FORMER ST. JOHN MAN MAY BE CANDIDATE

William H. Ennis Urged to Contest Mayoralty Election in Somerville, Mass.—What Papers Say of Him.

The many friends of William H. Ennis, a former St. John resident, will be pleased to learn that as one of the leading citizens of Somerville, Mass., his friends are endeavoring to induce him to become a candidate for mayor of that city. The Somerville Enterprise publishes an excellent picture of Mr. Ennis and the following article which is self explanatory:

"Friends of ex-Alderman W. H. Ennis are endeavoring to induce him to allow the use of his name as a citizens' candidate for mayor of Somerville. Mr. Ennis is well known in this city, where he has resided since coming from St. John, N. B., where he was born in 1867. He has been a citizen of Somerville more than 20 years. He attended the schools of his native city taking a course in chemistry and graduating later from college with high honors.

Mr. Ennis has always taken deep interest in municipal affairs. He was a member of the Republican ward and city committee and was president of the Ward Two Park and Improvement Association for a number of years. He was ward alderman in 1900 and 1902 declining to serve longer owing to demands of business.

While a member of the board of aldermen, Mr. Ennis was given credit for accomplishing valuable service for his own ward as well as for the whole city. He was termed the working man's friend, and he was not without reason when questions arose concerning their welfare and which meant the betterment of the city. It is said no man was ever refused assistance or work who came to him if it was to be had, and even today he continues to serve them when asked. Mr. Ennis is popular with all classes, and he has a record of never having been defeated for any office for which he was a candidate.

In the business world he holds a prominent position with a number of large enterprises. He is acting manager of the Canadian department of the Boston Varnish Company, a leading corporation in its line in New England, whose business extends from coast to coast, and which under his management is showing steady increase in trade in all sections of the country.

Mr. Ennis is personally very popular. He is energetic and an unusual amount of energy and magnetism which traits are responsible for the success attained in every thing he has undertaken. He is fortunate in the possession of great strength of character, mentally vigorous and with a physical vigor. Mr. Ennis is a heavy taxpayer in Somerville. He is married and lives at 785 Broadway. In the opinion of his friends and the confidence and pluck that follows the experience in practical matters that a self-made man all his qualities, he would make an ideal representative to go before the people as a splendid type of the independent American citizen. Mr. Ennis' candidacy for mayor of Somerville.

OBITUARY.

Rev. Calvin Goodspeed.

The Baptist denomination as a whole makes a sad loss in the death of Rev. Calvin Goodspeed, D. D., at Paradise, Nova Scotia. Dr. Goodspeed, who was born on the Nashwaak, New Brunswick, in 1848, was considered one of the most scholarly men of his time. A profound thinker, he reached his conclusions by the exercise of keen logic. He had few if any equals in moral philosophy and had no sympathy whatever with the views of the so-called new theology, proving himself a sturdy champion of the orthodox in religion. He was graduated from U. N. B. in 1866 and was ordained to the ministry at Andover in 1868. He held pastorates at Woodstock, Ont., in the First Church, Yarmouth, N. S., from 1882-85. He was predecessor of the late Rev. Dr. McCully Black, editor of The Messenger and Visitor in St. John from 1885 to 1890, and resided in Carleton. Besides the U. N. B., Dr. Goodspeed had studied at the Baptist Seminary, Fredericton, the Regent's Park College, London, the Newton Theological Institute, Newton, Mass. He also took a post-graduate course in Leipzig, Germany from 1880 to 1881. He held the chair of systematic theology in McMaster University, Toronto, for fourteen years and subsequently the same chair in Baylor University, Waco, Texas. He retired from active work two years ago and since then had been living at his summer home in Paradise, Nova Scotia. He had been ill for about a week with heart trouble and his death was not unexpected. He is survived by his wife, Dr. Goodspeed during his busy life had found time to prepare many writings for the press. These were all couched in the clear, concise style of which he was so capable. Among his books, perhaps the most noteworthy are a volume on "The Messiah's Second Advent," in which he upheld the post-millennial view. This work is considered one of the finest eschatological writings in the Baptist church. Dr. Goodspeed in collaboration with the late Rev. Dr. A.

DOCTORS SAID IT WAS HEART FAILURE

And Gave Me Up—But "Fruit-a-tives" Cured Me.

Moorfield, Ont., March 25th, 1910. "I suffered from severe indigestion and dyspepsia for nearly two years. I could not take food without fearful distress. Two doctors thought my disease was Heart Failure and incurable, and I expected to die in a short time. My son asked me to try 'Fruit-a-tives'.

"From the outset, I was better and gradually this fruit medicine completely cured me.

"I took perhaps a dozen boxes—now an cured and have gained over 30 pounds in the last year.

"HENRY SPERS (Justice of Peace) 'Fruit-a-tives' are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c—or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

The News in Short Meter

LOCAL.

Has Done Well in the West.

A. L. Haining, formerly of the firm of Emerson and Fisher, but now one of the principal real estate owners in Saskatoon, who is said to have accumulated property worth about \$100,000, is in the city for Old Home Week.

Lost His Wallet.

Timothy Driscoll, proprietor of a Mill street beer saloon, lost his wallet yesterday with \$50 in cash. Driscoll was in T. H. Estabrooks' and says he left the wallet on the counter. It was reported it had been stolen by two strange men who were in the store at the time. The police are working on the case.

Drug Clerk Burned.

John McDonnell, of Harrison street, who is employed with T. Durick, was badly burned on Saturday afternoon. A bottle which he had filled with carbolic acid burst while he was putting a cork in it and the acid went over his face and head. Dr. Kelly and Dr. Pratt rendered the necessary medical assistance.

Will Remain in Fairville.

It is said that the Methodist Conference later on here and reappointed Rev. G. A. Ross to the pastorate of Fairville Methodist church for another year instead of to Centenary. Rev. Dr. Flanders of Centenary has been appointed to the church at Sheffield. Centenary is now left without a pastor for the year, but the conference will be free to engage the services of any available minister.

Westfield Residents Protest.

Suburbanites living in Westfield, Langley, Hillsdale and Onneton, the Parish of Westfield, are protesting against the amount of school taxes they are called upon to pay. A meeting was held in Westfield yesterday morning when it was decided to ask the school authorities to make a refund of the taxes for the year. The assessment payable in five years instead of one. The trouble arose over the fact that the parish school trustees had ordered a collection of \$3,000 for the purpose of building a new school house and had decided to collect the whole amount in one year.

PROVINCIAL.

Motoring on the North Shore.

Chatham, N. B., July 8.—An auto mobile party of four large cars and consisting of Mr. and Mrs. W. B. Tenland, Mr. and Mrs. J. H. H. Tenant, of Amherst; Mr. and Mrs. E. L. Rising, of St. John; Mr. and Mrs. Fred. H. Ryan, of Sackville; Mr. and Mrs. R. O'Leary, of Richibucto; and members of the various families in the party, came to town on Saturday afternoon and stayed here until Sunday morning, when they left for Campbellton. They will tour through the north shore, the province, and will return in about a week.

M. Welton, prepared a commentary on the Book of Genesis. This was one of the last of some twenty volumes the American Commentary on the Old Testament, published in Philadelphia. Dr. Welton died before the volume was finished. It is said by competent critics that as a commentary on the Book of Genesis, it is one of the best never been surpassed in its ripe scholarship and research.

Mrs. A. McEachern.

The death took place yesterday morning of Mrs. Annie McEachern, wife of Jeremiah McEachern, at her late residence, 55 St. Patrick street. She had been in poor health for some time, but death came suddenly and as a great shock to her relatives and friends. She was able to be about the house as usual yesterday morning until between 11 and 12 o'clock when she took a bad turn and passed away. The deceased is survived by her mother, her husband, one sister, Mrs. A. Daly, and one half-brother, James McEllis, all of this city.

First Aid to the Injured Classes.

D. Pottinger, of the I. C. R. board of management and W. F. Pavor were in the city yesterday and organized three first aid to the injured classes among the I. C. R. employees here. Each class has already 20 members and the work will commence at once. The first class is composed of station men, the second of yard and switch men, while the third is composed of the mechanical employees at the round house. These classes are being organized all along the line of the I. C. R. and at present classes are in full swing at Truro, Halifax, New Glasgow, Stellarton and Sydney, while others will soon be started at Glasgow, Campbellton and at several places in the Province of Quebec and Prince Edward Island. When speaking of the work of tearing down the north wall of the train shed at the train depot, Mr. Pottinger said that the wall might be rebuilt or that four pillars might be substituted.

COUGH HAD A QUIET SESSION

City Commissioners Occupied Chiefly with Routine Matters at Yesterday's Meeting—Bill Posters' Tax.

The common council held its regular meeting yesterday and its proceedings were rather dull. A motion was brought in recommending that until further notice, 100 single team ferry tickets be sold for \$30 and 250 double team tickets for \$30, but Com. Schofield stated that since the recommendation passed the committee stated he had obtained some information that put a different complexion on the question and he asked that the recommendation be referred back for further consideration.

A petition demanding a referendum on the early closing question was received.

It was agreed to give the matter further consideration. R. R. Horne and J. A. Barry were heard in connection with the decision of the council to raise the tax on billboards from 2 cents per running foot to 2 cents per square foot. Mr. Barry said that a billboard 50 feet long and 10 feet high would carry ten sheets of advertising matter, which were posted for a month at 10 cents a sheet. The poster company had to pay \$10 a year rent for the board and \$16 for labor; the new city tax would be \$10, making a total outlay of \$26. The billboards were only used about 3 months in a year and the total revenue would only be \$48.00. It cost \$55 to erect the board and its life was only eight years. This meant that if the proposed tax went into effect the company would lose money and have to close up its business here.

At present it gave employment to 3 people in St. John, and did considerable good advertising for charitable institutions.

Mr. Horne said his company had about a mile of billboards in the city. He thought the new tax would mean a loss of \$600 a year.

Mr. Agar—According to your figures the tax would be \$1200 a year. If you, you would be losing \$600. At that rate you can't be doing much of a business now.

Mr. Horne said he was doing a business all over the Maritime Provinces. He was willing to open his books for public inspection.

The mayor—What would you consider a fair license?

Mr. Horne—If I left Toronto, the license there was only one dollar. I would be willing to pay a fair license, so that I could uplift the business.

Mr. Agar—I suppose you want a monopoly.

Mr. Horne—Oh, no.

The commissioners promised to take the complaint into consideration.

City Insurance.

A communication was received from Wm. Thomson & Co. protesting against the action of the city in deciding to give all the insurance in the city property to tariff companies in future. The communication pointed out that they had placed all its insurance in non-tariff companies, and expressed the opinion that the city could not do better than follow the example of firms like M. K. A. W. H. Thorne, etc., which insured in the non-tariff companies.

The communication was referred to the commissioner of finance.

J. King Kelly appeared and said he had been talking with Com. McCulloch about having the city place the old common council chamber at the disposal of the county council.

Com. McCulloch moved that the county council be permitted to meet in the city council chamber at the will and pleasure of the common council. This was adopted.

Mr. Kelly suggested that the old city court room, where the county court has been holding its meetings, be made available for coroner's jurisdiction, but no action was taken on this. The tender of Hiram Webb for writing and placing lights on the King square was accepted. That the tender of Hiram Webb for writing and placing lights on the King square was accepted.

A Boon To Stock-Raisers

To Know How to Cure Colic, Diarrhoea, Colds, Swellings, Etc.—Saves Thousands Each Year.

It is a matter of vital importance to every farmer, horse owner and stock-raiser to know exactly what to do when one of his animals is taken suddenly sick.

The letter of Mr. Frank F. Fullerton, which we print below, gives information of inestimable value, and tells his experience in curing all giving stock during the past thirty-eight years:

"Several years ago when my horses took colic I used to give them Cayenne Pepper in hot milk, but in a few cases only did it help. I had no proper means at hand I lost several valuable animals. Some one told me of the success Mr. Wendling, of Brockville, Ont., had in his racing stables with 'Nerviline,' so I laid in a supply. It wasn't long before Nerviline saved the life of a valuable stallion of mine, which was worth at least \$1000. This horse was taken with colic, and would have died, had it not been for Nerviline. I have used Nerviline having great swellings, for taking out distemper lumps, and easing a bad cough, and always found it worked well. I recommend every man who owns horses or cattle to keep Nerviline on hand.

Mr. Fullerton is one of the best known residents of Stormont, and his recommendation as an experienced and practical horseman proved beyond question how valuable Nerviline really is.

Give Nerviline a trial. It's good for man or beast, internally or externally. 25c. per bottle or five for \$1.00. At all dealers or The Cataract Co., Kingston, Ont.

NICKEL HAS FINE BILL FOR PATRONS

Old Home Week Visitors Can be Well Entertained at the Popular Big Picture Theatre.

The patrons of the Nickel Theatre received their money's worth yesterday afternoon and evening, when all who attended witnessed an excellent programme of nicely combined comedy, drama, excellent singing and fun by monologues.

The first picture to be presented was Kaleen's real eastern drama, "In the Heart of the Desert." The film dealt in a masterful way with the missionary problem in Africa and showed the horrible fate which sometimes overtook the missionary who goes among the heathen tribes of the interior. This picture is full of exciting scenes and vividly portrays the fate of the missionary's daughter who preferred death to dishonor.

Another picture which proves interesting is the Biograph film, "Lena and the Geese." This picture deals with the life at the court of Holland some centuries ago and shows that a country girl does not make a successful queen.

The comedy picture and one which brought many a hearty laugh from the audience is the "Honeybags' Quarrel." This picture portrays a loving husband who strenuously objected to false hair. This objection becomes very apparent with the result that wife gets mad and after writing a note, leaves for father's house. What happens after that is where the laugh comes in.

These excellent pictures combined with the amusing monologues and song by Ben Souci and the charming soprano solo by Miss Betty Don, make a programme that is hard to excel.

Early closing by-law. A communication accompanying the petition claimed that it was signed by 20 per cent. of the voters at the last civic election, and demanded that the by-law be submitted to a referendum vote by the people. If the commissioners were not prepared to adopt the by-law, the matter was referred to the Mayor and Recorder to determine the legality of the petition.

Tenders Accepted.

The Commissioner of Public Works recommended:

That the application of the New Brunswick Telephone Company, Ltd., for permission to lay an underground terminal from their manhole at the corner of Water street and South Wharf into the Lake of the Woods building, be complied with, the work man to be the satisfaction of the City Engineer. Adopted.

That your commissioner be authorized to purchase another car load of fuel for use on the streets. Adopted.

The Commissioner of Public Safety recommended:

That the following tenders for coal be accepted, namely:

City Hall.
R. P. & W. F. Starr, Ltd., four tons run of mine Reserve or Sidney, at \$23.50 per ton.
J. S. Gibbon & Co., 50 tons A. A. Broken, at \$23.90 per ton.

Police Department.
George Dick, 55 tons A. A. Broken, at \$23.50 per ton; 10 tons A. A. Stove at \$23.90 per ton.
R. P. & W. F. Starr, Ltd., 35 tons run of mine Reserve or Sidney at \$23.50 per ton.

Fire Department.
City Fuel Co., 75 tons A. A. Egg at \$23.00 per ton; 25 tons A. A. Stove at \$23.90 per ton; 4 tons A. A. Chestnut at \$23.50 per ton.
R. P. & W. F. Starr, Ltd., 100 tons run of mine Reserve or Sidney at \$23.00 per ton.

Market Department.
J. S. Gibbon & Co., 15 tons A. A. Stove at \$23.50 per ton. Adopted.

That the tender of Hiram Webb for writing and placing lights on the King square be accepted. Adopted.

The commissioner of water and sewerage recommended:

That the tender of H. P. and W. F. Starr, Ltd., to supply 25 tons A. A. broken coal for the water and sewerage department at \$23.50 per ton, be accepted.

That upon the Norton Griffiths Co. executing the agreement required under resolution of council of 30th May last, the tender of Messrs. Moses, Mitchell and French for excavating and refilling the trench for water main on Egbert street at \$3.75 per lineal foot for rock and 60 cents per lineal foot for earth be accepted.

Tenders be called for the excavation, backfilling and construction of a brick sewer for Main street, Paradise Row and Hazen Alley, according to specification prepared by the city engineer.

The commissioner of harbors, ferries and public lands recommended:

That Capt. Edward C. Elkin be appointed an arbitrator under resolution of this council of 2nd July last, to ascertain whether or not the Canadian Pacific Railway Company is liable for the damage caused to the wharf by the S. S. Empress of Britain in January last, and that the said company be asked to appoint an arbitrator to act with Capt. Elkin. Adopted.

That the tender of John A. Adams for replanking the sidewalk upon North Rodney Wharf in accordance with plans and specification prepared by the city engineer for the sum of \$2.00 per square yard, be accepted. Adopted.

The Circus Was Delayed.

Owing to the late arrival in the city and the fact that the 62nd Regt. was being inspected on the Barrack green last evening, the Ferris wheel did not have its big opening as anticipated, but the big show will be in full swing today, the first show commencing at 1.30 o'clock this afternoon. Thousands of people visited the grounds last evening and witnessed the thrilling high dive by Harry Six. From a ladder 100 feet high, into a tank of water. The wild animal show was on and well attended as were also a couple of sideshows.

ALL DAY CRICKET.

There will be a long day's cricket match at Rotherly today between the St. John Cricket Club and a team from Weymouth, N. S. The Nova Scotians are said to have a strong team and the day's playing promises to be closely contested.

THE KING-LYNCH PLAYERS SCORED A GREAT SUCCESS

One of the Finest Stock Companies Seen Here for Many Years Holds the Opera House Stage this Week.

An unofficial feature of the entertainment programme for Old Home Week, but one which promises to be as enjoyable as any, is the engagement of the King-Lynch players in the Opera House. The company opened last evening in "The Typhoon" and gave a most artistic performance. In every particular the company is one of the very best stock organizations which has been seen in St. John for a long time, and it is to be hoped that the size of the audience last evening is not a criterion from which the success of the engagement may be judged.

Last night's audience, while not as large as the merits of the production warranted, was nevertheless highly pleased with it, and although one or two of the best scenes in the play were in part spoiled for the audience by the conduct of some patrons of the gallery, the strong passages were particularly well done, and in fact the whole play was handled in a manner that proved the ability of the company beyond shadow of doubt.

While "The Typhoon" is one of the most pretentious productions in the repertoire of the King-Lynch players, the wisdom of selecting it is an opening bill may be questioned. It is a remarkable example of dramatic writing and the characters are drawn with great cleverness. It impresses upon the play with a motive beyond the presentation of character types on the stage, and the telling of a coherent story. It would almost appear as if the author intended to work up a prejudice against Japanese people and the government, which they so faithfully serve. There is, however, nothing of the cheap "yellow peril" type in the play. Its principal male characters, with one exception, are highly educated Japanese engaged on a delicate mission of diplomacy for their government. The dialogue is clear cut, and at times keenly satirical, and tends to bring out the character of the Japanese who subordinate all other passions and emotions to their devotion to their country and her interests. In brief, the story of the play deals with the corner of Water street and South Wharf into the Lake of the Woods building, be complied with, the work man to be the satisfaction of the City Engineer. Adopted.

That your commissioner be authorized to purchase another car load of fuel for use on the streets. Adopted.

The Commissioner of Public Safety recommended:
