## AT EVERY STEP JAPS BEAT RUSSIANS CAPTURE 500 OFFICERS AND MEN REPULSE ENEMY ALONG THE LINE

### The Attacked by Superior Forces the Mikado's Men Make Steady Headway and Gather Strength for an Impending Crisis.

Tokio, Jan. 29.—(3 p.m.)—Telegraphic advice received here today from the Japanese Manchurian headquarters says: "Our detachment occupied Lutsk yesterday (Saturday), and was twice counter-attacked by a superior force of the enemy last night. We entirely repulsed the enemy."  
"Our other detachment at dawn today (Sunday) attacked the enemy in the neighborhood of Peitsaihotun, about two miles north of Heikoutai and occupied the position. The enemy fiercely counter-attacked the force, which assailed the Heikoutai last night, but was repulsed entirely. To-day our force occupied the neighborhood of Heikoutai."  
"The enemy in the direction of Lutsk and Heikoutai has entirely retreated to the right bank of the Hun River. Our force is now pursuing them."  
"In the direction of Chenchephaw and Likientan, the enemy made several attacks last night, but were repulsed. The enemy attacking Peitobu, between the eighth and tenth corps."  
"In the direction of Heikoutai, the enemy is composed of infantry, together with a cavalry division under Gen. Mischenko."  
"We captured 500 officers and men. The casualties on both sides are under investigation."  
"On Jan. 28, the Japanese left about 6,000 troops on the Japanese left, and bombarded the left flank and center. Small forces of Russians are attacking all along the line."  
"RUSSIANS ADMIT DEFEAT."  
St. Petersburg, Jan. 29.—(12.25 a.m.)—Gen. Sakharoff has telegraphed the under secretary of the general staff, under date of Jan. 28:  
"On Jan. 26 the enemy began to concentrate, intending to take the offensive against the eighth and tenth corps. On Jan. 27 our column on the extreme left, in the direction of Peitsai, south of Sandepes, which were occupied by the enemy. During the whole of Jan. 27 an obstinate fight was going on here and after midnight we took Sandepes."  
"On Jan. 28 another column, advancing upon Sandepes, occupied in the evening a great part of that town, and they were driven upon a strong re-entrant with a triple row of artificial obstacles, which had been scarcely damaged by our fire, and which was armed with machine and quick-firers, and so rendering the impossibility of carrying the town without a preliminary bombardment, our troops left Sandepes, which had been set on fire, it being impossible to remain there without risking defeat."  
"On Jan. 27 and 28 Sandepes and its re-entrant were heavily bombarded near Sandepes and Peitsaihotun. Details have not been received."  
"On Jan. 28 our cavalry, operating six miles south of Sandepes, attacked and defeated a Japanese column and took 100 prisoners. Although the Japanese must have suffered considerable losses."  
"JAPS PREPARING."  
St. Petersburg, Jan. 29.—Nimitrovitch, the war correspondent, who has just arrived from the front, said to the Associated Press today: "I do not believe that the Japanese movement is likely to be prolonged. I believe Gen. Kuropatkin does not contemplate a decisive movement before a couple of months. The weather conditions then will be unfavorable. Gen. Kuropatkin now is merely repairing the way and sharpening his troops which have recently arrived."  
"CANNONING IN A STORM."  
Mukden, Jan. 28.—(Via Toronto).—The most important cannonade since the first day of the war was maintained all yesterday in a continuous stream against the Japanese left, which Field Marshal Mutsaers had ordered to be moved from Port Arthur since General Mutsaers had ordered the Japanese to retreat from Helantai and Puchehang (Chatsan), which the Russians have occupied. The cannonading was very intense and continued today. It is considerably colder. The cannonading is progressing. To-day's reports indicate that the Japanese cavalry have, it is understood, advanced their line to the Russian lines. The life was not without some interest. The treatment of Russian prisoners in Japan, it was reported, was very humane. Russian soldiers, on Jan. 27 there was a heavy cannonade on the right flank. It subsided entirely shortly after noon and quiet now continues through the centre and right.  
"Mischenko Hit in the Leg."  
St. Petersburg, Jan. 29.—A telegram from Huan Mennan states that General Mischenko has been wounded in the leg.  
"ORGANIST'S PAINFUL INJURY."  
W. E. Fairclough confined to bed by Result of Tonic Breaking.  
W. E. Fairclough, organist at All Saints' church, is still unable to attend to his musical duties, and is confined to his house with a painful hand, which at one time it was thought might develop into blood poisoning.  
Mr. Fairclough two weeks ago was playing the cork out of a bottle, when the neck broke and the jagged end cut his hand, requiring six stitches.

## A SKEPTIC.

OLD LIBERAL (who has been administering chastisement): It pains me, you know, my son, more than it does you.  
LITTLE GEORGE: I just knowed you'd say that, but—(sob)—I don't believe it.

## CANNERS MUST PAY MORE OR GET NO MORE TOMATOES

### Niagara District Vegetable Growers Combine to Boost Price to Thirty Cents.

St. Catharines, Jan. 29.—(Special).—The vegetable growers of the Niagara district, in conjunction with the Hamilton district growers, have formed a combination, binding themselves not to sell tomatoes to the canners for less than 30 cents a bushel this year. Henceforth the price has been 25 cents, but the growers say they cannot continue to grow them any longer at that price, and have a profit.  
A largely attended meeting of vegetable and fruit growers of the Niagara district was held here yesterday afternoon in the court house, and it was decided to stick firmly to their resolution. The amalgamated canning company, who own and control nearly every factory around here, have given out that they will require 300,000 bushels of tomatoes this coming season, but don't want to pay 30 cents a bushel for them.  
They say that the farmers will never stick together, and that they will sell their tomatoes for 25 cents a bushel, but plant their ground in something else. This would create an interesting situation. Most of the fruit growers of this district also grow tomatoes, and it looks like a warm fight between the big canning combine and the farmers.  
The canners seem to object more to the farmers combining than the price being raised, because they see in the movement a case of getting in the thick edge of the wedge. The peach farmers get double the price for peaches from the canners last year that they ever did before, because the fruit was scarce and the farmers' union may keep the price up.

## BRITISH CONSUL RUN DOWN RUSSIANS SLASH HIS FACE

### Two Soldiers in Streets of Warsaw Get Drunk and Go on a Rampage.

London, Jan. 30.—The correspondent at Warsaw of the Daily Mail telegraphs as follows: "A group of Russians ran down the British Vice-Consul Mendenhall Saturday night in Marshal Kovski street. Two Hussars rushed at him with their swords, but he escaped with a slash across his face and a laceration of his forehead. Dripping with blood Mendenhall was conveyed to the hospital, where he is now doing well. British Consul General Murray had a narrow escape from being similarly run down in Warsaw street. It appears that the incidents were due to a company of Hussars getting drunk and committing a rash act."  
"The same correspondent describes Warsaw as being in a state of complete anarchy. 'Many have been killed or wounded in charges by the troops and the Russian army of swabbing Hussars,' he says. 'The only conveyances moving in Warsaw today have been military supply cars, ambulance wagons and ambulances for the dead. The attempted killing of the British Vice-Consul Mendenhall has been reported to be about to prevail in the matter of naming as Prince Mirsky's successor in the ministry of the interior, M. Bonin, formerly Governor-General of Moscow, who, like his patron, is an extreme reactionary.'"  
"Sergius more than M. Witte is responsible for the elimination of the imperial manifesto of Minister Mirsky's influence. Against Sergius' influence, the ministers at present are apparently powerless, and he remains in the little palace inside the strong ramparts of Kremlin fortress in Moscow, from whence he despatches daily a courier to Tsarskoe Selo."  
"Arrests Continue to Be Made."  
"Arrests continue. Among those arrested last night and conveyed to St. Peter's and St. Paul's fortress were Yakobovich, the spy post, who served a term of twelve months in the fortress in 1886 for connection with the revolutionaries; Madame Pimenoff, an aged widow, and her daughter. Further, it has now been definitely established, escaped through Finland and was conveyed across the Gulf of Bothnia to the sympathetic Finns. At present he is supposed to be in Stockholm. A spy agent, who was arrested in London, has been sent to the police, that Gopon is a Jew."  
"TUCK INLET TERMINUS."  
Port Simpson to Get the Go By New Post.  
Montreal, Jan. 29.—(Special).—It looks as if Port Simpson would get the go by in the choice which the Grand Trunk Pacific will soon make of a Pacific terminus. It is stated here that the company's surveys show that the approach to Port Simpson from the land side, covering a distance of 60 or 70 miles, will cost the comparatively large sum of \$7,000,000, or \$100,000 a mile, which is a prohibitive cost. The alternative, a third place may be selected, it now looks as if Tuck inlet would get the prize. This place, which is a little south of Port Simpson, can be approached from the mountains at a reasonable cost, and there is a peninsula upon which a city can be built of half a million people.

## SERGIUS IS THE MAN BEHIND AND RUSSIA'S EVIL GENIUS

### Czar Directly Under His Influence in Dealing With Present Crisis.

St. Petersburg, Jan. 29.—Evidence is accumulating that Emperor Nicholas through the present crisis has acted largely upon the advice of Grand Duke Sergius, who is the most reactionary member of the imperial family, the head of what is denominated the war party, and whom the Liberals stigmatize as Russia's evil genius.  
With the first appearance of Father Gopon in the movement, Sergius urged the necessity of putting down the demonstrations in the most energetic manner, since Sunday last his hand is considered to have been visible in the appointment of Gen. Treppoff to the governor-generalship of St. Petersburg, with exceptional powers conferred upon him.  
"Where His Hand is Shown."  
Sergius is known to be responsible for the charges placed by Deputy Chief of Police Roudneff of Moscow, which are causing Foreign Minister Lamsdorff embarrassment, and now it is believed he is about to prevail in the matter of naming as Prince Mirsky's successor in the ministry of the interior, M. Bonin, formerly Governor-General of Moscow, who, like his patron, is an extreme reactionary.  
Sergius more than M. Witte is responsible for the elimination of the imperial manifesto of Minister Mirsky's influence. Against Sergius' influence, the ministers at present are apparently powerless, and he remains in the little palace inside the strong ramparts of Kremlin fortress in Moscow, from whence he despatches daily a courier to Tsarskoe Selo.

## MYSTERY IN FATAL FALL OF CIVIL ENGINEER FROM WINDOW OF YORK STREET LODGING HOUSE

### Russell Barrett of Pembroke Takes Cheap Bed Under Queer Circumstances and Later is Found Unconscious on Sidewalk.

Under circumstances that are at least strange at 5.30 yesterday morning Russell H. Barrett, a young civil engineer and recent S.P.S. graduate from Amherstburg, either fell or threw himself from the third story window at 125 York-street, receiving injuries from which he died in the Emergency Hospital two hours later. At first it was thought he might have been the victim of foul play, but investigation by the police and press tends to discount that theory, tho by no means accounting for the fatality. Barrett was on his way to Windsor from Pembroke and reached the city on Saturday evening. Evidently he missed connections and to his desire to do a charitable act for five strange Polishers can probably be traced his death. He was at the station at midnight when he was party of five Polishers, from which he died in the Emergency Hospital two hours later.
