PAID TRIBUTE TO CANADA'S EDUCATIONAL SYSTEM.

Interesting Addresses Given at the Closing Exercises of the Normal School at Truro

TRURO, N. S., June 26.—The provincial Normal School closed today. The exercises were quite interesting. Rev. Dr. Crowell, organizer of the Baptist Union, was the principal speaker. His address to the graduates was on a line which is bound to command great attention in the Maritime Provinces, that of recognizing the utility of education and the necessity of providing larger means to enable the artisans commonly known as teachers to make the utility practical and universally applicable. He criticized the assessment system now in vogue, declaring that the man of property was the greater drawback in progress being at all times on the alert to see that his taxes were not increased, whilst the poor man, the man of no property, cared little and kicked less when his taxes increased. The latter felt that every dollar spent to educate his progeny was a dollar well spent. He appreciated the value of education, but the man of property mostly appreciated the value of his estate.

Hon. F. A. Lawrence gave an illustration of how Canada had progressed. He contended that the growth of the country, although sometimes commented on as slow was more than fast compared with the American republic. He gave figures showing that education was making enormous strides and other things in proportion, in all of which a nation ought to feel a great pride. The expenditures annually for the maintenance of thirty thousand teachers, and the thoroughness of the educational attainments of the population generally, especially in the Maritime Provinces, was the envy of many nations. Nowhere did intelligence find so many representatives in the various walks of life compared with so limited a population.

One hundred and twenty-four students received diplomas of various ranks. Miss Florence Keating of Halifax received a silver medal presented by L'Alliance Francaise for best showing in spoken English.

Two guests of the Learmont Hotel here have been reported to the police for theft of an article of silver from the breakfast table. The thieves could easily have been captured had a police man been handy at the time the article was missing. This afternoon the station master at Truro reported that two men visited the station and that about the same time his gold watch and chain were stolen. The suspects have been located in Truro and their arrest will probably be made tonight.

NEWS FROM THE RAILWAY TOWN

MONCTON, N. B., June 26.—Henry E. Berry, aged 43, of Lewisville, was committed for trial by the police magistrate this afternoon on a charge of a most serious character. The charge was preferred by Berry's wife, Berry is charged with criminal assault upon Sadie E. Perkins, his stepdaughter, aged 15.

Upon this information a warrant was issued for Berry who was arrested at his work in Humphrey's Mills this morning by Chief of Police Hildout and brought to Moncton. Magistrate Kay this afternoon investigated the case behind closed doors, the result being the accused was committed for trial.

Berry's wife and her daughter gave evidence against accused which was to the effect that the state of things complained of has existed over a period of two years in this home. Mrs. Berry married her present husband thirteen or fourteen years ago.

Berry will be taken to Dorchester tomorrow to await trial at the September sitting of the Supreme Court. No worse case has ever been heard in the police court.

Honorable L. Brittain, formerly of the Moncton High School staff, has had the degree of Ph. D. conferred upon him recently by Clark's University, from which he graduated this year. He is a son of Dr. Brittain, formerly of Fredericton. He has been appointed superintendent of schools at Hyde Park (Mass.), at a salary of \$2,200 a year.

In the circuit court today at Dorchester in the case of the King vs. Fawcett Wilbur, Judge Forbes sentenced the prisoner to one year in the common jail and he is to have a chain and ball attached to his foot. The sentencing denunciations of the judge in

BRITT-NELSON FIGHT

HAS BEEN POSTPONED

SAN FRANCISCO, June 27.—The Britt-Nelson fight which was scheduled for July 3rd, was postponed last night, until July 31st. The reason given for the postponement is the inability of Nelson to continue training owing to an abscess in his ear. The referee for the fight will be chosen July 15.

NICARAGUA PREPARING TO ATTACK SALVADOR

MEXICO CITY, June 27.—Minister Delmas, representing the Republic of San Salvador, in Mexico, received a telegram last night from President Figueroa, of that country, saying that the Republic of Nicaragua was fitting out a fleet of three gunboats on the Pacific side and that an attack was expected at any time. The message added that Salvador was fortifying its ports.

LABOR STRIKES ARE A SIGN OF BARBARISM

NEW YORK, June 27.—Robert William Perks, M. P., who returns to England on the Celtic today, after a business trip of a month in Canada, said in an interview that the frequent labor strikes in the United States were "an economic barbarism."

Mr. Perks is at the head of the Georgian Bay and Montreal Canal Co., which has the contract for the construction of the St. Lawrence canal. He is an engineer and has been associated with the largest engineering undertakings in England and South America. He said that one time his company had employed on the different undertakings thirty-three thousand men, and that there were now a strike.

"President Roosevelt," said Mr. Perks, "deserves credit for his moral courage in opposing the tyranny of the trusts, but there is also tyranny in the unions and in dealing with the organizations he has adopted a middle course. One thing that surprised me here was the numerous strikes. I think they are an economic barbarism. All questions arising between employers and men should be settled without appeal to arbitration. I have always made it a practice to meet the men employed by us and discuss the problems with them and tell them what we could afford to pay. We never had a strike." The St. Lawrence canal will cost about \$100,000,000, and if the Dominion Government, said Mr. Perks, would adopt the plans it ought to be finished in four years.

HORRIBLE ASSAULT ON A YOUNG GIRL

NEW YORK, June 27.—Eight year old Viola Boyan, who had been missing from her home in Second Avenue since last Monday, was the victim of an atrocious assault. Her body, horribly mutilated, was found in a coal bin in the cellar of her home today. She had been dead for many hours. No arrests have been made but the police are searching for two young Italians, who, they have been informed, were seen trying to entice the child to enter a cellar with them several days ago.

The disappearance of the child was reported to the police last Monday, since that time the whole neighborhood has been searched. No trace of her was found, however, until today when one of the occupants of the tenement house where the child lived, stumbled over the body by accident. He had gone to the cellar for wood and in the dim light got into the wrong bin. The little body was found lying in a corner and it was apparent that she had been dead some time. When the coroner came he found that the child had been strangled, and the condition of her clothing and body showed plainly the effects of the terrible assault which had been perpetrated.

GAVE HIM POISON INSTEAD OF WHISKEY

ROCHESTER, N. Y., June 27.—Peter and David Morad, of Philadelphia, en route to Geneva, N. Y., on the Diamond Express last night, accepted a drink of whiskey from Leo L. King, who boarded the train at Wilkesbarre. The three men finished the bottle and King produced a second one. Peter Morad took the first drink out of it when he discovered that he had given Morad a bottle containing cyanide of potassium. Morad immediately collapsed and when the train reached Geneva was hurried to the hospital where he died in a few hours.

King was arrested at Geneva. At the station he said he had secured the poison for himself, that he intended to end his life on account of family troubles. He said his age was 39 years and that his mother was living in Rockford, Ill. In his satchel was found a loaded revolver and a photograph of himself.

NEW BILL OF LADING.

CHICAGO, June 27.—A binding agreement between shippers and the railroads, the dream of American commerce, in the form of an informal bill of lading, practically has been agreed upon. Representatives of commercial interests and all the true lines of the country have settled upon the form of the new bill, and the inter-state commission has concurred. It will be submitted for the ratification of the railroad and commercial interests of the country early in July.

THE HAGUE CONFERENCE.

THE HAGUE, June 27.—The first sub-committee (arbitration) met today. Mr. Bourgeois, president, read a communication from the Pan-American Congress held at Rio Janeiro, announcing the results reached on the subject of arbitration and expressing the wish to see these principles adopted by the peace conference in a manner corresponding with the interests of the civilized world.

Eight articles were read without observations except from Joseph H. Choate, who proposed the addition to Article III, of part 2, the words, "and to the desirable end" that the signatory powers should offer their good offices and mediation.

LONDON, June 27.—The Daily Mail, Tokyo, correspondent says that apparently Japan and the United States have agreed that the existing treaty should be replaced by a new treaty in 1909, when the correspondent says Japan will fight hard to place her subjects on an equal footing with Europeans. Until then no serious difficulty is dreaded.

The wedding took place this morning of Arthur Amland, of Waterloo street, to Miss Gertrude Belyea. Rev. Dr. Sprague officiated.

Holiday Necessities.

Of course you are going for an outing on Dominion Day and hoping for a fine day. Is your outfit complete? Are there other things to provide? The favorable buying time is here for Friday and Saturday. Whether it be in the city or country you are well provided if today's store news does not interest you. Read the whole list through and don't skip a word. You will surely find something you want at a saving in price.

NEW ENGLAND LEAGUE

MIDSUMMER MEETING HELD LAST EVENING

BOSTON, June 26.—The New England League of professional baseball clubs held its annual meeting at the American House tonight, the clubs being represented as follows:

Brooklyn, S. D. Flanagan; Worcester, Jesse Burkett, J. J. O'Donnell; Haverhill, D. F. Clochey; Lawrence, J. L. Rolley; Dr. H. H. Nevers; Cornelius Corcoran; Lynn, Matt. McCann; F. J. Leonard; St. Paul, J. E. Canavan; Fall River, J. P. Trophy; J. H. O'Brien; Lowell, A. Winn; James Owens. There were also present Manager

Shannon, of Lowell, and H. J. Regan. President Murnane congratulated the members on the good showing that had been made despite adverse weather conditions. He was especially pleased to note the fine showing that had been made in Brockton and Lowell.

The protests heard were those of Worcester in a game in which Umpire Janna changed his decision on a play of first, and of Fall River against Lynn, in a game in which Umpire Henry called a ball on Pitcher Olney and allowed a runner first. It was decided that these games stand as played.

It was voted that any catcher who deliberately places his mask on the base line to injure a runner shall be fined \$10, and that any umpire who fails to inflict a fine for such an offense shall suffer a penalty for the same amount.

The Worcester club was ordered to pay \$125 to the Lowell club for failure to produce its regular team at Lowell June 13, the day that Manager Burkett played the St. Louis Americans at Worcester.

Children's Linen Hats.

HOLIDAY TIME IS NEAR, then the children will want Strong Linen Hats, and MAGEE'S have a big variety in shapes and qualities.

For 25 Cents fine play hats in navy, white, linen colors.

For 60 Cents Imitation Panamas.
For 75 Cents good dressy hats in blues, white, lawns and mixed patterns.

D. MAGEE'S SONS,

63 King Street.

CORNELL WINS BIG VARSITY BOAT RACE

POUGHKEEPSIE, N. Y., June 26.—Cornell won the university eight-oared race of the intercollegiate regatta for the eighth time, late this evening in the most exciting contest ever rowed over the four mile Poughkeepsie course. Cornell's time over the course was 20.02-3 seconds.

Columbia was second, United States Naval Academy third, Pennsylvania fourth, Wisconsin fifth, Georgetown sixth and Syracuse did not finish, her shell being swamped a half mile from the finish line. The Ithaca crew won by the narrowest margin from Columbia, and until the finish line was crossed and the judges announced that Cornell had won the thousands of spectators were in doubt as to which crew won victory.

Cornell and Columbia fought for the honors of the race over the whole four miles of the course, and at no time during the entire distance were the two shells more than twenty-five feet apart. Columbia led for over three miles and then Cornell took the lead, only to lose it to Columbia again. In the last hundred feet of the race Cornell, by a tremendous spurt, shot the nose of her shell out into the lead and swept over the finish under the glare of a big searchlight on board the United States monitor Arkansas five feet ahead of Columbia. The Annapolis crew rowed a magnificent race and finished two lengths behind Columbia. Syracuse captured the honors of the university four-oared shells from Cornell, Pennsylvania and Columbia, which finished in the order named. Syracuse finished two lengths ahead of Cornell, and her time over the two-mile course was ten minutes and 37 1/2 seconds. Wisconsin won the freshmen eight-oared shells over the course of two miles, leading Syracuse across the finish line in 9 minutes and 56 seconds. Pennsylvania was third, Columbia fourth and Cornell fifth.

Columbia rowed the last quarter of a mile with an almost water-logged shell, which filled near the stern, when three feet of plank was ripped out by striking a submerged log.

The Navy came over the line third, two lengths behind Columbia. Pennsylvania was two lengths behind the Navy, taking fourth position. Four lengths behind the Pennsylvania crew was Wisconsin, crossing the line fifth, and far behind was Georgetown, the sixth to finish. Syracuse's shell began to fill within half a mile of the finish, and would have sunk had not the crew jumped overboard. They were picked up by passing launches. Cornell's crew seemed in good condition after the race. The official finish with times, except times of Wisconsin, Syracuse and Georgetown, which were not taken, was as follows:

1—Cornell, 20.02-3.
2—Columbia, 20.04.
3—Navy, 20.13-4-5.
4—Pennsylvania, 20.33-24.

EDUCATION IN INDIA.

The Government of India has issued a circular letter to the local Governments with regard to the provision of free education in primary schools. In this document the subordinate authorities are asked for their views upon the policy of such a measure, the means of carrying it out, and its cost. The schools in which the abolition of fees is contemplated are primary and middle vernacular schools for boys and for girls, whether managed by Government, by municipal and local bodies, or by private persons, with the aid of grants from public funds. It is intended, however, to introduce the change in primary schools for Europeans, as it appears to the Government of India that the need for such a measure, whether for the relief of parents or for the spread of education, is not established. The Government considers it advisable that the principle should be applied simultaneously throughout all standards in the specified schools, and not by degrees. While it is proposed to make elementary education free, there is no suggestion at present as to making it compulsory.

TOO LATE FOR CLASSIFICATION.

WANTED.—We want at once, for both wholesale and retail departments, several bright, intelligent boys from 14-16 years of age, who have a desire to learn the dry goods business. Apply at once. Manchester Robertson Allison, Limited. 27-6-7

PERSONALS

Mr. and Mrs. N. R. Loane and daughter left on Tuesday for St. John where Mrs. Loane will spend the summer. James McDowell and S. E. Field have been elected as representatives to the High Court of Foresters which meets in St. John next month. Mr. and Mrs. Thos. Odell took their little son to St. John for treatment last week. They were accompanied by Mrs. G. H. Sturkey—St. Andrews Beacon.

IF WOMEN COULDN'T READ.

"Then you don't believe in higher education for women?" "Certainly not. I think it's a shame to even teach 'em how to read. If a woman couldn't read the bargain advertisements, she wouldn't be so unhappy over the lots of things she can't afford to buy."

HER ADVANTAGE.

"Your daughter has an angelic disposition." "Yes, we always let her have her own way about everything."
