

KAISER'S MOSQUE

800 Moslems Still Worship at Shrine Built by Wilhelm II.

Wuendorf, Germany, Dec. 29.—A reminder of the time when the former Emperor Wilhelm attempted to pose as a leader in the Moslem world, remains here in the form of a Mohammedan mosque, which was erected by the kaiser in the first years of the world war. Eight hundred orthodox adherents of the teachings of the Koran regularly worship in it.

It is the only mosque in Germany and Wilhelm II built it for the benefit of the Cossack and Kirghis Tartar war prisoners who were captured while serving with the Russians and French. An internment camp surrounds it. Under the law of the Koran, the mosque must never be destroyed.

There has been considerable criticism of the former Emperor for having erected it and for the present government for maintaining it. In reply, the officials declare it is their duty to give the interned Tartars an opportunity to worship according to the dictates of their faith. They point out that destruction of the mosque would be a serious offense in the eyes of the Mohammedans.

The executive of the local branch of the G. W. Y. A. held a meeting yesterday afternoon in their rooms in Wellington row in order to arrange the programme for the coming year.

Boils So Bad HAD TO GIVE UP WORK

From the days of Job, up to the present time, boils have been one of the afflictions of the human race.

All the poulticing and lancing you may do will not prevent them from breaking out again.

Boils are simply caused by the bad blood bursting out, and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable.

It purifies the blood by removing every particle of foul matter from the system, and when this is done the boils vanish, and you should never be troubled again.

Mr. James Fahy, Newport Island, Que., writes: "I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor, and he treated me for several weeks, and all without benefit. At last a friend told me of Burdock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well."

B.B.B. is put up only by The T. M. Kirkburn Co., Limited, Toronto, Ont.

in the cheeks. And you get this by the influence of Calcium in the blood. It is a refining influence. Pimples, blackheads and other such evidence of localized skin sluggishness are replaced with new material and soon the skin renews itself with firmer, healthier, tissue. This makes the beautiful complexion so much admired. No use to hide pimples with cold cream and lotions. They come from within and keep coming until such an influence as calcium is employed.

Let nature paint your face through the influence of Stuart's Calcium Waters which you can obtain in any drug store at 60 cents a box.

WHAT TO DO FOR COLDS OR GRIPPE

Common Troubles Conquered by Home Treatment.

When you catch cold there are three points on which you should guard yourself. Colds generate systemic poisons, which should be carried off so as to keep the natural channel open. The temperature should be kept at normal and the fever always generated by colds allayed. The soreness of the muscles, especially in the back, should be reduced, if these three points are given prompt attention, and treated properly, your cold will be passed over without danger.

Grip-Fix is a home treatment for colds which accomplishes just the above results. Its action on the system is prompt, and its record of relieving a cold in a night has been established for over 10 years. A person with a box of Grip-Fix in the house is as safe from bad results in connection with colds as it is possible to provide.

Start taking Grip-Fix as soon as the cold develops, as prompt work on any sickness is always advisable. You can get it at all drug stores, 35c. per box.

PUPILS TOO PUGNACIOUS.

Natick School Drops "Fight It Out With Gloves" Plan.

Natick, Mass., Jan. 11.—The teachers of the Felchville School abandoned the experiment of allowing pugnacious pupils to fight it out with boxing gloves in the schoolyard, with boy and girl pupils forming the square circle of spectators.

This means of developing manliness in the lads seemed in a fair way to become a fixture in the curriculum until two combats appeared in school with which were known in the prize ring as "cauliflower ears." It was in deference to protests from these heroes' parents that the boxing-glove parties were officially banned.

GREAT LAKES HERO HAS PASSED AWAY

Captain McGregor Lambert Saved Twenty Lives on Lake Huron.

A hero of the Great Lakes has passed in the death of Capt. McGregor Lambert at Southampton, Ontario. For 27 years Capt. Lambert was in charge of the lighthouse at Chantry Island. During that time he had personally saved 20 persons from drowning in Lake Huron. His greatest achievement was 1892 when he saved the whole crew of the ship Nettie Woodward, which was wrecked. He succeeded in bringing the crew ashore, in a twelve-foot boat.

Capt. Lambert's whole life was spent on the lakes. He "went to sea" when 19 years of age, and when 21 was skipper of his own vessel. His father, the late Duncan McGregor Lambert, was the first lighthouse-keeper at Chantry Is-

land, and after 22 years' service was succeeded by his son.

For the rescue of the Woodward's crew Captain Lambert was presented with a gold medal by the Dominion Government. He also won the Humane Society medal and the Imperial Service Order. He retired in 1907 to Lakeview Farm, by the shores of the lake on which he had spent his life.

FIGHT DUEL ON HIGH SEAS.

Water Tender in Irons and Wounded Officer Reach Boston on Schooner.

Boston, Jan. 11.—The Shipping Board freighter Schoodic ended a voyage half way around the world, with one of its crew in irons and another at the point of death as a result of a duel fought on its decks while the ship was on the high seas. Police who responded to a radio call boarded the Schoodic at Quarantine and took off Juan A. Jurado, a water tender, who was charged with attempted murder. Bernardo Revello, an officer, was suffering from three bullet wounds, which may prove fatal.

The Schoodic, which had a cargo of mahogany logs from the West Coast of Africa, brought also an Armenian stow-away, Nuban Hygopion, a boy, who slipped aboard the ship at Constantinople. He had mastered the English language sufficiently when he arrived to tell of the massacre of his parents and brothers, which left him without home or relatives.
