

RALPH G. MCINERNEY.

THE INFLUENCE OF WOMEN VOTERS

If They Exercise Their Franchise They Can Have a Wholesome Effect on Politics.

The influence of women will be the determining factor in the elections next Monday.

"The hand that rocks the cradle is the hand that rules the world" is true today than when first uttered. Then women did not enjoy the rights which they properly have today.

There are yet many desirable advances in woman's legal status and privileges, especially respecting the widow's portion of property and control of children.

True, these things are not within the jurisdiction of the city, but they must soon come.

There are sufficient women voters to exert a wholesome and determining influence on civic politics.

Ladies, you want clean, progressive city government.

Ralph G. McInerney is the type of candidate you can safely vote for.

Please all vote—Vote for two commissioners, one of them McInerney.

FOR COMMISSIONER

APRIL 28th, 1924

I advised you, ladies and gentlemen, that I would try and give you good service if you elected me to the Common Council. That is my desire, and covers all that could be said in considering the full interest of our city from every point of view.

You were very kind in supporting me on the 14th instant, and you have my hearty thanks.

On the 28th of April it is your final privilege to vote for your choice of two Commissioners to serve you in the Common Council. If I am elected, it is my full intention to do just as I have stated.

Yours sincerely,
W. L. HARDING.

A. O. H. MEETING

A largely attended meeting was held on Tuesday evening in St. Bernard's Hall, Moncton, in connection with the annual meeting of the provincial branch of the A. O. H. for New Brunswick and Nova Scotia. James Brown, president of the Moncton branch, presided.

Addresses were given by Rev. Roy McDonald, chaplain of the order, and E. W. Powers of Halifax, D. J. Shea of Fredericton, P. G. Petrie of Sydney and M. F. Haley of Chatham. The value of scholarships to pupils was emphasized.

Following the meeting the delegates were tendered a banquet in the new Institute Hall by the Ladies' Auxiliary of the A. O. H.

Short addresses were made by Mr. Donald Fraser, Chatham, president; Mrs. McGillivray, D. MacGillivray, Mrs. McGillivray of St. John, who is secretary of the Ladies' Auxiliary board, and other visiting delegates, as well as Mrs. Dennis Sweeney, county president of Moncton, and Miss Etta Fogarty, president of the Moncton branch.

The Auxiliary board of the ladies met with the following ladies present: Mrs. Donald Fraser, Chatham, president; Mrs. Catherine E. Healey, Halifax, vice-president; Mrs. Richard Nearing, Dominion, C. B. treasurer; Mrs. McGillivray of St. John, secretary; and Mrs. Larkin, chair-lady of Irish history.

NEW IMPORTED HATS JUST RECEIVED AT M. R. A. LTD.

Here's news for women who are on the alert for the very smartest and newest headwear.

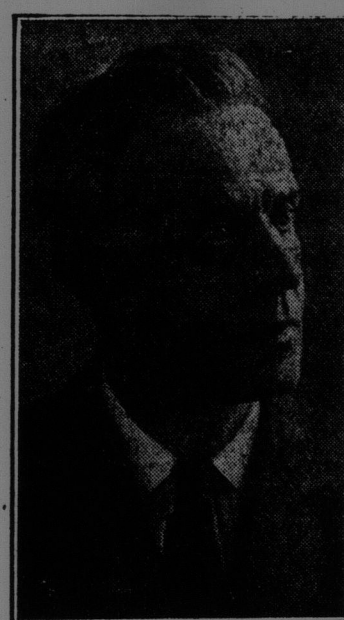

The M. R. A. Ltd millinery buyer has lately made an agreement with a leading New York milliner to have six hats, all different, and every one representing what is newest and best liked in color, shape and type, sent to their millinery salon every week.

The first six have just arrived and are as attractive as even the most particular could wish to find. They are all in striking combinations of black and buff, however, apart from color every hat is entirely different from the others. Next week another color combination will be featured. Hats in this lot are priced at \$17.50 each. Your inspection is invited.

(Millinery salon—2nd floor.)

Broadway, New York, was once an Indian trail.

ALEXANDER CORBET

A MAN THE CITY NEEDS

A great many serious problems are facing the people of the City of Saint John at the present time. The working man has his problems, the business man has his problems, and so it is with nearly every citizen.

If there ever was a time we needed men with constructive ideas and clear vision coupled with good business judgment in our City Council, it is now. Our industries are lagging, there is not enough work for the working man, there is not enough business for the business man.

Saint John is a great City; we have a great people here who are willing and ready to co-operate with our City Council to bring about prosperity to all our citizens. It can be done by sending men to City Hall whose minds are clear on our problems. Alexander Corbet realizes the situation, the people can depend upon him. His platform is clear and distinct. He is pledged to lower taxation, a supporter of Hydro from the beginning, and will work in the interests of all citizens alike—adv.

"TIZ" GLADDENS SORE, TIRED FEET

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "TIZ" now from any drug or department store. And foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.

Meeting of ward workers at McInerney headquarters, 16 King St., every night this week. Phone M. 4373.

MONTREAL ST. JOHN

It's the "Hidden" Quality that Counts

WE could build another bicycle that would be almost a Twin to the C.C.M. in appearance, and yet be far inferior.

Without your knowing it, we could use cheaper tubing for the frame, instead of our high-grade, English Seamless Tubing, reinforced at the joints.

We could use a cheaper hanger instead of the three-piece Triplex that makes the C.C.M. turn so smoothly and easily.

We could use cheaper bearings instead of our Flint-hard Steel bearings that a file cannot cut.

We needn't clean our frames so thoroughly, nor treat them with a coat of anti-rust before enameling. We needn't put on so many coats of our rich, lustrous special C.C.M. enamel, nor leave the frames in the enameling ovens so long.

We needn't take so much care in cleaning our handle bars, crank hanger, hubs and other parts before they're nicked. We take off every speck of dirt and grease, so as to have a thoroughly clean surface.

Next we coat the parts with copper to prevent rust.

Then, the C.C.M. parts are left in the nickel bath for about two hours, instead of the twenty-minute or so dip given cheaply nicked parts.

Wouldn't you rather pay a little extra for C.C.M. rust-proof nickeling, than to get a bicycle that, before long, shows little marks of red rust peeping through the nickeling?

We could save expense by not making all of the 1,741 parts of C.C.M. Bicycles with such care and precision.

C.C.M.'s are made so accurately, you could take two bicycles to pieces. Mix up the parts, then re-assemble the machines, and all parts would fit together perfectly.

By saving here and skimping there, we could give you a cheaper bicycle that would look like a C.C.M., but wouldn't be one.

All the extra hidden quality you cannot see with your naked eye would be missing. The bicycle wouldn't give you all the Extra Years of Easy Riding that the C.C.M. gives.

So, when you go to choose your bicycle, remember that it is the hidden quality that counts most. If you have to pay a small amount more for a C.C.M. than for something that looks like a Twin to the C.C.M., just remember that under the surface it isn't a C.C.M.

The Most Profitable part of any investment is the small extra amount you pay for Quality. C.C.M. quality is worth all it costs and is obtainable only in bicycles bearing the C.C.M. trade mark. Look for it when you buy.

C.C.M.'s are selling today at \$15 to \$20 less than the after-war "peak" prices. They are nearer pre-war prices and better value than almost any other high-quality article you can buy. A Big Dollar's Value for every dollar you invest in a C.C.M.

The C.C.M. dealer is waiting to show you the new 1924 models for men, women, boys and girls.
