OVERSEAS NEWS OF CANADIANS

Ottawa, Aug. 18.—It is officially announced that the steamship Metagama, from Canada, arrived in England on Wednesday, the 18th instant. She had on board the following troops:

Fifth Field Artillery Brigade and Seventh Field Artillery Brigade. Also Army Medical Corps, a detail of six officers and 104 non-commissioned officers and men; a detail of Winnipeg Highlanders, two officers and 100 men; eleven officers and ten non-commissioned officers and men of various units.

London, Aug. 18.—(Montreal Gazette Cable)—Pending re-organization amongst the chaplains corps, Major Steacy and Major Almond are both in London on leave. Rev. Mr. Steacy will be made colonel, as director of the chaplains, while Rev. Mr. Almond becomes lieutenant-colonel, and will be the chief chaplain of the First Division, while Major Beattie will have the same position for the Second Division. After a year's arduous work, covering Valcartier Camp, Salisbury Plain and at the front, Major Almond has been granted two months leave of absence, one in England and one in Canada, and sails for Montreal on the Metagama on Friday.

Major Almond spent three days and three nights at the Suicide Corner, and has ministered to the men under extraordinary conditions, holding services under heavy fire, and in communications with the dugouts while expecting a momentary call to action. One platoon, he said today, was told to charge at Ghewachy. They hurriedly repeated the Lord's prayer together, and the few who returned repeated the prayer for the comrades left behind.

Lieutenant-Colonel V. O. Odium, Seventh Battalion, Vancouver, is in Sussex Lodge Hospital for officers in Regents Park, having been wounded in the right arm, ribs and right side on August 8. This was in the night attack at Hooge. The Canadians were not engaged, but Odium was making a reconnaissance. His wounds are not serious, and he hopes to get back shortly. Major Odium is second in command of his battalion, having succeeded Mart McHarg when the latter fell at Ypres. Odium was formerly proprietor of the Vancouver World, and about to launch another paper when the war started. He is the last of the original officers of the Seventh, and probably the youngest colonel in the division.

Odium has shown remarkable devotion to duty, going out after dark to the front trenches, with the result that he was sniped.

Lieutenant-Colonel Almond, referred to above as chief chaplain of the first contingent, is a cousin of Mrs. E. Atherton Smith, regent of Royal Standard Chapter, I.O.D.E.

OLD CAMPOBELLO HOTEL IS BEING DEMOLISHED

Eastport, Aug. 18.—The work of tearing down the Tyn-y-maes Hotel at Campobello is underway and the lumber, which is well preserved, is to be used to erect several cottages to be used by summer visitors to the island. This hotel was for many years very popular with the tourists but has been abandoned for many years. The remaining hotel, the Tyn-y-coed which was the largest of the group of buildings, has been torn down, and the lumber sold.

CLERGYMAN CONTRIBUTES

A well known clergyman of Boston, Mass., a Harland boy, has sent home a cash contribution to help the purchase of a machine gun. He wrote that preachers are supposed to advocate peace under all circumstances and he was for helping as much as he could afford in supplying means to bring the war to a speedy close.

West End Band Concert.

A good programme of music was given last night in Tilley Square, Carleton, by the Temple Band, under the direction of Bandmaster McVie.

AGED OAK BAY MAN COMMITS SUICIDE

Mrs. Silas Smith of Chester, Me., was startled Thursday afternoon at the report of a rifle in the next attack. She rushed through the door toward the sound and found her husband, who was eighty-one years old, upon the floor in a pool of blood, dead. He had blown off the side of his head, with a rifle. Mr. Smith has been mentally unbalanced for some time. He was born in Oak Bay, N. B., but has lived on present farm in Chester for the past fifty-three years. He was prosperous and hard working. His widow is seventy-one years old. He also leaves two sons, Martin of Chester and Charles A. of South Windham, a brother, William Smith of Chester, and a sister, Hannah Fogg of Berne. There are three grandchildren.

Capt. Clark's illness. Capt. Ernest Clark of the steamer Governor Cobb, who suffered a stroke of paralysis several weeks ago and who was receiving treatment at a hospital in Boston, arrived in Eastport on the boat Tuesday morning in a serious condition. He was conveyed to his home, where it is hoped he may regain his health. He was accompanied by Mrs. Clark.

ANOTHER CAMPAIGN FOR PATRIOTIC FUND

Big Effort in City and Province—Meeting on Anniversary of Formation of Local Fund

This week is to see the beginning of a big effort in the city and province to improve the finances of the Patriotic Fund. It is now well known that as the war is prolonged the strain upon the fund is likely to grow and the surplus is now very small. This is part of a dominion-wide movement and at a meeting of the executive of the local branch of the Patriotic fund at which Judge Forbes presided and which was attended by the lieutenant-governor and Mayor Prink yesterday was expressed the determination of the province to hold its own in this national effort to see to the dependents of those who are fighting the battle of Europe.

A resolution was unanimously passed declaring it to be expedient to at once take some steps to increase the subscriptions to the fund in the province. As it is today exactly a year since the local fund was formed the appropriate time for the resolution was noted.

It was also decided to invite the members of the Patriotic fund and the lady visitors, who have done so excellently in the city to meet Sir Herbert B. Ames, M.P., secretary of the Canadian Patriotic Fund at the board of trade rooms on Friday at 4 o'clock to discuss ways and means how best to increase the fund and other matters that may be of interest. Members of similar societies in the province are cordially invited to attend this series of meetings.

At 8 o'clock on Friday evening a public meeting will be held at the exhibition hall of the High school which will be addressed by Sir Herbert and others. Mayor Frank will preside.

On Saturday morning the beneficiaries of the fund, those who are receiving the dependent allowances, are asked to meet Sir Herbert Ames at the board of trade rooms to talk over matters and to give and receive advice as to their relationship to the fund.

HORN IMPLICATES GERMAN EMBASSY

Further startling disclosures regarding German propaganda in the United States were made yesterday and the position of Count von Bernstorff and Capt. Boy-Ed, of the German embassy at Washington daily becomes more unpleasant. The Providence Journal, which has been instrumental in exposing German spy methods publishes an alleged confession of Werner Horn, the German who dynamited the C. P. R. bridge at Vancouver in which a member of the German embassy is implicated. This confession bears out similar first impressions of Horn while in a cell at Vancouver to a member of The Telegraph staff, when he stated that he was acting under orders from Berlin.

Training for Home Defence, introduced by Charlottetown board, was the subject of a resolution which was passed unanimously. It was moved by ex-Governor Macdonald, seconded by N. Rattenbury and supported in vigorous speeches by Judge Stewart, Capt. McVie, a member of the Canadian Defence League, and others.

Confederation With Newfoundland. By unanimous resolution the board favored memorializing the dominion government to make such overtures to Newfoundland as would lead to confederation. It was moved by Captain Joseph Rodd of Summerside, and seconded by J. A. Messervy, of Charlottetown. This caused a lively discussion, the ground being taken by several that the time is now opportune for union. Several speeches, however, favored the Newfoundland might resent the resolution as being dictatorial. All agreed that confederation would greatly benefit the maritime provinces, as well as Newfoundland. Mainland speakers were T. Williams, of Moncton, and E. A. McCurdy, of New Brunswick.

A. C. Chapman, of Moncton, moved, and E. A. Reilly, of the same place, seconded a resolution asking that the government should secure by preferential freight tariffs the shipment during the winter season of Canadian northwest products through maritime province ports.

A resolution introduced by the Newcastle board asking the dominion government to subsidize a line of steamships between Miramichi and the island, passed unanimously. The Newcastle board also introduced a resolution moved by G. Hood, of Quarryville (N. B.), asking the dominion government to encourage the stone-quarrying industry of the maritime provinces. It passed unanimously.

SUCCESSFUL FURNITURE SALE. The past two weeks were busy ones indeed at Amland Bros., Waterloo street, because a large number of shoppers took advantage of their August furniture sale, when every piece of fashionable furniture is marked down at greatly reduced prices. This sale is now drawing to a close and the Messrs. Amland Bros. are going to make the last few days of this event lively by offering many rare bargains and those who wish to save money should do their shopping at the above store.

Morning War News by Cable

Rome, Aug. 18, via Paris, 410 p. m.—The relations between Italy and Turkey are becoming more strained, and there are indications that a rupture is approaching. The foreign minister, Baron Sonnino, has made the most vigorous representations to the Turkish ambassador concerning the matters in dispute, particularly Turkey's detention of Italian subjects.

It is understood that an appeal has been made to Washington, through the American embassy, to induce Turkey to carry out her promise to United States Ambassador Morgenthau, of Constantinople, that Italians be permitted to depart from Turkey. In this connection great interest has been aroused by the report that Mr. Morgenthau has despatched American ships to Beirut and Smyrna to facilitate the departure of Italians.

Instructions have been sent to the Italian ambassador at Constantinople to obtain immediate satisfaction.

Petrograd, Aug. 18, via London, 346 p. m.—German aeroplanes are persistently bombing the city of Vilna, about fifty miles east of Kovno. The position of the city is becoming more serious. The Germans are foreseen in Petrograd and operations preliminary to its evacuation are in progress.

The governor-general of Vilna has ordered the removal of the equipments of factories and of banks, together with supplies of metals, including church bells, leather and everything else which might be useful to the invaders. Horses and live stock are being taken away.

Preparations for the evacuation of Bialystok continue. The town is in darkness at night on account of attacks by German aircraft.

Reports reaching here from Poland are that Russians who remained in Warsaw after its capture have been removed to the interior of Germany.

London, Aug. 19.—Under government instructions the police yesterday made raids in London and Southford of the offices and headquarters of the Independent Labor party, the Labor Leader, and the Socialist Review.

Every copy of these publications, and in addition hundreds of pamphlets issued by the Independent Labor party, dealing with the labor problems arising from the war, were seized. No arrests were made.

Kitchener's Great Surprise

New York, Aug. 19.—Today's New York Tribune prints the following: "Recent arrivals from England are able to afford some explanation of the delayed British advance, which, as much in England as throughout the rest of the world, has caused considerable surprise. It is that Lord Kitchener has been waiting to launch 'his great surprise.' And this surprise lies in the completion of new guns and a new type of shell, which, it is believed will revolutionize artillery operations and make the path of the Allies to Berlin more possible than hitherto."

Soon after the beginning of the war, when it became patent that high explosives were to be the dominating factor in the struggle for victory, the combined efforts of British chemist and ordnance experts invented a shell unquestionably more powerful than any previously used. In destructive power it was without doubt superior to any previously known.

As far back as last November, government experts were at work on this problem. They experimented with various alloys of steel, trying to find one which would stand the strain of such a shell. Finally they succeeded. They produced a 17-inch gun that would suit this purpose. Various experiments have been made, and are believed to have been entirely successful. It is stated that the shell will be carried 25 miles, and will work havoc on a scale entirely unprecedented.

WANT PRACTICAL SCHOOL WORK

Maritime Board of Trade Favors Technical and Agricultural Training—Universal Military Service

Summerside, P. E. I., Aug. 18.—The Maritime Board of Trade disposed of the bulk of their business this afternoon and will close tomorrow morning. There was a long and interesting discussion regarding the desirability of introducing more agricultural and technical education into the common schools to the exclusion, if necessary, of classical and higher mathematical subjects.

Mr. Murphy, and seconded by Rev. Father Murdoch, of the Newcastle board, and discussed by T. Williams, E. A. Reilly, H. G. Hood, Moncton, Judge Stewart, ex-Governor Macdonald, Professor Theodore Ross, W. Tidmarsh, N. Rattenbury, Charlottetown; R. H. MacDonald, Neil McLeod, Summerside; Jas. Birch, Alberton; A. A. McNeil, O'Leary.

An amendment was moved by ex-Governor Macdonald that the reference to the exclusion of classics and mathematics be eliminated. It was defeated, twelve to eight, the original resolution prevailing.

Training for Home Defence, introduced by Charlottetown board, was the subject of a resolution which was passed unanimously. It was moved by ex-Governor Macdonald, seconded by N. Rattenbury and supported in vigorous speeches by Judge Stewart, Capt. McVie, a member of the Canadian Defence League, and others.

E. N. STOCKFORD AGAIN HEADS GRAND LODGE

St. John Man Grand Chief Templar, I. O. G. T. — Ledge Will Work For Prohibition

Fredericton, N.B., Aug. 18.—The Grand Lodge of New Brunswick, I. O. G. T., elected officers this afternoon as follows: G. C. T. E. N. Stockford, St. John; G. Conn, Rev. W. G. Lane; G. Electoral Supt., A. C. M. Lawson, Fredericton; G. Supt. of Juvenile Work, Miss Beatrice

E. N. Stockford of St. John, re-elected Grand Chief Templar, I.O.G.T., Grand Lodge of New Brunswick.

Campbell, St. John; G. Vice Templar, Miss Newton Jarvis, Fredericton; G. Secretary, J. V. Jackson, Moncton; G. Treasurer, J. Barry Allen, Fredericton; G. Marshal, D. C. Fisher, St. John; G. Chaplain, Rev. J. G. A. Belyon, Fredericton; G. Deputy Marshal, Mrs. G. Bishop, Moncton; G. Guard, Seymour Sharp, P. G. C. T. L. R. Heberington, Cady; D. I. G. P. A. C. M. Lawson, Fredericton.

An expression of loyalty was ordered to be wired the settlement board and he did so. Secretary Gilchrist also swore that Stewart did so.

Knowledge's evidence was that he wanted \$2,000 for his farm and told the bank that, but Stewart informed him he could not.

The salary of the grand secretary was increased to \$150 per annum. The report of the juvenile work committee stated that the work had been hindered owing to the fact that the superintendent, J. D. Scammell, was on military duty. Mr. Scammell is with the artillery at Patricia Island.

The report of the committee upon political action contained some pointed reference to political conditions in New Brunswick. It stated that the time had come to crystallize the temperance sentiment in the province, the use of money by the liquor interests giving the latter a political influence out of all proportion to numerical strength. Local efforts towards prohibition were advised as a step toward provincial prohibition.

Reference was made to the "courtroom reception" given by the government to a delegation which asked for provincial prohibition, and also to the fact that the "favorable consideration" promised had failed to secure any satisfactory result.

The report states that the committee is not in a position to express an opinion as to the truth or falsity of the charges that the government's decision was influenced by monetary considerations. Knowledge's senior, the father of the boys, swore that the bank which held the farm on account of a debt due by the W. H. Knowles Ltd., only credited the account with \$1,200 and he produced the bank statement of his account in support of his testimony. But he also swore that Manager Eaton of the bank told him, when he asked for an explanation why he was credited with \$1,200 instead of \$1,500, that he had sold the farm to Stewart, and that Stewart had sold it to the farm settlement board for \$1,500. Knowledge said he was ignorant of any such arrangement, that he asked Stewart, as the county representative, to recommend his farm to the settlement board and he did so. Secretary Gilchrist also swore that Stewart did so.

Corns Are Out-of-Date

They Indicate Methods Which Are Obsolete Now

Folks who have corns are folks who pore them, or use liquids, or some other old-time treatment—ways not up-to-date.

Most folks don't keep corns now. When one appears they apply a Blue-jay plaster. The pain stops instantly. In 48 hours the corn disappears forever.

A famous chemist found this way to end corns without pain or soreness. Now millions use it. Fully half the corns that grow are ended as soon as they appear.

There is no excuse for corns. You can't prevent them, maybe, but you can remove them quickly. There will be no lessening corns on any feet when all folks know of Blue-jay.

IN YOUR EYES
What is it that is causing all that trouble with your eyes?
Are the eye muscles following those laws laid down for them by nature? Are they working in harmony and without strain?
Are your eye nerves being exhausted and irritated by the unusual demands made upon them by some form of eye-strain that you have?

I should be pleased to set your mind at rest on these points.

WAS NOT WORKING FOR HIS HEALTH

Cynical Reply of A.J.H. Stewart, M. P. P., to Farmer From Whom He Took \$300 As Rake-Off on \$1,500 Sale to Settlement Board

Fredericton, Aug. 18.—Instead of crying: "Save me from my friends," the owner of New Brunswick might well say: "Save me from the members of my legislature."

Another prominent and important witness in Royal Commissioner Chandler's court of inquiry, showed how the province in the department of crown lands and in the farm settlement board had been defrauded of considerable sums of money.

Paid No Stumpage.

Colonel Loggie, deputy minister of crown lands, giving evidence, swore that nothing had been received by the province for railway ties and lumber cut upon the lands under lease to A. J. H. Stewart, for Gloucester. In addition, his evidence proved that the government scaler, William Hayden, had not done his duty in reporting the operation upon these lands.

Again, Colonel Loggie swore that the lands referred to were not under lease to anyone in the fall of 1913, when the operators of A. J. H. Stewart, M.P.P., were cutting railway sleepers. The application for the crown land was not made until December 9, 1913, 20 months later to A. J. H. Stewart. The lessee's name was William G. White who transferred it from Stewart later to A. J. H. Stewart. In the meantime Stewart's operators were hard at work cutting thousands of ties for which the province did not get one cent of stumpage. Stewart continued the cutting in the following winter of both years with William H. O'Brien and Freeman Goodwin, and of railway sleepers for which the province and again the scaler, Hayden, made no report and the province got no stumpage.

A \$300 Rake-off.

James Gilchrist, the secretary of the farm settlement board, swore that the province paid \$1,200 to the Royal Bank at Bathurst for the Knowles farm of 200 acres, which it sold afterward to four Knowles boys for the same amount, dividing it into farms of fifty acres each.

Knowledge's senior, the father of the boys, swore that the bank which held the farm on account of a debt due by the W. H. Knowles Ltd., only credited the account with \$1,200 and he produced the bank statement of his account in support of his testimony. But he also swore that Manager Eaton of the bank told him, when he asked for an explanation why he was credited with \$1,200 instead of \$1,500, that he had sold the farm to Stewart, and that Stewart had sold it to the farm settlement board for \$1,500. Knowledge said he was ignorant of any such arrangement, that he asked Stewart, as the county representative, to recommend his farm to the settlement board and he did so. Secretary Gilchrist also swore that Stewart did so.
