Lexington, Ky., May 11.-The women of the Ashland district are determined to be heard in their disapproval of sending Col. Breckinridge to congress. It is an arduous and even thankless task, but we are bound to reerals of the country; bound to remember the sacrifices they have made to place us on the front bench, and we are determined to deserve the confidence you have placed in us. We may forfeit it; we may cease to possess it; but while we possess it, as we believe we do now, we will fight the battle to the end, the combat to the conclusion. Later in the library, Lord Rosebery said: "We have no reason to lose faith

in our cause or position. We entered office with the certain prospect of beginning to realize our cause. First, we had to face the fact of the advanced age of our great leader. His age has told. He stands aside, but the expectations of our opponents regarding that contingency were signally disappointed. They hoped that within a week of Mr. Gladstone's resignation the government would fall to pieces, but we find no in-clination to fall to pieces. They also expected that a party formed of so many groups would soon become a minority. We admit the possibility, but the group now threatening to desert us will play an ill judged and possibly disastrous part towards their cause if they take part they indicate. That is their affair. Ours is that the Liberal government shall not forsake the helm because the storm happens to lower."

A Majority of Fourteen on the Budget Bill Division.

London, May 10.-The debate on the

Budget bill in the house of Commons this evening was begun before a well filled house. As it continued, signs of interest in the coming division became evident on all sides. The members' were occupied, the lobbies were packed; the galleries were filled rapidly and a great crowd was gathered outside The heavy oratorical artillery was brought out by Rt. Hon. Arthur J. Balfour, leader of the Unionists. Whether good or bad, he said, the budget was really inconsistent with the traditions Liberal finance. It was not a national, but a class budget. After committing the burglary he says while being chased by the policeman he dodged into the hallway at 7 Norfolk street and waited there until the police man arrested Noonan in the saloon noxt door and left with him. Then, Metzler says, he went into the liquor store and told Blint and others there how he had fooled the policeman. Noonan's sister heard of it, hunted him up, and on her pleading gave himself up to Capt. Alfaire, and confessed the burglary. The captain sent for Policeman Sullivan, who denied Metzler's statement and stuck to his story of Noonan's guilt.

Metzler says that while he was on his way to the Essex market police court next morning, with Sullivan, the latter told him he was a fool to go to prison for ten years, and that both he and Noonan would get out of it if he would tell the justice he was drunk when he made the confession and deny the truth. Metzler says he obeyed and was set free and Sullivan then told him to leave the city. Dr. Parkhurst and lawyer Frank Moss have investigated the case and believe Noonan innocent. > Whipped King Kabarega. Zanzibar, May 10.—Advices have reach-d here from Mengo to the effect that the fugitive expedition under the com-mand of Colonel Colville, sent against Kabarega, king of Univore, has com-pletely defeated the king's forces. In November last King Kabarega attacked chief at Toru who was a British ally. ance. This force met Kabarega's forces and after a fight that lasted three hours the latter fled, leaving at least 50 dead. War was then declared on Kabarega and a force of 400 Nubians and ten thousand Wayandota natives sent against him. Five thousand of the latter carried arms. This force was too strong for Kabarega, and though he gave battle he was routed. The expedition has established a chain of forts from the Albert Nyanza, on the banks of which Kabarega's headquarters were situated, to Uganda. It is expected that the success of the expedition will prove a death blow to the slave trade of this region and will bring Arab influence to an end.
