NATIONAL W. C. T. U. CANADIAN BRIEFS.

Proceedings at Yesterday's Session at Fort Worth, Texas.

FORT NORTH, Tex., Nov. 18.—The fourth day's session of the National Women's Christian Temperance Union had under consideration in the morning, the dead of the year; work among colored people; work in penal and reformatory institutions and among soldiers and sailors.

An encouraging feature of the session was a statement from the chair that the amount of money pledged and collected at this meeting is the largest ever realized at any gathering of the W. C. T. U. Resolutions were made asking Divine guidance and insisting first as the basic principle of temperance reform that prohibition is fundamental to an enduring national life; second, denouncing any direct or indirect system of license or legal sanction of the liquor traffic, as contrary to gospel and unconstitutional in law. The resolutions oppose the manufacture, sale or transportation of alcoholic liquors in any state or territory under the jurisdiction of the U. S.

Third, approving the action of congress in passing the anti-liquor law and declaring "that we shall continue to urge upon congress the necessity of appropriating a sufficient fund to provide a comfortable amusement room and an improved ration."

Fourth, calling earnestly upon the Church of Christ by whatever name known, "to help actualize in law, in custom and in political institutions the teachings of our Lord and Master Jesus Christ."

FATAL RAILWAY ACCIDENTS.

CHICAGO, Nov. 18.—One person was killed and twelve injured in a rear end collision between two Metropolitan elevated trains early today. The collision was due to dense fog. Another collision was reported on the Lake Street.

Other collisions were reported on the Northwestern, the Lake Street and the South Side elevated roads, and on some of the surface lines, but it was stated that in these no one was seriously hurt. The fog was one of the most dense Chicago has experienced in years. People standing on the sidewalks could scarcely see passing vehicles, and street cars kept their gongs clanging constantly. The Metropolitan "T" collision was between a train carrying factory workers and an express train, both running east. Both trains were crowded, and Thomas Mcleary, 18 years old, standing on the rear of the first train, was crushed to death.

POTTSVILLE, Pa., Nov. 18.—By a collision of two Philadelphia and Reading freight trains near Tamaquog, one of the men was killed and two others fatally injured. A heavy coal train crashed into the rear of the Newberry freight, piling cars up in wild confusion, while others were thrown into a side track on the Jersey Central railroad freight, the engine was also wrecked. Engineer Chas. Keating of the latter train, was killed outright and his fireman severely injured. Immediately after the crash the doberis took fire, the flames destroying several cars.

RUSSIA'S POWER.

NEW YORK, Nov. 18.—A despatch to the Tribune from London says: The representative of the Daily News in Vladivostok has discovered that there is no English consul there. So he called upon an American, Theodore Greenock, whose position is that of commercial agent for the United States. Mr. Greenock informed him that besides France, Germany, Holland and Japan were commercially represented. Americans and Germans, he went on to say, had most of the trade. "No man," he said, "can come through Siberia to such a place as Vladivostok and give thought to what Russia has done in a generation without being amazed. England may criticize Russian manners and growl at Russian diplomacy and wonder how people can live under an autocratic government. But Russia has laid hold of the east."

PRINCESS STUDIES MEDICINE.

CHICAGO, Nov. 18.—The Princess Sophie, daughter of the late Maharajah Duleep Singh of India, entered the Woman's Medical college of the North-Western University in Lincoln street Chicago, yesterday, and attended her first classes as a freshman "Medico." The princess says she came to Chicago to carry out a long cherished desire to become a physician. According to her present plans, she will remain here four years—the length of the prescribed course. Because of the trouble with the government Maharajah Duleep Singh, father of Princess Sophie, was not wanted in India by the British, and was placed under arrest and sent to England, where he was kept under espionage. This accounts for the secrecy of the princess's movements and her failure to visit India, as was said to be her desire.

EUROPEAN TARIFF.

NEW YORK, Nov. 18.—The Perseverance of Milan, quoted in a despatch to the London Times and New York Times from Rome, published an article which is believed to represent ex-Minister Lazzarini's views. It advocates that the continental commercial treaties be prolonged for a year and revised, not denounced. The article says it would be wise to await reciprocity proposals from the United States before plunging half of Europe in a tariff war.

VERY CHEAP SUGAR.

CHICAGO, Nov. 18.—"Congress will remove the duty on raw sugar within a year and the refined product will sell at three cents a pound," said W. A. Haymes, ex-Chicago representative of the American Sugar Refining Co., in an interview in which he discussed the reciprocity convention which will meet at Washington today. He said that the action of congress would be inevitable.

A COLLOSSAL FAKE.

VANCOUVER, Nov. 18.—The San Francisco story of an alleged conspiracy in the Yukon to overthrow Canadian rule there and to establish a republic is declared by prominent Klondikers who have come to Vancouver for the winter to be a "colossal fake." In Seattle, Washington, the story is regarded in the same light. The Post-Intelligencer of that city characterizes the report as absurd.

SOLDIER SHOT TWO MEN.

JUNCTION CITY, Kas., Nov. 18.—An unidentified soldier from Fort Riley shot and killed two men tonight on the street here. The soldier, who is supposed to be a saddler at the fort, approached R. E. L. Cooper in the middle of the street and with an oath fired a pistol at him, the ball entering the right temple and Cooper died an hour later. City Marshal Jas. White started for the scene but was shot by the soldier before he got off the sidewalk. The ball entering the base of the neck, White died a few minutes after being shot.
