to Mr. Law's premises at Millidgeville and remained there until recently when Mr. Law gave the animal to Mr. Davidson. Since the dog has been in the possession of Mr. Davidson no less than three persons have claimed it, saying that they are prepared to swear that the dog is theirs. One of the three is a man from Digby who claims to have raised the dog from a pup nine years ago. He was escorted to the King street station by a citizen who claims an equal right to the animal. The Digby man sought police aid but without avail, for Mr. Davidson says he will be pleased to give the dog to the rightful owner when they prove who is that person. If the dog remains with him he will probably become an earnest worker in the kennel club.

The street cars made their first appearance around the new loop at Blue Rock, Carleton, yesterday and as a result of the company granting a free excursion to all the West Side children, a large number took advantage of the offer. But lost evening they wished for the same privilege and swarmed about the cars. The result was that when the motorman tried to start the car some youngsters were in danger of being injured, so the corductor was bliged to call on Police Sergt. Ross to clear the track before the car could get away. A large number of citizens found the loop a great convenience
