

SPRING WEARINESS

Are you feeling languid and all run down—is it hard for you to pull yourself together, and does every thing seem too much trouble for you? Are you feeling irritable and bad tempered? No wonder if you are. The months of winter have tried you sorely and robbed you of more vitality than your system has been able to replenish. You are in need of a good tonic which will revive you and bring back that old-time vim and energy. PSYCHINE will do this.

Mr. James Stollker, of Ridgetown, says:—"THERE IS LIFE IN EVERY DOSE. I cannot speak too highly of PSYCHINE, for it is the greatest medicine I ever used. I was just about 'All in' when I began the treatment, and in 3 months I was as well as ever. It is a great tonic for weak and run-down people. There seems to be new life in every dose." You cannot do without PSYCHINE at this time of the year. It is a necessity and will banish that run-down feeling, languor, etc., and give you new life. Send to DR. T. A. SLOCUM, Limited, Spadina Ave., Toronto, for a sample to-day, or purchase a bottle from your local Druggists or Dealer.

IMPORTANT STRIKE IN WAR EAGLE MINE

Ore Body Worth Million Dollars Has Been Discovered.

Roseland May 6.—After being conceded to have been practically worked out by former owners, the Canadian Consolidated company has uncovered an ore body in the War Eagle that contains a million dollars. It is on the ninth level, and is the most important discovery in the history of Roseland. It is four hundred feet long and fifty feet wide, and the three thousand tons thus far taken from it have averaged thirty dollars per ton.

AWOKE TO FIND COUSIN DEAD.

Three young men, Albert and William Alocok and their cousin, F. Griffith, left their home at Caribou, Minn., on a goose hunting trip to Lake Roseau, says a Dominion City dispatch to the Winnipeg Free Press. They sent their team home and camped out in a shooting shack, intending staying there until the ice had left the river and they could go down to Stuartburn in a boat, a distance of sixty miles. The three men slept together in one bed. One night after a long day's hunting, they all went to bed early. During the night Griffith heard Wm. Alocok, who was sleeping between the two others, utter a peculiar sound, but being very sleepy himself, and thinking his cousin was talking in his sleep, paid no attention to it.

WILL RECEIVE DEGREE.

Montreal, May 6.—The honorary degree of Doctor of Laws will be conferred on two Canadians and three citizens of the United States at a special convocation of McGill University to be held at the new Macdonald college at St. Anne's on June 23. The convocation will be one of particular interest, inasmuch as it will serve as a formal opening of the Macdonald building, devoted to training in the various branches of agriculture and to the training of teachers, the whole being the gift of Sir Wm. Macdonald, of Montreal, and making his endowment about \$5,000,000. The following will receive the degree: LL.D.: Hon. James Wilson, secretary of agriculture at Washington, D. C.; Dr. James Earl Russell, head of the teachers' college, Columbia university, New York; G. Pincho, secretary of the Forestry branch at Washington; Dr. D. M. Eastman, ex-dean of the Faculty of Comparative Medicine at McGill; and Dr. James W. Robertson, principal of the Macdonald college.

The timber receipts for the month of April received by the provincial government amounted to \$124,436. From the 400 timber licenses east of the Cascade a sum of \$47,215 was derived; from 129 west of the Cascade, \$74,966; penalties, \$1,775; transfer fees, \$398. Eighteen coal licenses to the total of \$1,800 were issued.

The first meeting of the new committee of the Victoria Equilateral branch of the Navy League was held Monday afternoon, when Joseph Pierson, through whose energy and effort mainly the organization has been kept alive for several years, handed over his charge to his successor as honorary secretary, A. S. Barton. J. K. Rebeck has been appointed treasurer in place of A. J. Galtie, while Capt. Clive Phillips-Wolley has been re-elected president for the ensuing year.

The funeral of the late Augustus Travis took place on Tuesday afternoon at 2.30 o'clock from the B. C. Funeral Furnishing Company's parlors, where Rev. T. W. Gladstone conducted an impressive service over the remains. The hymns "Jesus Lover of My Soul" and "Nearer My God to Thee" were sung. J. Gilles presided at the organ. There was a large attendance of sympathizing friends and many beautiful flowers were seen. The following acted as pallbearers: D. J. Ogburn, R. Carter, J. Alexander, H. V. Cartier, F. S. Clanton and W. Estes.

STRIVING HARD TO IMPEACH WITNESSES

Counsel for Calhoun Meets Match in Former Supervisor.

San Francisco, May 6.—The story of a luncheon and a car ride at which the United Railroads was the host and ex-Mayor Schmitz, Abe Rabin, former supervisors Gallagher, Wilson, and Borton were the guests, was related by ex-railroad commissioner and supervisor Andrew M. Wilson, when he resumed the stand in the Calhoun trial yesterday.

The entertainment, said Wilson, was provided by the United Railroads, represented personally by Patrick Calhoun and Thornwall Mullahey. The party occurred soon after the great fire and during the period previous to the passage of the trolley franchise.

Attorney Moore, for the defense, resumed his efforts to impeach Wilson's testimony and ending his case by calling the witness a statement to the effect that he was testifying in order to save himself from the three indictments pending against him. Wilson carefully considered each answer, but refused to be tripped up by the traps laid by the attorney for the defense.

engaged in international business, and men sojourning in a land for pleasure or study. It is against the interests of both nations that such unrestricted immigration or settlement in mass should be allowed as regards either nation. This is the cardinal fact in the situation and it should be recognized by both countries. But in achieving our own policy, we must be guided by the mind it is our duty to combine maximum efficiency with minimum offensiveness. Only a national government can carry out such a policy effectively, and the present way to do harm is for state, municipal or other local governments to pass laws which

would be ineffective to obtain the real object, yet would produce intense irritation. "The best of all possible ways in which to achieve this object is that which the governments of the two countries have in common agreement adopted; for the Japanese government has of its own initiative and own accord undertaken to prevent the coming hither of any appreciable number of Japanese of the classes to which I refer."

"The success of the policy must be gauged by the actual results, that is, by the extent to which it arrests the immigration of large bodies of Japanese into our territory, whose government proves unable to carry its policy through, then undoubtedly this government by treaty or legislation

Must Protect Itself and secure the desired result on its own initiative but in such case it would be doubly bound to take action in hand with the policy of good will which would provide the least possible friction and cause the least possible far feeling.

"The fact that all really patriotic, far-sighted Americans insist that hand in hand with the policy of good will toward foreign nations should go the policy of upbuilding our navy, is often interpreted by well-meaning but short-sighted men as being a threat toward other nations, or as being provocative of war. Of two assumptions, the first is utterly unwarranted, the second is the direct reverse of the truth. We have the right to say, for instance, what immigrants shall come to our shores, and we are not always by any means far-sighted. If our foreign interests were menaced by their honor power this nation would fight wholly without regard to whether or not its own was efficient. In the event of a crisis arising, peace advocates who object to our building up a navy would be absolutely powerless to prevent this country from going to war. A strong navy is the surest guarantee of peace that America can have and the cheapest insurance against war that Uncle Sam can purchase."

PRESIDENT TAFT AND TARIFF BILL

Washington, D. C., May 6.—President Taft told callers yesterday that he favored the tariff bill substantially as it now stands.

He said that he favored giving it a fair trial and that if it did not yield enough revenue in its present form, changes could be made. The first addition he would favor, in such a case, would be a graduated inheritance tax law. If this did not suffice he favored the taxing of the dividends of corporations and an income tax as a final resort.

CHANCELLOR BURWASH VISITING PROVINCE

Looking Into Future Educational Possibilities of Methodism.

New Westminster, May 5.—Rev. M. Burwash, chancellor of Victoria University, Toronto, arrived in the city yesterday, and will remain a few days, the guest of Rev. Dr. and Mrs. Sipprell, of Columbia college. Dr. Burwash is here to attend the conference of the Methodist church of British Columbia, which will be held from May 9th to May 15th.

Primarily, Dr. Burwash is in this province to look into the future educational possibilities of Methodism in the province having been selected for this mission on account of his long experience in educational work, his being one of the foremost men in his line in the east.

After the Methodist conference, Dr. Burwash, accompanied by Mrs. Burwash, will engage in a three months' tour of the Yukon, in the course of which they will visit one of their sons, who is mining recorder at Atlin.

WILL AGAIN ATTEMPT TO REACH NORTH POLE

Walter Wellman Will Use Either Dirigible Balloon or Airship.

Washington, D. C., May 5.—Walter Wellman announced last night that he would during the summer renew his effort to reach the North pole by means of a dirigible balloon or airship. The capital has been supplied by Americans who are interested in the enterprise on scientific and patriotic grounds.

No charge has been made in the general plan of the expedition, which is to inflate the airship at the headquarters station, Dane's Island, Spitzbergen, in June and July, and to start thence northward through the air in August. The airship will carry a crew of three men, 6,000 pounds of gasoline, sledges, sleds, dogs, lifeboats and all the requisites of a sledging party; should it be necessary to resort to that method of travel.

EACH MEAL AN AGONY.

Dr. Williams' Pink Pills Cure Obstinate Indigestion After Other Medicines Failed.

"When I was first troubled with indigestion I did not bother with it. I thought it would pass away naturally. But instead of doing so it developed into a painful chronic affection, which in spite of all I did grew worse and worse until I had abandoned all hopes of ever getting relief." These words of Mrs. Chas. McKay, of Norwood, N. S., should serve as a warning to all who suffer distress after meals, with palpitation, drowsiness and loss of appetite—early warning of more serious trouble to follow.

"I used to rise in the morning," said Mrs. McKay, "feeling no better for a night's rest. I rapidly lost flesh and after even the most fragrant meal I always suffered severe pains in my stomach. I cut my meals down to a few mouthfuls, but even then every morsel of food caused agony. My digestion was so weak. Some days I could scarcely drag myself about the house, and I was never free from sharp aching pains in the back and chest. I grew so bad that I had to leave my diet to milk and soda water, and even this caused severe suffering. In vain I sought relief—all medicines I took seemed useless. But in the darkest hour of my suffering help came. While reading a newspaper I came across a cure that was quite similar to my own case, wrought by the use of Dr. Williams' Pink Pills. I thought if another person had been cured by these pills of such suffering as I was experiencing, surely there was hope for me, and I at once sent to the druggist for a supply of these pills. The first indication that the pills were helping me was the disappearance of the feeling of oppression. Then I began to take solid food with but little feeling of distress. I still continued taking the pills with an improvement every day, until I could digest all kinds of food without the least trouble or distress. I am in splendid health to-day and all the credit is due to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills go right to the root of indigestion and other troubles by making rich, red blood which tones and strengthens every organ of the body. That is why they cure anaemia, with all its headaches and backaches and sideaches, rheumatism and neuralgia, feed, seed and hay and growing girls and women of all ages. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

DESTRUCTIVE PRAIRIE FIRE. Regina, May 5.—A destructive prairie fire raged throughout the Regina district yesterday, and last night McNally Brothers, ten miles southwest, lost all their buildings, feed, seed and hay and only saved their horses. The fire, which started four miles east and traveled nearly to Pilot Butte, destroyed the barns and feed of a farmer named Kopp, 300 bushels of oats being burned. The fire ran in most instances started by farmers burning stubble.

A meeting of the Dairyemen's association was held on Saturday last at Duncan. A post-mortem examination of a tuberculosis cow was given by Dr. Knight and Mr. Holden for the benefit of those present. In the evening addresses were given by Drs. McBea and Knight and Mr. McPherson, of the Dominion department.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal; the nerves become strong as steel, so that nervousness, hastiness and despondency disappear, the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know that no man can be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quicks and fakers rob you of your hard-earned dollars. NO NAMES USED WITHOUT WRITTEN CONSENT.

THREATENED WITH PARALYSIS.

Peter E. Summers, of Kalamazoo, Mich., relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indigestion and excess in early youth. I became very despondent and didn't care whether I worked or not. I imagined myself dying. I dreamed of being buried in a coffin and waking up in the morning, poor appetite, back of my head, hands and feet cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbers in the newspaper and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, went to Mt. Clemens for baths, but received little benefit. While at Mt. Clemens I was induced to consult Dr. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and will continue to do so."

CURES GUARANTEED OR NO PAY.

We treat and cure VARICOCELE, STRICTURE, NERVOUS DEBILITY, BLOOD AND URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES and all other diseases. CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment.

PROSPERITY SHOWN IN CHURCH WORK

Metropolitan Methodists Have Had a Year of Increased Givings.

At a recent meeting of the joint boards of the Metropolitan church, the reports for the church year ending April 30th, were submitted. Remarkable progress has been made during the year. The financial report shows that over \$17,000 has been raised. The giving in loose collections and envelopes for the ordinary running expenses of the church show large increases, being as follows: Loose collections last year, \$2,894; this year, \$3,444. Envelopes last year, \$2,906; this year, \$3,696. During the year, the jubilee anniversary was held and brought out a spirit of liberality in the congregation, which has made the special contributions to interest and sinking fund and to the new passage to show a large increase in that department. The amount raised this year was \$5,133; last year, \$3,464; increase, \$1,679.

The missionary givings to the General Missionary Society show \$1,743, as against \$1,434 last year. \$13,330. Metropolitan church has raised \$415 and the Sherwood Auxiliary \$105, making the total missionary contributions to be \$2,285. The sum of \$450 was raised for the Fernie relief fund; \$255 was given to Columbia college; \$345 was given to the confectionary funds, The Ladies' Guild raised \$405, the Men's Mission Sunday school raised \$777, and the Spring Ridge school \$343. Metropolitan Epworth League \$234. The grand total raised for all purposes is \$17,054, while the amount raised last year was \$13,830. The numerical growth of the church has also been gratifying. The number of members reported last year was 580, this year 600; a net increase of fifty on the year after filling up vacancies made by death and removals.

During the year a young woman's club has been organized, which is doing splendid work and has a large membership. The Metropolitan Brotherhood is the youngest institution of the church, and will give a good account of itself this year.
