

# SEND US MORE

Zam-Buk! This is the appeal that is constantly reaching us from the front, and we pass it on in case there may yet be some who do not know how necessary Zam-Buk is to the boys in France. Amongst the many letters that have been brought to our notice, is one which reads: "I wish we could get more Zam-Buk sent out from home instead of so much tobacco. We can get tobacco here, but unfortunately we cannot always get Zam-Buk, and we need it badly."

Zam-Buk is used by the soldier for sore hands, frostbite, cold cracks, cuts, sores of all kinds (including gas sores), and sore and blistered feet. It is put up in this convenient size for carrying in the pocket so that a man can have it handy to apply at the right moment. When an injury is treated immediately with Zam-Buk, there is no danger of festering or blood-poisoning.

Zam-Buk is just as necessary, too, at home for injuries and skin troubles of all kinds. All dealers or Zam-Buk Co., Toronto, 51c box, 3 for \$1.25. Send this advertisement and 1c stamp (for return postage) to Zam-Buk Co., Toronto, and receive FREE SAMPLE.

## Zam-Buk

British Election Off. London, Nov. 7.—According to last night's reports the general election in Great Britain, which Bonar Law is expected to announce tomorrow for Dec. 7, will be postponed because the government cannot have the election and the peace conference on its hands at the same time.

### HERE'S WARMING, SOOTHING RELIEF FROM YOUR RHEUMATIC ACHES

For prompt relief from Rheumatism, Neuralgia, or Lumbago, you can depend on Sloan's Liniment. The warming, soothing, counter-irritant effect is the quickest way to overcome the inflammation, swelling or stiffness. A few drops go right to the sore part, draw the blood from the congested place and remove the cause of the ache. The great penetrating power of Sloan's Liniment makes rubbing needless. It is easier and cleaner to use than plasters or poultices. It does not stain the skin or clog the pores. A bottle of Sloan's Liniment is all you need for quick relief from the pains of sprains, bruises, backache, stiff neck, and most forms of rheumatic twinges. Generous size bottles at druggists everywhere. Made in Canada.

### Sloan's Liniment KILLS PAIN

### Thirty Feet of Danger

The intestinal canal is an important part of every individual, important every inch of its thirty feet. The upper portion of it is intended for the digestion of food and absorption of its useful portions. But the lower part is concerned with the elimination of waste materials. It is, in other words, the great sewer of the body. The more food eaten the greater the waste. If a sewer becomes clogged up, its contents stagnate and become more and more dangerous. Constipation means more than failure to evacuate the bowels regularly and thoroughly. It means stagnation, increased fermentation, putrefaction and germ action. Increased amounts of irritating and poisonous substances are formed. Absorption of these into the blood follows. Self-poisoning results. Danger, disorder, disease, or even death follows. Pills, purgative mineral waters, castor oil, salts, etc., do not cure constipation or prevent its consequences. They make it worse because they do not only irritate the bowels, but they "wear out" in effect and so must be taken in increasing doses, making constipation a habit. But the Nujol Treatment for constipation overcomes constipation by helping Nature re-establish easy, daily, thorough bowel evacuations as "regular as clockwork." Nujol prevents stagnation and self-poisoning. Nujol forms no habit, except a natural, healthy habit. After Nujol has trained the bowels to act, it can be dispensed with.

### A Contrast Between Smith's Speech and His Sworn Statement

B. Frank Smith, M. P. P., when called to the stand in the potato inquiry yesterday afternoon explained that he had not informed the legislature that he had returned the money he had been overpaid by the government. He merely had said that the money had been returned and that if he had paid it he had done a service without recompense. He pointed out that the statement was very carefully worded. He refused to say what interpretation was intended to be taken from the speech. B. Franklin Smith, of East Florenceville, was called and sworn. He testified that he was a member of the legislature for Carleton, was elected in 1908, resigned in 1908 and was re-elected in 1915. Q.—This account shows that you were overpaid \$2,375. You said in a speech in the house that you had repaid this amount. A.—I never said such a thing. I would like to see the record of any speech in which I made such a statement. Mr. Hughes then read from the synopsis report of the proceedings of the legislature in 1916, a passage to the effect of a speech delivered by Mr. Smith, as follows: "When the department issued a statement showing 1,227 barrels as being called out, rather than stand in the position of having the department lose that quantity of potatoes, that amount was handed over to the department and that amount represented 51-2 cents per barrel upon the total shipment. Consequently, if it cost him, as it did, 5 cents per barrel to load those potatoes—that is there was paid to the department 51-2 cents per barrel, and the called potatoes had the way in which they were called at West St. John, there was only 41-2 cents left for himself to pay the expenses of loading. So that if it cost him 5 cents per barrel, as it did, he wanted to say that his statement was fully borne out; that instead of extracting money from the department unlawfully and unfairly, he performed a service to the department and to the province, without any recompense whatever. He had shown that there was only 41-2 cents after the amount was paid."

Having read this extract from the report of Mr. Smith's speech, Mr. Hughes asked: "You did not pay the money back?" A.—I never did and I never intend to. Q.—Did you not, in a speech delivered in Moncton, say that you had handed a check to the department and that it had been paid back? A.—No; I said it had been paid back. Q.—But you did not pay it back? A.—Certainly not, and I don't intend to. Q.—Did Mr. Daggett ever ask you to pay back that \$2,447? A.—Not that way. Mr. Daggett told me that they were in a hole and asked if I would help them out. Q.—But he never asked for the \$2,447? A.—He mentioned it, but he came to me on the pretext that they had made a loss and asked if I would help to make it up. Q.—Mr. Daggett says he asked you to repay this five or six times. A.—No; not that I remember. Q.—In your speech then, I referred to you said the amount "had been returned." How had it been returned? A.—I had been informed by Mr. Daggett that it had been returned. Q.—Did you know how? A.—No, not until I read the evidence in this inquiry. Q.—You had nothing to do with returning that money? A.—No. Q.—And knew nothing of its being returned until some time afterwards? A.—No. Q.—Then what did you mean by your statement that you had performed a service without any recompense whatever? A.—I was trying to put myself before the house in as favorable a light as possible, just as you or anyone else would do. Mr. Hughes.—Don't include me in that. You did not say that some one else had paid it? A.—That might have called for some explanations. Q.—That would be before the report of the public accounts committee? A.—The speech was made just after the report had been presented in the house. Q.—You knew that the report did not contain a correct statement of the situation? A.—I did not know any such thing. Q.—You knew that there had been losses and they had been made up? A.—I did not know how the losses had been made up. Q.—You put your own situation squarely before the country? A.—I did. Q.—On a fair interpretation do not your speech say that you repaid it?

A.—I did not say so. Q.—Did you not mean that that interpretation should be taken? A.—I cannot say now what I intended. Q.—You said that you performed a service without any recompense to yourself. Did not that mean that you had paid back the money yourself? A.—You can put that interpretation on it. Q.—Wouldn't you put that interpretation on it? A.—No; I knew differently. Q.—Mr. Jones tells of sending \$5,000 to Carleton county at the time of your by-election? A.—I did not know anything about it until I read it in his evidence. Mr. Smith testified that he had kept no records of the amounts he paid for potatoes but knew that he had paid \$1 for most of them and 95 cents for those purchased along the Valley Railway. W. S. Thomas, manager of the Bank of Nova Scotia, Fredericton, gave evidence regarding A. C. Smith & Co.'s transactions through his office. He said that \$5,000 had been deposited to the credit of this firm on April 30, 1915. On the same day a note bearing the names of George B. Jones, M. P. P., and E. R. Teed of Woodstock for the same amount had been discounted at his bank. A payment of \$1,500 had been made to the credit of the firm in August, 1915. VICTORY BOND—GUNNER DEE IS KILLED That Gunner S. J. Dee, No. 308492, has been officially killed in action on Oct. 19, 1918, was the sad news received by his parents, Mr. and Mrs.

GUNNER S. J. DEE, killed in action, October 19, 1918. S. Dee, of Day's Corner, Kings county (N. B.) Gunner Dee went overseas with the 7th Canadian Siege Battery and on his arrival in France was transferred to the 8th Battery. He served three years, doing his duty at the front. Prior to enlisting, Gunner Dee was employed with Murray & Gregory as a brick-layer. He was twenty-two years of age and leaves, besides his parents, two sisters, Daisy and Olive, at home, and three brothers, Ernest, serving with the 3rd C. G. A. in Halifax, and Percy and Bertie at home.

### RECENT DEATHS

Sincere regret was expressed on all sides last evening when it was learned that Frank L. O'Regan had passed away in the St. John Infirmary late yesterday afternoon. He was a popular, energetic man and as secretary-treasurer of the Brayley Drug Company, Ltd., won the confidence and esteem of a host of citizens. He was a member of the Knights of Columbus and the Y. M. C. I. and took an active interest in these organizations. Mr. O'Regan is survived by his wife, formerly Miss Nan Morgan, of this city, and two small children. He also leaves his parents, Mr. and Mrs. John O'Regan, 89 Elliott row; two brothers, Charles, in khaki, and Dr. John, who recently returned home after serving in the medical service with the British in Mesopotamia; also three sisters, Miss Alice, of Montreal; Mrs. C. A. Conlon, of Montreal, and Miss Ellen, at home. Joseph L. Carleton passed away last evening at his home in Delhi street following a brief illness from pneumonia. Mr. Carleton was a valued employee of the firm of Robertson, Foster & Smith.

THE BREATHEABLE REMEDY ALWAYS keep a box of Peps on hand, and immediately you feel a tickling in your throat and want to cough, put a Peps tablet in your mouth. The medicinal fumes given off by the dissolving Peps mingle with the air you breathe, and like the Pine Forest air of Switzerland, reach every nook and corner of the throat and lungs, where the danger lies. Peps bathes the breathing tubes with a germ-destroying vapor, which is a sure safeguard against infectious coughs and colds. When a Peps tablet is in the mouth every breath taken strengthens your defence against throat and chest troubles. 50c. box, 3 for \$1.25. All dealers or Peps Co., Toronto. FREE trial package sent upon receipt of this advertisement and 1c. stamp for postage.

### For WINTER COUGHS, COLDS & BRONCHITIS.

WHAT ABOUT FATHER? Obsessed with the big idea of protecting those at home, father often omits the essential protection of his most vital asset—strength.

### SCOTT'S EMULSION

is as beneficial to the hard-working man of business as it is to the growing child. Scott's imparts the quality to the blood that enables the body to grip strength fast. Scott's helps solve the problem that faces every business-man—that of keeping up with the wear and tear on the body.

Dock street. Besides his wife he leaves two small children, his mother, three sisters, Mrs. Thomas Gallagher, whose husband died last week, and the Misses Nellie and Mollie, all of this city; three brothers, Harold and George of the C. P. R. in Montreal and William of this city. Jesse A. Straughn died yesterday at his home, Spar Cove road. He is survived by his wife, Mr. Straughn was a native of New Bedford, Me. William E. Higgins died at his home in Camden street yesterday. He was fifty-eight years of age and is survived by his wife, one daughter, one step-daughter and two step-sons. George Cameron died yesterday at the Home for Invalids. He was a native of England and is survived by his wife and two daughters. Mrs. Hildred M. Foss of Waterville, Sunbury county, died a few days ago after a brief illness of pneumonia. She was twenty-six years of age and leaves her husband, her parents and two brothers. Mrs. Allen of St. Stephen, wife of the late Dr. P. Boise Allen, died yesterday in Marston, N. Y., from the prevailing epidemic. Her husband passed away a week ago and she had accompanied his body to Marston. She was twenty-six years of age and was a daughter of Mr. and Mrs. J. P. Nason of St. Stephen.

### A HOMEMADE GRAY HAIR REMEDY

You Can Make at Home a Better Gray Hair Remedy Than You Can Buy. Gray streaked or faded hair is not only unbecoming, but unnecessary. You can darken it without using a dye. Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Orle Compound and 1-4 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or the druggist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. It is not a dye, it does not color the most delicate scalp; is not sticky or greasy and does not rub off.

### Rheumatism A Home Cure Given By One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send your price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 76E Gurney Bldg., Syracuse, N. Y. Mr. Jackson is responsible. Above statement true.

Yes, Cold All Gone—Not A Bit of Cough Left. Feel great this morning. As soon as I felt it coming on yesterday I used Gray's Syrup and nipped it in the bud. Just couldn't miss an hour at the office, we are so busy and short-handed. Gray's Syrup is a habit in our family, the folks have used it for sixty years. I Always buy the Large Size.

Montreal: D. WATSON & CO., New York.

### An Old Recipe to Darken Hair

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy, and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

### Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most if not all your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

### Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowels store up poisons, suckled into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, dependent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins. A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the entire alimentary canal. Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if you are constipated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

### GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble. Caused by Fermenting Food and Acid Indigestion. Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart. It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated feeling out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.
