NOT MR. MARR'S HAT

A man's hat was found this morning on the shore near the wireless station at Red Head by Mr. Nolan of the station staff. He telephoned to Sergeant Detective Power who communicated with J. H. Marr. Mr. Marr and Sergeant Power drove to Red Head to see the hat but it afforded no clue as to the disappearance of Henry G. Marr. It was a soft hat bearing the name of local haberdashers and the sweat band bore the initials "T. L. B." At the time he telephoned Mr. Nolan said he doubted if the hat would be of any assistance in the hunt for Mr. Marr but every clue is being followed in the hope that something may yet afford some trace of the missing merchant.

FIXES BLAME FOR COLLISION AT THE CHATHAM BRIDGE

Court Judgment Frees Canadian Squatter in Matter—Puts Onus on Caretaker.

The report of the court of inquiry into the collision of the Canadian Squatter with the Murray bridge at Chatham, on June 4 last, has just been received. The court was composed of Captain L. A. Demers, Dominion wreck commissioner; Captain A. MacLean and Captain C. Mitchell. The court is unanimous in placing the main blame for the accident upon the bridge tender or the provincial government. Captain Demers finds that the bridge operator was in fault for neglect or indifference, and that the damage to the bridge and the resulting inconvenience was due to his negligence. He further finds that the bridge tender, Mr. Coughlan, was considered to be the chief factor in the accident. Captain Demers, further finds that the pilot followed a dangerous custom in taking the ship too near to the bridge, but the majority finding of the court, represented by the opinion of Captain MacLean and Captain Mitchell, relieves the ship, master and pilot of any blame whatever and places the sole responsibility for the accident upon the bridge tender or provincial government, under whose instructions he was acting. The certificates of both Master Boulton and Pilot Sutton have been returned. Captain Demers in his judgment makes several suggestions regarding the hoisting of signals, and further recommends that the instructions to the bridge operator be more clearly defined, and that regulations be framed by the harbor master governing the pilotage of vessels.

Briefly, the majority of the court places the entire blame upon the bridge tender. Two of the court completely exonerate the ship, master and pilot. Captain Demers, while holding Mr. Coughlan as chiefly at fault, censures the pilot for following a dangerous custom, and also censures the master of the ship, but both the master's and pilot's certificates have been returned. The effect of the decision places the blame on the bridge and not on the ship or anyone connected with it. Captain MacLean, in his judgment, places the blame on the provincial government, on the ground that he appeared at the hearing that very loose instructions were given to the man in charge of the bridge. At the hearing before the court at Chatham, A. Holden, K. C. of Montreal, represented the Canadian Squatter, George McDade represented Pilot George Sutton, and Robert Murray the provincial government.

THE ROTHESAY CADETS FIRST

Collegiate Boys Lead Province With 270 Points Out of 800—Some Other Scores.

The results of the annual inspection of cadet corps in New Brunswick show the Rothersay Collegiate School leading the province with a score of 270 out of 800, or an average of ninety per cent. This corps and the corps of St. Thomas' College, at Chatham, do not participate in the monetary prize money owing to the rules of eligibility, which state that only corps in schools maintained mostly by public funds can participate in the prizes.

The Hartland corps will be inspected in the second week in August, when they hold their local camp, and the McAdam corps during the third week in July, when their camp is held. The summer camps for cadets this year will be held by St. George's in the second week in July, by McAdam in the third week in July, and by Hartland and Newcastle in the second week in August.
