Winnipeg.

A special meeting of the board of edu-
cation and management committee has
been called for to-day at 4 p.m.
