City Tax Rate This Year \$2.98

Twenty two Cents on the \$100 More Than Last Year—Valuation Drops More Than Million and Half—About 850 More Taxpayers—Halifax Rate \$3.10.

The tax rate for the city for this year will be \$2.98 on the hundred dollars, so E. Murray Olive, chairman of the board of assessors, announced this morning. Last year the rate was \$2.76 and in 1920 it was the same as it is this year.

The city's prospective rate for this year will be \$2.20 and that of the county seventy-eight cents; last year it was divided \$2.02 and seventy-four cents.

The total valuation this year is \$54,040,300, as compared with \$55,626,350 last year. This reduction is caused partly by a depreciation in the values of stocks in trade and reduced profits in industries. The amount of the super-tax on incomes decreased from \$26,000 to \$18,000. There is an increase of about 850 in the number of taxpayers.

The assessors are about one week behind their last year schedule, but it is expected that the assessment will be filed on about the same date as last year—June 20. Last year the discount period ended on July 14.

The tax rate in Halifax this year is \$3.10, but there there is no income tax.

AGAIN TAKE UP REQUEST FOR LAND FOR ORPHANAGE

Suggestion of Payment of
Some \$2,500 for Front
Lots

Will be a Further Report—
Decision Reached on Ferry
Piling Question—N. E. W.
Stairs for Murray Street—
Prince Wm. Street Paving.

Further consideration was given this morning by the city council in committee to an application from the New Brunswick Protestant Orphanage for a block of land in the city town planning area at Lancaster for the erection of a modern home.

Commissioner Bullock reported that he accompanied a member of the board to the site and suggested that the organization pay the purchase price of the six front lots on the Manawagonish road, which amounted to some \$2,500. He said that the total area was about fifteen acres and took in about eight lots. Commissioner Prink was of the opinion that the land in question was the best that the city owned in that district, and while the object was commendable one it should be expressed by the petitioners whether the project was a province-wide one or confined only to the city.

The chamberlain, D. G. Lingey, said that he doubted if the city could donate the land, as it was granted with the provision that proceeds from its sale should be applied to the city debt. He reported that about \$80,000 was held in a special fund now, received from that source. He said that \$80,000 was offered some years ago for the purchase of the whole area.

Commissioner Bullock agreed to report further.

The Stephen Construction Co. wrote regarding the oak piles being placed on the east side of the river. They said they had several piles seventeen inches in diameter, but the specifications called for eighteen-inch piles. They offered a reduction of five cents a lineal foot if they were allowed to drive the seventeen-inch piles, or they would complete the contract with eighteen-inch piles, but the work would be delayed.

Commissioner Bullock argued against delay in completion of the work. The city engineer, he said, was of the opinion that the seventeen-inch piles would make a satisfactory job.

The mayor said it was not a question of which size was satisfactory; the city specifications should be carried out.

G. H. Wang, ferry superintendent, said that the piling received was a good class of timber. He said on account of one of the broken stumps it was impossible to drive all the piles fifteen feet deep.

On motion of Commissioner Bullock, it was decided to accept the first proposition — to allow the contractors to drive the seventeen-inch piles.

George G. Clark offered \$25 a year for a lease to lot 825, corner Ludlow and Rodney streets. On motion of Commissioner Bullock, it was decided to lease the lot for seven years from May 1, 1922, at \$20 a year, the lessee to build his own retaining wall and sidewalks and not allow filling to interfere with a main sewer through the mill pond.

Commissioner Prink recommended that John Flood & Sons be allowed to use a section of Burpee avenue for their plant used in the erection of a new school, provided they kept open a twenty-two-foot roadway and accepted all responsibility in the matter, and put the street back into proper shape. Carried.

Commissioner Prink re-submitted a plan of the Murray street steps. This was first submitted last year, but action was delayed by a petition to grade the street to Main street. The cost of the new proposed concrete steps was placed at \$804. The cost of making the proposed grade was a great deal higher.

It was decided to recommend the carrying out of the work, payment to be made by bond issue.

G. N. Hatfield, road engineer, reported that the Currie Construction Co. might be allowed to lay a section of one of the heavy traffic streets at their own expense on a new pavement, "Solignum," in order to test it out.

On motion of Commissioner Prink it was decided to accept the report and submit a copy to the Currie Construction Co.

Commissioner Prink was authorized to purchase cement for Prince William street paving at a cost not to exceed \$4.25 a barrel. This, he said, would make the net price, less bags, \$3.25.

C. H. Ferguson wrote on behalf of Misses Major, 165 1/2 Prince William

ADVERTISERS, PLEASE NOTE THIS

Starting on Saturday, May 27, and continuing throughout the summer months, The Times will issue on Saturdays at 12 o'clock noon. Advertisers, in order to ensure of prompt change of ads, should have their copy in this office not later than 2 p. m. on Fridays. Classified ads, paid readers and locals should be in business office not later than 5 p. m. on Fridays.

Other days copy should be in our office not later than 2 p. m. on the day previous to publication. Classified ads should be in office not later than 10 o'clock on days of publication. Paid readers and locals not later than 6 p. m. previous to publication. Received later than these closing hours cannot be guaranteed insertion. Your co-operation in this connection will be appreciated.

TO CHOOSE CANDIDATE HERE TUESDAY NIGHT

Delegates from the parishes of St. John County will meet in Forester's Hall, 12 Coburg St., Tuesday evening at eight o'clock for the purpose of selecting a candidate to contest St. John County in the interest of the Foster Government.

MAY SAVE SCH. ADA A. M'INTYRE

Better Report Comes from the
Vessel Ashore on Point
Pringle.

Reports reaching the city this morning from the schooner Ada A. McIntyre, which lies aground on Point Pringle, indicate that there is a good chance of saving her, in spite of the reports on Saturday that she was beyond salvage.

A report yesterday was that the rudder and keel were gone, but that the bottom was not panned out as was at first feared. The weather moderated yesterday, and today the sea was reported calm.

The owners are reported negotiating for the use of either the government tug Helena or the tug Springhill, and one or the other of these craft may go to the scene tonight or tomorrow morning. Should the effort to pull the vessel free be successful, she will probably be towed to Seal Cove or Flag's Cove for repairs. Captain Barton and his crew will remain at Grand Manan until after the vessel is floated or it is decided to abandon her.

Sydney Pilotage District.

Ottawa, May 22.—(By Canadian Press.) The minister of marine and fisheries has been appointed "pilotage authority" for the pilotage district of Sydney, N. S.

It was asked if the city would accept forfeiture of vault space under the sidewalk. The matter was left with the commissioner.

Commissioner Prink reported that the N. B. Power Co., in a letter, agreed to pay \$3.50 a yard for the concrete under the ties in Prince William street. They had no new rails, but would lay the best available and all new ties. The cost was to be taken from the bill for street lighting. The road engineer said the Power Company was indebted to the city for paving to the amount of about \$47,000.

The communication was ordered received and the terms accepted.

F. N. McNair, middle street, asked the city to build a retaining wall at the corner of Waterloo street.

The road engineer said the street was filled about eighteen inches, and suggested that the city might pay for the top eighteen inches of any wall built on the property. The report was received and referred to Commissioner Prink with power to act.

Regarding application of Thomas Dean, Jr., for permission to install a gasoline pump in City road, Commissioner Prink said he was not prepared to report on the matter. He said he had an application of F. W. Kelly to erect a gasoline pump on the curb in Leinster street. He said some policy would have to be adopted by the council in this connection.

Commissioner Thornton reported that his attention had been called to the fact that there was no sewerage in Metcalf street extension.

Commissioner Wignore said he was preparing a plan to take care of this condition.

A Three Days Concentration Sale of Lovely Crisp Plaid Gingham

STARTING MONDAY MORNING and continuing for Three Days, we will have on sale a special line of this season's Gingham, specially priced for this occasion. Keen shoppers will recognize what wonderful values these are. All are in this season's newest color combinations of Cedar and Reseda, Mauve and White, Cadet and White, Sky and White, Pink and White, Reseda and Black, Nile and White, Red and White, Maise and White. All are warranted fast colors.

OAK HALL - SCOVIL BROS., Ltd King Street.

Genuine Congoleum Art Rugs at Reduced Prices

Commencing today, we are offering a large variety of these nationally advertised Rugs at special discounts, 10 per cent to 20 per cent lower than usual.

The prices on these goods are set by the makers, and we invariably follow their list, which is extremely reasonable, but, in the present instance, we have a large accumulation of discontinued patterns in broken sizes which cannot be renewed. We have therefore arranged with the makers to allow us to clear these out at reduced prices in order to make room for the new designs. The rugs we offer are exactly the same quality and carry the same guarantee as any others, and we think they are just as handsome in appearance. We have every size to offer, and it will pay you to look them over while the variety is large. See our window display.
