Miramichi Advance.

CHATHAM, JANUARY 27, 1881. Un-Advised Meeting.

It is to be regretted that the Municipal Council of this Province, as well as Nova Scotia have, to a limited extent, so far misunderstood the purposes for which they exist, as to undertake to pass upon the merits of the Canadian Pacific Railway Syndicate question.

The Gloucester Council approved of the Government's bargain with the Syndicate—that is a majority so voted, while the minority declined to pronounce upon the matter at all.

In the absence of the Council of this County, the Gloucester Council was convened, and it was also condemned in the opinion of the Council of this County.

At the January Session of the same Council this year, Coun. Swin—at the instigation of a political wire-puller—moved a resolution in favor of a rancorous contract for building the Canada Pacific Railway.

Coun. Anthony Adams forgot the correct principle laid down by him last year, and simply voted, yes!

The Warden's Dinner.

Jan. Brown, Esq., Warden of the County, entertained the members of the Municipal Council, and a few other guests—ex-Wardens, the Secretary, Treasurer, Auditor and members of the Press on Thursday evening last at the Waverly Hotel, Newcastle.

The occasion was a most agreeable one, every member of Council being present—a proof of the popularity of this annual social institution.

The affair lasted from about 8.30 until midnight. The responses to the different toasts were, as a rule, short, pithy and entertaining, to a degree which must have caused general regret when the hour for leaving the board had arrived.

It is to be regretted that the reputation of the Warden's dinner was fully sustained on the occasion.

Explanatory.

We make an annual offering of the ADVANCE, containing an abundance of Municipal Council matter, the issue following the January Council session, and being for the indulgence of some of our readers.

The majority of our patrons who, of course, live on the Miramichi, are so much interested in the business of the Municipality that they are overlook one edition of the paper being almost exclusively devoted thereto.

Our report includes the proceedings from the day of opening to the close on Saturday afternoon, and embraces the list of Parish and County officers appointed for the twelve Parishes.

The work of making up a report is greater than many readers may imagine it to be. We have done it year after year, entirely at our own expense.

For a comprehensive report we paid for by Councils of different Counties. We have received a share of a vote of thanks passed by our Municipal Council, which is really less than formerly, for up to the present year, the ADVANCE, being the only paper fully representing the County was exclusively honored in that way.

To BE AVOIDED.—Three drothy Gloucester men have left for Ottawa with resolutions in favor of the Syndicate bargain. We hope they will not meet with the success which the Miramichi resolutions have met with.

"Tooley Tree" trial could be in Ottawa at the same time, who knows what the result might be!

Press-Censorship Again.

There was brought to us a few days since, an effusion which the name of "Thos. Crimmin, Secy., District No. 1, Chatham," was appended and it was, professionally a reply to references made by this paper to that gentleman in connection with his attempt to "correct" the ADVANCE at the Annual School Meeting in the District referred to.

Mr. Crimmin's written effort is a fair sequel to that in which he so injuriously attacked the ADVANCE. He makes not the slightest attempt to justify his baseless charge made in his official capacity against us, but states that our references to him were "unfounded insinuations, calumnies, and personal vituperation," etc. In fact, one would imagine that Mr. Crimmin's purpose in writing was not so much to justify his statements against us, as to satisfy the public that in the matter of pure, chaste and classic language, generally, and official modesty, Mr. Crimmin was far superior to common mortals.

He denies the correctness of our report of what was said at the meeting referred to, but that might be very properly left to the twenty-five or thirty others who were present. If he did not—as he now states—that the gentleman whose name he brought up in so unnecessary a manner, had apologized, how does it happen that when Mr. Smith said to the meeting, "It seemed, even from Mr. Crimmin's remarks that the Inspector had done something at the meeting for which he deemed an apology necessary" this "redoubtable" Secretary sat silent?

Who was then, to use the elegant Mr. Crimmin's phrase, "meek as a sucking dove?" The fact is that Mr. Crimmin feebly writes what he was scarcely "redoubtable" enough to say orally, face to face and man-to-face, even to a person "meek as a sucking dove."

The Secretary also errs in stating that the ADVANCE attacked him. The attack was his. It was made upon this paper at the Annual School Meeting by the Inspector, and we were acting on the defensive. We were surprised that Mr. Crimmin had the temerity to make so bold an attempt to pervert the truth, especially in the presence of a Co-Trustee who knew he was doing so, and, on the spot, said the ADVANCE statement was not incorrect. The mistake the Inspector made at the meeting originally referred to by the ADVANCE, was doubtless corrected by Mr. Crimmin, acting for the Board of Education and allowed his zeal to carry him too far. As a local paper the ADVANCE emphasized the facts of that meeting with a view of impressing upon Mr. Rand, for whom Mr. Cox was really acting, the fact that our Chatham Trustees were not of the pliable stuff calculated for his purpose. So, between the Board of Education, on the one hand, and the Secretary of No. 1 district, Chatham, on the other, the Inspector and the ADVANCE have come in contact with a seeming antagonism quite distasteful to both.

Annual School Meetings.

DISTRICT NO. 4, HARDWICK. The Annual School Meeting held in the District on Thursday the 13th, James G. Ryan, Esq., was elected Chairman, and Noble Secretary to the Trustees, acting as Secretary.

It was moved by Jonathan Noble and seconded by A. G. Williston, that the meeting adjourn to allow the ratifiers also to attend the funeral of the late Alexander McLean, which left the residence of the deceased at 10 o'clock on the day of the Annual Meeting, and to meet again the next day at 10 o'clock. This resolution was carried unanimously.

The adjourned meeting on the 14th was called to order by John Mills, Trustee, in the absence of the Chairman of the preceding day. At the opening of the meeting, Mr. Christopher McLean was elected Chairman, Jonathan Noble, Secretary to the Trustees, acting as Secretary. The accounts were presented to the meeting and passed. The accounts show a balance in the hands of the Secretary (with all bills paid to date) of \$13.45. Robert Noble, Jr. was elected Trustee in place of John Noble, whose term of office had expired.

Mr. Christopher McLean was elected Auditor. The sum of seventy five dollars was voted as local assessment for the current year, and the meeting adjourned.

DISTRICT NO. 4, CHATHAM. Trustee W. Morrison, Secretary called meeting to order. Jonathan Harper was elected Chairman. Trustee's report showing school in good order was adopted. The Secretary's accounts showed a balance of \$184.36 in favor of the district. The retiring Trustee, W. Morrison, was re-elected. C. Sargent was re-elected auditor. \$150 was voted assessment for the current year.

DISTRICT NO. 1, HARDWICK. Meeting was called to order by the Secretary and Mr. Yash was elected Chairman. The report of Trustees and that of Mr. Henry Phillips, Auditor, were adopted. Mr. Jeremiah Sullivan, retiring Trustee, was re-elected, and \$70 were voted for the ensuing year. Miss A. L. Brown, the teacher of last year, is giving every satisfaction to the District and her services have been retained for the current year.

The Pacific Railway Resolution passed by a Majority of 52.

[Special to the MIRAMICHI ADVANCE.] CHATHAM, JAN. 26, 1881. At 5.30 this morning, after six weeks debating, the first division on the Pacific Railway resolutions was taken.

The division was on Mr. Blake's amendment to the second reading of the resolution. The amendment was defeated by 56 majority—yeas 54 nays 140.

The main motion was then declared carried on the same division. It will be seen that 194 members were present in addition to the Speaker.

The absentees were, Abbot, Cameron, Victoria, Manganis, Deacons, White, (East Hastings) Perreault, MacKenzie, and Snowball.

On the conclusion of the vote, Sir Albert Smith moved an amendment that the contrary be noted, but that tenders be called for.

It was agreed that Sir Albert should speak on his amendment this afternoon, and the House adjourned at 5.45 a. m. In the Senate yesterday, Sir Alexander Campbell introduced a bill respecting the naturalization of aliens.

Ontario.

Two Rinks of St. Andrews Curling Club, St. John, visited Chatham this week, arriving by Tuesday night's train. They were met at Chatham Junction by the Vice-President of the Chatham Curling Club, by whom they were accompanied to Chatham Station where they were greeted by other Chatham Curlers. They were driven to the Metropolitan Hotel, where they remained during their stay by the Chatham Club. The object of their visit was to play a return match with Chatham Curlers, who were defeated by St. Andrews Club at St. John last season. The game took place yesterday afternoon at the covered rink, which was flooded on Tuesday evening for the purpose, play commencing about eleven a. m. and lasting three hours. The following rinks were in the game:—

J. Thomas, St. John; J. Flood, Alex. Thompson, J. Cummings, S. S. DeFours, A. Watson, W. Snider, St. J. Gregory, St. J. G. I. Wilson, W. Wilson, Geo. L. Britain, T. H. Fleiger, M. C. Clark, St. J. C. G. Curling, John Johnston, St. J. Hutchison, St. J. At the close the scores stood as follows:—

Great Storm in Great Britain.

A London despatch of 19th inst. says:—A severe storm struck England throughout the United Kingdom during the last two days, and an immense amount of damage has been done, particularly along the coast. Railway traffic and telegraph communication are almost completely suspended throughout the Kingdom, and interruption has extended to the Continent. Four vessels are ashore at Yarmouth, and it is feared that fifty persons have been drowned. The damage by flood in the Thames is estimated at £2,000,000. The storm is the worst that has been experienced for twenty years.

The Thames has flooded the House of Parliament. Many of the members were unable to reach Parliament, so that there was an exceedingly small attendance. The members who were invited by water to such an extent that they are rendered uninhabitable, and hundreds of people have been made homeless. Great damage has been done to the poorer sort of houses. The people are taking refuge on the roofs and are in momentary terror lest their lives should become a prey to the rising water. The scenes are terrible, and all efforts which are being made in the midst of the storm are not adequate to relieve the distress which prevails.

LONDON, JAN. 23.—With the partial restoration of telegraph in England instances of persons being overwhelmed by snow and frozen to death are reported from various districts. Railway trains in some cases were abandoned in snow drifts where only the funnel of the engine was visible. The damage to Dover pier amounts to about £70,000. Solid masses of concrete were scoured out by the waves and stones weighing more than a ton were washed away. The pier at South End on the Thames, opposite the mouth of the Medway, was carried away by the ice. A boat siding in the rescue of persons on the pier was swamped and eight persons were drowned. The weather now is fine but colder.

MADRID, JAN. 24.—Inundations have caused the destruction of half the crop of oranges and lemons, and the loss is estimated at \$40,000,000 to the agriculturists. Severe frosts have also occurred, but the loss of life is slight. The loss to the shipping on the coast is supposed to exceed one hundred vessels, and the damage to vessels at Huelva, Bilbao, Cadiz, Barcelona and Santander is estimated at several millions. After ten days of gales and floods that have cut off telegraphs and made train forty-eight hours late, and interrupted lines in the north and northeast, we now have a snowfall of unprecedented magnitude in the centre, and even south of the Peninsula. Madrid lies under a foot of snow; also Faden, in Andalusia, —Malaga and Balaosca Isles, besides blocking all passes and railways in the north of Spain for twelve days.

Chatham Railway—Regular passenger and freight traffic has been resumed on the Chatham Railway.

The Congregation of St. John's Church, Chatham, were presented by their Pastor Rev. Mr. McLean with a valuable Fair Coat.

PERSONAL.—Mr. J. Cummings, the Champion Skater of the Dominion is in town. He is also a keen curler and was in the rink at the rink yesterday. He is to skate at the rink to-day and this evening.

MARRIAGE.—The marriage of Chas. E. Fish, Esq., and Miss Annie Willard of Newcastle was the social event of last week in last town. The groom is a Lieutenant in Major Call's Field Battery and the event was, therefore, marked by a salute. Considerable bunting was also displayed in honor of the occasion.

LECTURE AT NEWCASTLE.—On Tuesday evening the Rev. J. Robertson delivered a lecture under the auspices of the Temperance Society at Newcastle. The subject of the lecture was "Sketches of Ancient History with special reference to the Universal Monarchies of the Book of Daniel." The audience was a large one, and the lecture was well received. At its close the Rev. Mr. Aitken tendered the unanimous vote of thanks to Mr. Robertson.

STATISTICS.—Mr. Thos. Crimmin of the Customs House complains of having been left out of the annual report of the ADVANCE, and the lecture was well received. He is to be a member of the ADVANCE, and will endeavor to obtain the statistics which we—in common with other papers—are in the habit of obtaining at the Customs House, in some way less objectionable to the "only hard working and efficient official" in that important public institution.

THE BASS TREASURERS.—Mr. Thos. Vye cannot have the highest possible opinion of the profits to be realized out of the Bass trials. The day he purchased 798 lbs. of Bass, at twelve cents per lb. He duly shipped them to the United States and, doubtless, counted on a fair profit from his investment of \$22.16. His returns came in good time, but they represented only \$65, so he had to stand a loss of \$27.16.

HELP.—An interesting article on the subject of memorizing dates, figures, etc. is received and will appear next week. We also regret very much that the report of the Newcastle Times on our Bathurst letter—a most interesting one—has to be held until next week. The latter is a full account of the false arrest of the young men from Chatham who however were shown to be entirely innocent of a grave charge made against them.

LECTURE.—The Rev. Andrew Burrows, B. A. of Truro will lecture in the Temperance Hall on Tuesday evening next—Feb. 1st, at 7.30 p. m., on "Mind and Books and their Influence on each other." Mr. Burrows occupies a high position in Truro. He is also a popular preacher and lecturer. On Sabbath next he will preach morning and evening in St. John's Church in this town, under the auspices of whose

Auditor.

The sum of seventy five dollars was voted as local assessment for the current year, and the meeting adjourned.

DISTRICT NO. 4, CHATHAM. Trustee W. Morrison, Secretary called meeting to order. Jonathan Harper was elected Chairman. Trustee's report showing school in good order was adopted. The Secretary's accounts showed a balance of \$184.36 in favor of the district. The retiring Trustee, W. Morrison, was re-elected. C. Sargent was re-elected auditor. \$150 was voted assessment for the current year.

DISTRICT NO. 1, HARDWICK. Meeting was called to order by the Secretary and Mr. Yash was elected Chairman. The report of Trustees and that of Mr. Henry Phillips, Auditor, were adopted. Mr. Jeremiah Sullivan, retiring Trustee, was re-elected, and \$70 were voted for the ensuing year. Miss A. L.
