FEW CHANGES IN THE LIST OF LICENSES

Annual applications for permission to sell liquor passed upon last evening.

Few changes were made by the board of city license commissioners which passed upon the annual applications at a meeting in the office of Inspector John B. Jones last night. The application of William H. O'Keefe, 236 Union street, was held over for future consideration. Otherwise the list went through as originally filed by the applicants, although in several cases there were formal legal trans-

Michael E. Harley, of 615 Main street, North End, retires from the liquor business, his nephew Harold F. succeeding him at the same stand. Michael Harley is well known to the travelling public, having been for many years a hotel clerk at Shediac and other places. The license at the Dufferin hotel will be made out in the name of Mrs. Ellen Foster in place of that of her late husband, Thomas M. Powers succeeds John J. Bradley at 84 Brussels street, and George F. Kane succeeds William B. Daley, at 9 King square. William G. Haggerty will hold the license formerly held by Eli McBeath, at 491 Main street; Howard Phinney gets that of William O. Phinney at 15 Canterbury street. Philip O'Neill's wholesale house will be located at 15 North Wharf instead of 54 Mill street.

A petition against the granting of licenses on the North Side of King square was refused.

The commissioners considered a number of complaints that soldiers in uniform have been seen in saloons frequently. Inspector Jones stated that he had carefully investigated these complaints and had found that the provincial law was being generally observed by saloon keepers and wine clerks, and that no liquor was being sold to men in uniform. Of course, he said, there are ways for the soldiers to obtain liquor. He instanced one case which came to his notice one night recently on the Chart street extension wharf. He observed a citizen purchase liquor on Britannia street for a waiting soldier and when the goods were about to be delivered the inspector asked the bottle, but the violator of the law escaped and the militia man was out the price of the wet stuff. The name of the purchaser has been ascertained and he will be summoned to court.

The feeling of the commissioners is that the presence of militiamen in uniform in saloons, even if they do not go there to patronize them should be discouraged by the proprietors and wine clerks.

The following is a list of those who have been granted licenses for the year beginning May 1:

COPPER PRICES SOAR ON N.Y. EXCHANGE

Highest on record since 1907—25 1-2 cents for delivery in second quarter of year.

New York, Jan. 21.—An unprecedented demand for copper metal from foreign and domestic sources resulted today in an advance in the quotation to 24 3/4 to 25 1/2 cents for delivery in the second quarter of the year. A price of 27 cents a pound was reported to have been offered for March delivery and rumors were current that thirty cents was bid for delivery in February, which, however, could not be confirmed.

Not since March, 1907, when the metal stood at 25 1/2 cents a pound, for a short period, has copper been so high.

French and Russian interests have placed enormous orders in this market, running into the first six months of the year. Domestic manufacturers especially those engaged in the making of arms and munitions in which copper forms a component part, are also clamoring for the metal, and rivaling the foreigners in their bids.

Police Promotions.

Yesterday Chief of Police Simpson issued an order to the effect that Sergeant Thomas Caples had been appointed acting inspector in place of Inspector Frederick W. Jenkins, who has been ill for some time, and during which time no substitute had been appointed. Inspector Wickham will act in conjunction with Inspector Caples alternately, and their hours will be:—At day time from nine to seven o'clock with one hour for dinner; while the night shift will be from eight in the evening until six in the morning. The inspectors will visit the sergeants and patrolmen at the beats at least three times on each watch, and will be wholly responsible for the good conduct and efficiency of the men under their charge. Officer Caples has been on the force for a long time. He is a most efficient official, and his appointment is a popular one.

MILLIONS OF BUSHELS OF GRAIN TIED UP IN THE WESTERN STATES

Shortage of tonnage the cause—Only sufficient vessels available to move about 2 million bushels.

Portland, Ore., Jan. 21.—Figures compiled by grain exporters show that approximately twelve million bushels of 1915 wheat remains in the Pacific Northwest unexported, due to the practical impossibility of getting steamers or sailing vessels to carry it to foreign markets. About forty vessels would be required to move the wheat still on hand. Only sufficient tonnage is under charter to move two million bushels.

As a measure of partial relief large amounts of wheat are being sent by rail to New York.
