

WILL NOT HELP CHINESE.

Connell Refuses to Let Licenses to Permit Opium Factories to Run at Profit.

Steinberger Claim Settled—Sewerage Commissioners By-Law Passed.

Mayor Teague presided at the regular meeting of the city council last evening, and all of the board except Ald. Styles were present.

Dyke, Jackson & Holmcken presented a letter stating that their client, Mr. Steinberger, was willing to accept \$850 in full payment for all damages to his property at Elk lake. After a lengthy discussion on the question of whether they were including the land encroached upon or only the buildings, and whether it would be advisable to pay for any such land, it was decided on motion of Ald. Humphrey to pay the claim, the same to be a settlement in full, as stated by the letter.

F. W. MacReady, superintendent of the tramway, wrote pointing out the expense which the company had been to in the improvements at the James Bay bridge, stating what its rights were, and asking for a reduction in the city license. The letter pointed out the fact that there was a general depression in the United States, that opium was made on a narrow margin, and that as circumstances now combined they could not exist.

Ald. Vigilius moved to refer to the finance committee.

Ald. Dwyer moved to receive and file. He did not have much sympathy for Chinese, and particularly for the manufacturers of opium.

Ald. Baker agreed with him, saying that he believed the Chinese were the last who should be aided. He seconded the motion.

Ald. Humphrey expressed the hope that the depressed Chinese would go home to China.

The motion of Ald. Dwyer was adopted.

Luther & Dwyer were given permission to put in a patent stone crossing at Yates and Broad streets at their own expense. They were given permission to close that end of Broad street for eight days.

Letters from F. Adams offering to grade in front of sub-section C, section 14, Spring Ridge, for \$145, and from A. W. Moore asking why the council had not kept its promise to put in a sidewalk on the south side of Francis street, were referred to the street committee.

D. T. James, of 28 Blenheim street, complained that his home had been injured by a blast set off by city employees. The case will be looked up by Engineer Wilmet.

S. Perry Mills, solicitor for Mrs. C. E. Aschcroft, wrote asking the city to complete the purchase of a piece of property on School street. The finance committee will investigate the matter.

City Treasurer Kent wrote bringing up the case of J. P. Wells and Union club license cases, and complaining that the city barristers refused to push the cases. The council empowered the mayor to again place the matter in the hands of the city barristers, and if they failed to act to engage other legal talent.

City Assessor Northcott wrote re the widening of Cardero Bay road. He reported that he had written to 49 owners, and had received 21 replies, representing 24 owners. Of these seven were willing to give land or had already done so, 11 would not give, but would sell, 5 wanted to see plans, and 1 would not give but would accept his share of the improvement of the sewerage. It was stated that the cost would be \$20 or \$30, and the request was referred to the sewerage committee.

Invitations to attend the St. Andrew's and Oakeside Society picnic and the Vancouver and Whistler celebrations were all accepted and will be acknowledged.

George Springer wrote saying he was in arrears \$5 for water rates, and asking for some corporation work. The letter went to the street committee.

A report from the finance committee recommending the appropriation of \$2,387.50 out of the general revenue was read. It was passed.

Requests from the school board for \$5720 and \$516 were passed.

Another report from the finance committee appropriating \$1334.60 was favorably acted upon. The sum of \$1000 was also appropriated from the surface drainage fund.

While on the last named subject Ald. Munn called attention to the miserable drainage of the fire hall on Pandora street. Ald. Baker also told of its terribleness. It was stated that the cost of improvement would be \$300. The mayor and fire wardens were directed to have the evil remedied.

Orders for the isolation hospital ambulances were opened. They were as follows: C. M. Brayshaw, No. 1, \$300, No. 2, \$225; John Meeson, No. 1, \$280, No. 2, \$235. The tenders were referred to Ald. Ledingham, Ald. Humphrey and the mayor. Ald. Ledingham said he did not care to further in the matter, but it was agreed that he was most competent to do so.

The street committee reported recommending that Rockland and Jubilee avenues be graded and that Porter's bridge be repaired by day labor by the corporation. The report was adopted.

The sewerage commissioners by-law was reconsidered, adopted and finally passed.

The council went into committee on the rates and taxes by-law. The rate was fixed at 15 mills on both real and personal property. This is a reduction under last year. Taxes will be payable August 30, and the rebate of one-sixth will be allowed all who pay before Oct. 31. The committee rose, reported progress and got leave to sit again.

Ald. Humphrey urged haste in getting to work on the sewerage improvements.

He said if need be they had better give the engineer assistance on the plans. Ald. Munn asked how under the new sewerage scheme was provision to be made for interest and sinking fund. The mayor said as to the former, that the plans would be ready and as to the latter nothing had been done.

FROM ALASKA.
News Brought by the Steamer City of Topeka.

The steamer City of Topeka, which arrived from southeastern Alaska on Sunday, brought the news that the ring-leader of the band of Indians who killed two unknown white men near Spikam, north of Prince of Wales island, was recently arrested and taken to Juneau for trial. Officers assert that the Indians threatened the posse and they were unable to effect the arrest of the others. United States marshals will make an effort to capture the other Indians implicated in the murders.

News from Sitka states a warrant has been issued for the arrest of a Russian priest located near Unalaska for abduction. Alaska papers say the priest is addicted to alcoholic indulgence. Some weeks ago he performed a marriage ceremony and afterwards refused to permit the bride to accompany her husband, saying such command was inspired from heaven. This action came near precipitating a riot. The husband killed a few friends and threatened the priest with bodily injury if his wife was not released. He got her and went to Sitka for a warrant.

A premature explosion of nitro-glycerine on Douglas island seriously injured three persons. Samuel Laird will die and Harry Wilson is badly wounded.

A distressing story comes from Chitkat relative to witchcraft practiced by Indians. An Indian sorcerer enslaved a woman to death, keeping her tied up in a tent seven days, as the woman was believed to be a witch. Several other cases are reported. The Indian doctor is lodged in jail at Sitka, charged with murder.

All the Behring sea patrol fleet left Sitka for Behring sea June 17th.

CARIBOO STAGE ROBBERY.
One Masked Man Compels the Driver to Stand and Deliver.

Superintendent Hussey left this morning for Cariboo to endeavor to apprehend the man or men who have twice during the past month stopped the Cariboo stage, and robbed the passengers. A telegram received last evening, stating that the stage had been robbed yesterday, caused Superintendent Hussey to make this to the Times gives particulars of the robbery.

Aschcroft, June 26.—One masked man with a rifle stopped the Cariboo stage going south, about three miles south of 150-mile House yesterday. He compelled the driver to stand and deliver. The iron box was found not far away from the driver's side. The amount stolen is not yet known.

THE LATE W. B. GLADWIN.

A Prominent and Highly Respected Resident's Funeral.

Aschcroft, June 26.—Yesterday we buried our leading townsman, the late W. B. Gladwin. The Rev. Mr. Taylor presided at the funeral service. The Old Pioneer society had the funeral in charge. The lamented deceased was from early days one of the prominent men of the interior. He was for years at Yale the active partner of the widely known forwarding firm of Kimball & Gladwin. He had business relations with every merchant, rancher, freighter, and from first to last retained the confidence and respect of all his patrons. Upon the completion of the railway to Aschcroft in 1886 he removed there, continuing the business in his own name. Mr. Kimball having died at Yale the previous year.

To Mr. Gladwin in a large measure is due the success of the agricultural society's shows at Aschcroft and Kamloops, and the society honored him by making him president in 1893. His was a likable hand; churches and societies of all kinds found in him a liberal and cheerful giver, and through remaining an American citizen his love for this province found expression in helping along every public improvement and in encouraging the mining industry of the province. Although no lover of sport, no man was more liberal in encouraging our biennial public sports and horse racing.

CITIZENS PROTEST.
A Petition Against Purchase of Electric Light Site.

The following petition was circulated today for signatures. It will probably be very generally signed by ratepayers who believe that the expenditure of \$12,300 for an electric light station site is excessive under existing circumstances.

"To John Teague, Esq., Mayor of the Municipality of Victoria:
"The prayer of your petitioners humbly sheweth:

"That the undersigned are citizens and ratepayers in the city of Victoria.
"That your petitioners believe that a majority of the board of aldermen have acted unwisely in the selection of a site for the electric light station, and that such selection neither meets the requirements of the electric light service nor is in the interest of the city in general.

"That the city is already in possession of several locations suitable for an electric light station, and that therefore no good reason existed for the selection of an expensive property which is without particular or essential feature which recommends it over those already possessed by the city.

"That your petitioners, commending your vote in the matter, therefore pray that you will exercise those powers conferred upon you by the legislature for the purpose of preventing acts of unwisdom in the city council, and that you will interpose your return for reconsideration of the council, or veto the resolution of the council to purchase lot 122 and 123, lying between Telegraph and Herald streets, for the sum of \$12,300, as a site for the city electric light station.

"And your petitioners will ever pray, etc."

"The K. of P. lodge will on Sunday next visit Ross Bay cemetery and decorate the graves of the departed brethren.

TO EXAMINE THEIR CLAIMS.

Commission from Ottawa to Go Over Damages Claimed by Sealers.

It is quietly rumored that a commission will shortly arrive here from Ottawa to investigate and put in shape the sealing claims growing out of losses and seizures between 1886 and 1890. This move is preparatory to a demand upon the United States government for remuneration for its fleet work in Behring sea in the years mentioned. While it was agreed that there should be no compensation for the years that the passage sealers were kept out of the sea by the mod vivendi, an examination of the findings of facts and the answers to questions in the written award it will be seen that the sealers are entitled to many thousands of dollars damages. While it was agreed that there should be no compensation for the years that the passage sealers were kept out of the sea by the mod vivendi, an examination of the findings of facts and the answers to questions in the written award it will be seen that the sealers are entitled to many thousands of dollars damages. While it was agreed that there should be no compensation for the years that the passage sealers were kept out of the sea by the mod vivendi, an examination of the findings of facts and the answers to questions in the written award it will be seen that the sealers are entitled to many thousands of dollars damages.
